Mr. Punch's History of Modern England (Vol. 1-4) Charles L. Graves,2021-07-02 Punch's History of Modern England is a unique review of the English customs, traditions, education, nobility, courts, fashion, culture, and personalities entirely based on the articles from Punch, the British satirical journal. As the author mentions in the preface, The Files of Punch have been generally admitted to be a valuable mine of information of the manners, customs and fashions of the Victorian age. This is one of the best examples of Victorian-era humor prose and gives a unique insight into the history of England outside political matters._x000D_ _x000D_

Revoltng New York Neil Smith,Don Mitchell,Erin Siodmak,JenJoy Roybal,Marnie Brady,Brendan O'Malley,2018-04-01 A comprehensive guide to New York City's historical geography of social and political movements. Occupy Wall Street

did not come from nowhere. It was part of a long history of uprising that has shaped New York City. From the earliest European colonization to the present, New Yorkers have been revolting. Hard hitting, revealing, and insightful, *Revolting New York* tells the story of New York's evolution through revolution, a story of near-continuous popular (and sometimes not-so-popular) uprising. Richly illustrated with more than ninety historical and contemporary images, historical maps, and maps drawn especially for the book, *Revolting New York* provides the first comprehensive account of the historical geography of revolt in New York, from the earliest uprisings of the Munsee against the Dutch occupation of Manhattan in the seventeenth century to the Black Lives Matter movement and the unrest of the Trump era. Through this rich narrative, editors Neil Smith and Don Mitchell reveal a continuous, if varied and punctuated, history of rebellion in New York that is as vital as the more standard histories of formal politics, planning, economic growth, and restructuring that largely define our consciousness of New York's story. Contributors: Marnie Brady, Kathleen Dunn, Zoltán Gluck, Rachel Goffe, Harmony Goldberg, Amanda Huron, Malav Kanuga, Esteban Kelly, Manissa McCleave Maharawal, Don Mitchell, Justin Sean Myers, Brendan P. O'Malley, Raymond Pettit, Miguelina Rodriguez, Jenjoy Roybal, McNair Scott, Erin Siodmak, Neil Smith, Peter Waldman, and Nicole Watson. "The writing is first-rate, with ample illustrations and many contemporary and historical images. Fast paced and fascinating, like the city it profiles."—Library Journal

From Yahweh to Yahoo! Doug Underwood, 2010-10-01 This wide-ranging study--hailed by American Journalism as one of the year's best books--provides a fresh and surprising view of the religious impulses at work in the typical newsroom by delving into the largely unexamined parallels between religion and journalism, from the media of antiquity to the electronic idolatry of the Internet. Focusing on how the history of religion in the United States has been entwined with the growth of the media, Doug Underwood argues that American journalists are rooted in the nation's moral and religious heritage and operate, in important ways, as personifications of the old religious virtues.

My People's Passover Haggadah Vol 1 David Arnow, PhD, Rabbi Lawrence A. Hoffman, PhD, 2012-03-05 My People's Passover Haggadah Traditional Texts, Modern Commentaries In two volumes, this empowering resource for the spiritual revival of our times enables us to find deeper meaning in one of Judaism's most beloved traditions, the Passover Seder. Rich Haggadah commentary adds layer upon layer of new insight to the age-old celebration of the journey from slavery to freedom—and makes its power accessible to all. This diverse and exciting Passover resource features the traditional Haggadah Hebrew text with a new translation designed to let you know exactly what the Haggadah says. Introductory essays help you understand the historical roots of Passover, the development of the Haggadah, and how to make sense out of texts and customs that evolved from ancient times. Framed with beautifully designed Talmud-style pages, My People's Passover Haggadah features commentaries by scholars from all denominations of Judaism. You are treated to insights by experts in such fields as the Haggadah's history; its biblical roots; its confrontation with modernity; and its relationship to rabbinic midrash and Jewish law, feminism, Chasidism, theology, and kabbalah. No other resource provides such a wide-ranging exploration of the

Haggadah, a reservoir of inspiration and information for creating meaningful Seders every year. "The Haggadah is a book not just of the Jewish People, but of ordinary Jewish people. It is a book we all own, handle, store at home, and spill wine upon! Pick up a Siddur, and you have the history of our People writ large; pick up a Haggadah, and you have the same—but also the chronicle of Jewish life writ small: the story of families and friends whose Seders have become their very own local cultural legacy.... My People's Passover Haggadah is for each and every person looking to enrich their annual experience of Passover in their own unique way."

