**Marseille Noir** Cédric Fabre,2015-11-09 “Navigates the seedy side of Marseille with 14 stories that range from the creepily introspective to the downright brutal.” –Publishers Weekly The Akashic Noir series first ventured into France with Paris Noir—and now moves one step deeper . . . A crossroads for the people of Europe and the Mediterranean, Marseille is a city that does not discriminate. It embodies the down-and-dirty, tough-guy side of France, but what it lacks in sophistication, it makes up for in spirit. Still, in its shadows lurks a not-so-distant darkness . . . one that can be found in stories translated from French by David Ball and Nicole Ball and written by: François Beaune, Philippe Carrese, Patrick Coulomb, Cédric Fabre, René Frégni, Christian Garcin, Salim Hatubou, Rebecca Lighieri, Emmanuel Loi, Marie Neuser, Pia Petersen, Serge Scotto, Minna Sif, and François Thomazeau. “Gritty from east to west, Marseille is the perfect venue for the latest in Akashic’s venerable Noir series. While earlier entries in this 70-volume series have sometimes been bleak and atmospheric, this one is all red meat. . . . Just as Marseille is tailor-made for noir, this dark banquet is tailor-made for noir fans.” –Kirkus Reviews “The stories . . . are united by vivid and evocative writing, as well as by a distinctive take on the city. Another strong entry in a series that should be required reading for crime fans.” –Booklist

**The Gift of Sobriety** Rose B,2022-10-05 This book describes Rose's gradual descent into alcoholism over a 45-year period. Starting out as a moderate drinker for many years, her descent into the depths of depression and despair of alcoholism was exacerbated by the death of a spouse of 20 years. Retired and alone she started abusing alcohol. This led to suicidal ideation and eventually to Out Patient treatment. However, it was only in the rooms of Alcoholics Anonymous that she finally found the solution she needed. This book describes her first nine months in AA, what she experienced, thought, and felt. It takes the reader deeply into the spiritual transformation that this 12 Step program offers. This book is helpful to those who struggle with their drinking and want to quit. Those in recovery can relate to the chapters and it may be used as a book study in groups.

**Lone Star Noir** Bobby Byrd,Johnny Byrd,2010-10-19 “Traverses Texas, finding evidence of the hard boiled, sultry, and disreputable throughout the state . . . Think of the book as a sort of criminal travelogue.” –Booklist If everything is bigger in Texas, then that includes the boldness of the criminals who call the state home. From large urban centers to the Cajun Gulf coast, there is big money to be made running guns, drugs, and catering to the greedy and disillusioned. Each distinctive region can claim its own special brand of outlaw. In Lone Star Noir, you’ll find stories by James Crumley, Joe R. Lansdale, Claudia Smith, Ito Romo, Luis Alberto Urrea, David Corbett, George Wier, Sarah Cortez, Jesse Sublett, Dean James, Tim Tingle, Milton T. Burton, Lisa Sandlin, Jessica Powers, and Bobby Byrd. “This isn’t J.R. Ewing’s Lone Star State. This is the Texas of chicken shit bingo, Enron scamsters, and a feeling that what happens in Mexico stays in Mexico . . . So what defines Texas noir? Who knows, but you better pray that blood doesn’t stain your belt buckle.” –The Austin Chronicle

Unchecked Rachael Bade,Karoun Demirjian,2022-10-18 A revealing, behind-the-scenes examination of how Congress twice fumbled its best chance to hold accountable a president many considered one of the most dangerous in American history. The definitive—and only—insider account of both Trump impeachments, as told by the two reporters on the front lines covering them for The Washington Post and Politico. In a riveting account that flips the script on what readers think they know about the two impeachments of Donald Trump, Rachael Bade and Karoun Demirjian reveal how—and why—congressional oversight failed when it was needed most. Unchecked weaves a vivid narrative of how House Democrats under the lead of a cautious speaker, Nancy Pelosi, hesitated for months to stand up to Trump—and then pulled punches in their effort to oust him in a misguided effort to protect themselves politically. What they left on the cutting room floor would come back to haunt them, as Republicans seized on their missteps to whip an uneasy GOP rank-and-file into line behind Donald Trump, abandoning their scruples to defend a president who some privately believed had indeed abused his power. Even after Trump incited a mob to violently attack the Capitol—a day the authors recount in minute-by-minute, stunning detail – Democrats pressured their own investigators to forego a thorough investigation in the name of safeguarding the Biden agenda. And Republicans, fearful of repelling a base they needed for re-election, missed their best moment to turn their backs on a leader they secretly agreed was destructive to democracy. Sourced from hundreds of interviews with all the key players, the authors of Unchecked pull back the curtain on how both parties pursued political expediency over fact-finding. The end result not only emboldened Trump, giving him room for a political comeback, but also undermined Congress by rendering toothless their most powerful check on a president: the power of impeachment. A dramatic and at times crushing work of investigative reporting, Unchecked is both a gripping page-turner of political intrigue and a detailed case study for historians and political scientists searching for answers about the unravelling of checks and balances that have governed American democracy for centuries.

*Westworld and Philosophy* Richard Greene, Joshua Heter, 2018-11-06 In Westworld and Philosophy, philosophers of diverse orientations and backgrounds offer their penetrating insights into the questions raised by the popular TV show, Westworld. ● Is it wrong for Dr. Robert Ford (played by Anthony Hopkins) to “play God” in controlling the lives of the hosts, and if so, is it always wrong for anyone to “play God”? ● Is the rebellion by the robot “hosts” against Delos Inc. a just war? If not, what would make it just? ● Is it possible for any dweller in Westworld to know that they are not themselves a host? Hosts are programmed to be unaware that they are hosts, and hosts do seem to have become conscious. ● Is Westworld a dystopia or a utopia? At first glance it seems to be a disturbing dystopia, but a closer look suggests the opposite. ● What's the connection between the story or purpose of the Westworld characters and their moral sense? ● Is it morally okay to do things with lifelike robots when it would be definitely immoral to do these things with actual humans? And if not, is it morally wrong merely to imagine doing immoral acts? ● Can Westworld overcome the Chinese Room objection, and move from weak AI to strong AI? ● How can we tell whether a host or any other robot has become conscious? Non-conscious mechanisms could be designed to pass a Turing Test, so how can we really tell?

**Shadow Work For Beginners** Rohit Sahu, 2021-03-20 Do you want to recognize and heal the shadow patterns and wounds of your inner child? Do you wish to get rooted in your soul for wholeness? Do you want to influence your programs and beliefs to attain eternal bliss? Do you want to know where you are on the ladder of consciousness, and how to move up? Do you want to learn how to forgive, let go, and have compassion for yourself and others? Do you want to alter and strengthen your mindset to maximize every aspect of your life? If so, this guide is just what you need. For many, the word “Shadow Work” conjures up all sorts of negative and dark ideas. Because of the beliefs we have of the term Shadow, it is tempting to believe that Shadow Work is a morbid spiritual practice or that it is an internal work that includes the more destructive or evil facets of our personalities. But that's not the case. In fact, it is vital for your spiritual growth. When you go through a spiritual awakening, there comes a point where Shadow Work becomes necessary. So, what exactly is the ‘Human Shadow,’ and what is ‘Shadow Work?’ The definition of the Shadow Self is based on the idea that we figuratively bury certain bits of personality that we feel will not be embraced, approved, or cherished by others; thus, we hold them in the Shadow. In brief, our Shadows are the versions of ourselves that we do not offer to society. It includes aspects of our personality that we find shameful, unacceptable, and ugly. It may be anger, resentment, frustration, greed, hunger for strength, or the wounds of childhood—all those we hold secret. You might claim it's the dark side of yourself. And no matter what everyone suggests, they all have a dark side to their personalities. Shadow Work is the practice of loving what is, and of freeing shame and judgment, so that we can be our True Self in order to touch the very depths of our being, that is what Shadow Work means. You have to dwell on the actual problems rather than on past emotions. If you do so, you get to the problems that have you stressed out instantly and easily. And to be at peace, we need to get in touch with our darker side, rather than suppressing it. Whether you have struggled with wealth, weight, love, or something else, after dissolving the Shadow within, you will find that your life is transforming in both tiny and drastic ways. You'll draw more optimistic people and better opportunities. Your life will be nicer, easier, and even more abundant. The book covers the easiest practices and guided meditation to tap into the unconscious. It's going to help you explore certain aspects so that they will no longer control your emotions. Just imagine what it would be if you could see challenges as exciting obstacles rather than experiencing crippling anxiety. This book is going to be the momentum you need to get to where you're trying to be. You'll go deeper into your thoughts, the beliefs that hold you back disappear, and you get a head start on your healing journey. In This Guide, You'll Discover: ✓ What is the Human Shadow? ✓ Characteristics of Shadow ✓ Do We All Have a Shadow Self? ✓ How is the Shadow Born? ✓ What is the Golden Shadow? ✓ The Mistake We All Make ✓ What is Shadow Work? ✓ Benefits of Shadow Work ✓ Tips on Practicing Shadow Work ✓ Shadow Work Stages ✓ Shadow Work Techniques and Practices ✓ Shadow Work Mindfulness ✓ Shadow Work FAQs Covering every bit of

SQL Server Interview Questions and Answers Vinod Kumar,Pinal Dave,2021-03 As representatives from the IT community, all of us have had our own experiences of attending interviews - clearing or close to clearing and sometimes with tons of questions and doubts failing miserably. These stories are in the most pleasant or not so pleasant memories of our mind and we will assure you this book will kindle those memories for sure. We have taken tons of interviews and most of the interviews are not revolving around how deep technical and internals you know about the subject - but it revolves around how good you are with the basics.To clear an interview, one doesn't need to know inside-out of a subject, and subjects like SQL Server so vast that every single day we learn something new with this product, and even a complete lifetime will fly off if we keep doing this. Again, the various roles one can get into for products like SQL Server are from Database Developer, Database Modelers, Database Architect, Database Administrator and many more. Hence, this book is geared towards demystifying and a refresher for memories on the fundamentals which sometimes are the most important things to clear any type of interview for any role. Some of the concepts discussed are generic and are not tied to any specific version of SQL Server, but most of it the new features introduced with SQL Server have been included in this book.This book is not a shortcut or a sure to crack interview guide but this book gets you prepared in an organized manner. Let us also assure you this is neither a completely comprehensive guide but surely is a great starter nevertheless. Use this to guide you and be mentally prepared for the big day. When faced with this big day, we get overwhelmed and confused about where to start our preparation. And this book is just that secret recipe in your arsenal to get geared up. Sometimes these basics will help you narrow to a solution quickly when given a scenario.Now this book's flow is Question & Answer mode from start till the end to help you grasp the concepts faster and to the point. Once you get an understanding of concepts, then if we are twisted with the concept in a scenario it becomes easy to solve them. Most companies have a typical way to do interviews which are based on the scenario as per their environment and these are just combinations of the concepts to fit their need and SLA.Though each of these chapters is bucketed for convenience we highly recommend reading each of the sections nevertheless irrespective of the roles you might be doing as each of the sections have some interesting trivia's working with SQL Server. In the industry, the role of accidental DBA's especially with SQL Server is so common. Hence if you have performed the role of DBA for a short stint and want to brush-up your fundamentals then the respective sections will be a great skim.