Revolts and the Military in the Arab Spring Sean Burns, 2018-01-30 Through detailed exploration of events in Tunisia, Egypt, Bahrain, Libya, Syria and Yemen, Sean Burns here breaks down the concept of professionalism within the armed forces into its component parts and demonstrates how variation in military structures determines their behaviour. In so doing, and by emphasising historical context and drawing on a wide range of political science theory, Burns sheds fresh light onto the ways in which military structure affects the potential for democratic transition or the course of civil war. With this book he presented a wide-ranging study of the Middle East which provides key tools to understanding the opportunities for democratisation, both during the Arab Spring and beyond, and which is therefore essential reading for anyone working on the Middle East, popular uprisings and the politics of repression.

Patching Up the Cracks Michael D. Grimes, 2005 In *Patching Up the Cracks* Michael D. Grimes evaluates the American juvenile court system, specifically looking at its ability to address child abuse and neglect cases. This project is both a specific case study focusing on the Orleans Parish Juvenile Court in New Orleans, Louisiana, and a discussion of the need to examine the juvenile court system within its larger social and institutional context. Grimes persuasively argues that in order to better evaluate the potential for juvenile court reform, it is crucial to understand the health of the larger community environment within which the court system operates. The book begins with a chronological overview of the evolution of children's rights and a brief history of juvenile justice in America, culminating in a thoroughgoing assessment of its current status. Grimes concludes with a discussion of the need for more adequate studies--researchers and students will appreciate the discussion of his own research design and methodology--of the ways that juvenile courts treat dependency cases and the processes through which these courts can improve their performance.

Modern Chinese Warfare, 1795-1989 Bruce A. Elleman, 2005-07-28 Why did the Chinese empire collapse and why did it take so long for a new government to reunite China? *Modern Chinese Warfare, 1795-1989* seeks to answer these questions by exploring the most important domestic and international conflicts over the past two hundred years, from the last half of the Qing empire through to modern day China. It reveals how most of China's wars during this period were fought to preserve unity in China, and examines their distinctly cyclical pattern of imperial decline, domestic chaos and finally the creation of a new unifying dynasty. By 1989 this cycle appeared complete, but the author asks how long this government will be able to hold power. Exposing China as an imperialist country, and one

which has often manipulated western powers in its favour, Bruce Elleman seeks to redress the views of China as a victimised nation.

History of the Ottoman Empire and Modern Turkey: Volume 1, Empire of the Gazis: The Rise and Decline of the Ottoman Empire 1280-1808 Stanford J. Shaw, Ezel Kural Shaw, 1976-10-29 This is the first book of the two-volume History of the Ottoman Empire and Modern Turkey.

Shouting in a Cage Sofia Fenner, 2023-07-11 Durable authoritarian rule often rests on the co-optation of challengers. The conventional story is straightforward: rulers entice opposition groups to “sell out,” offering them benefits if they set aside their antiauthoritarian aspirations and become part of the system. However, co-optation does not always neutralize former adversaries, and even seemingly domesticated opponents can turn on their rulers. Co-optation does weaken opposition—but it is not as simple, reliable, or transactional as existing theories claim. *Shouting in a Cage* offers new ways to understand co-optation’s power and its limits by examining two co-opted parties, the Wafd Party in Egypt and the Istiqlal Party in Morocco. Sofia Fenner argues that co-optation is less a corrupt bargain than a discursive contest—a clash of competing interpretations. Co-opted parties conjure up imagined futures in which their short-term choices will lead to the realization of their long-term democratic goals. Meanwhile, other actors point to the disconnect between these parties’ antiauthoritarian aspirations and their participation in authoritarian systems. Fenner demonstrates that co-opted parties come to look hypocritical precisely because they refuse to give up their oppositional commitments. Their credibility sapped, they become unappealing allies and, eventually, political afterthoughts. However, such parties retain a surprising capacity for opposition, rooted in the literal and metaphorical idea of “party as family.” Based on extensive archival research and ethnographic fieldwork in North Africa, *Shouting in a Cage* broadens our understanding of political behavior under authoritarianism.

Shari'a Law and Modern Muslim Ethics Robert W. Hefner, 2016-08-29 Many Muslim societies are in the throes of tumultuous political transitions, and common to all has been heightened debate over the place of shari`a law in modern politics and ethical life. Bringing together leading scholars of Islamic politics, ethics, and law, this book examines the varied meanings and uses of Islamic law, so as to assess the prospects for democratic, plural, and gender-equitable Islamic ethics today. These essays show that, contrary to the claims of some radicals, Muslim understandings of Islamic law and ethics have always been varied and emerge, not from unchanging texts but from real and active engagement with Islamic traditions and everyday life. The ethical debates that rage in contemporary Muslim societies reveal much about the prospects for democratic societies and a pluralist Islamic

ethics in the future. They also suggest that despite the tragic violence wrought in recent years by Boko Haram and the Islamic State in Iraq, we may yet see an age of ethical renewal across the Muslim world.
