The Amazing Money Machine Noah C Wieder,2015-06-04 How would you like to keep the \$2.50 Surcharge fee Every Time Someone uses an ATM? In this book I'm going to teach you how to build a passive income in the ATM Business. I've been doing it for the past 20+ years and it has afforded me the opportunity to live in Southern California, work a block from the beach, and live the dream. It's given me the freedom to choose the hours I work, even if I want a 4 hour work week. Stop trading time for money - you can work less, live more. This book explains why people pay upwards of \$3.00 every time they use a non-bank ATM and how YOU CAN EARN THAT ENTIRE FEE to build wealth and earn a passive income from just a FEW HUNDRED DOLLARS a month to TENS OF THOUSANDS! Have you ever used an ATM Machine that wasn't part of your bank and had to press the key to say YES - I agree to pay the Surcharge Fee? How would you like to be the one collecting that fee - every time the ATM gets used? This is a tell all book about how people like you

and me can own and operate an ATM Machine and make annual returns that far exceed any conventional investment strategy, with a lot less risk. This once secretive business, only meant for Bankers, Wealthy Individuals, and people in the know is now a wide open opportunity. It's basically a Guidebook or an ATM business blueprint, if you will, of how to be successful in the ATM Business. While there are many companies trying to sell ATM Franchises (I don't recommend one), I'll show you all the pieces to the ATM business without having to spend money on an ATM Franchise. Who is this book for? If you're you still trading time for money, read it. If you're you looking for an ATM Franchise or some kind of Franchise, you should read this book. If you're a retailer, commercial landlord, or in the retail industry and want some easy extra revenue, this is a MUST read book. If you're officially retired, seeking the next opportunity and want fantastic low risk annual returns, read this book now. If you would enjoy a passive income so you can work less, live more you'll love this book. If you're in a dead end job or career that doesn't fulfill you and you enjoy counting money, I'm sure this business is for you, read the book. If you want to help other businesses make more money and earn a passive income, this book is for you. If you're already living your dream, but wouldn't mind an extra \$1,000 - \$5,000 or more per month in passive income, this book is for you. If you're an entrepreneur and have dreams of owning your own business (full or part time), read this book. If you're happy with your current job, but still hunger for something of your own part time, this book is for you. If you're a people person and enjoy talking or networking with store owners, you'll love this business, read the book. If you have ever invested in stocks, bonds, real estate, or private placement companies (this is none of those), this book is for you. If you have funds sitting in a savings account, money market account, or Certificates of Deposit (CD) not producing anything that resembles a decent annual return, this book is for you. If you would enjoy quadrupling your Annual Return on Investment, you will appreciate this book. If you're planning retirement, seeking preservation of capital and passive income, this book is for you. If you have ever wondered who gets that \$2.00 - \$3.00 surcharge fee you pay when you use a non-bank ATM and wanted to keep it for yourself, you need to buy this book right now! If opportunity doesn't knock, it's time to build a door! - Milton Berle This book includes the tools and materials to build your door. Isn't it time to pick up the tools, and build it?

The Cash Machine Dave Mason,Chana Mason,2020-01-13 Can a novel transform your financial destiny? This one can. The Cash Machine is unlike any other personal finance book ever written. Not only will you get sucked into the rollercoaster relationship of Amber and Dylan, but you'll learn hundreds of money lessons along the way, giving you the tools to drive your financial destiny. As the book begins, Amber thinks her finances are under control, but her worldview crumbles when she encounters her college flame, Dylan, and his unusual perspective on money. While Amber and her friends were finishing their degrees, Dylan dropped out to pursue a different goal: Financial Independence. Amber doesn't even know what Financial Independence means when she reconnects with Dylan seven years later. What she does know is that there's nothing exciting about his lifestyle. At first she writes him off as a bum, but the more she questions, the more she realizes that how calculated his financial choices are. He's not struggling for money; he's building a Cash Machine. Amber

wants to give Dylan another chance, but realizes she can never build a life with him until she understands his financial path. So she asks Dylan to teach her how to build a Cash Machine of her own. Unlike other personal finance books, that are normally written by finance experts and that only cover the areas of their expertise, The Cash Machine was not written by financial experts. Just the opposite. Before starting The Cash Machine, Dave and Chana Mason found themselves deeply in debt, despite having earned significant amounts of money in their careers. They came to realize that what they didn't understand about money really was hurting them, and that the time had come to get themselves a strong financial education. And when Dave and Chana want to grow in some area, they find that there's no better way than to research and write a novel on the subject. The result is a novel that has more financial lessons than any personal finance book they've ever seen, all taught through a story to make the lessons really stick. The lessons taught inside include: Discover hundreds of financial lessons, seamlessly taught within a novel you won't want to put down. The Cash Machine isn't just another money book. This page-turning love story teaches hundreds of financial lessons, giving you the tools to drive your financial destiny.

The Persistence of Hollywood Thomas Elsaesser,2012-05-22 While Hollywood's success – its persistence – has remained constant for almost one hundred years, the study of its success has undergone significant expansion and transformation. Since the 1960s, Thomas Elsaesser's research has spearheaded the study of Hollywood, beginning with his classic essays on auteurism and cinephilia, focused around a director's themes and style, up to his analysis of the corporate authorship of contemporary director James Cameron. In between, he has helped to transform film studies by incorporating questions of narrative, genre, desire,

ideology and, more recently, Hollywood's economic-technological infrastructure and its place within global capitalism. The Persistence of Hollywood brings together Elsaesser's key writings about Hollywood filmmaking. It includes his detailed studies of individual directors (including Minnelli, Fuller, Ray, Hitchcock, Lang, Altman, Kubrick, Coppola, and Cameron), as well as essays charting the shifts from classic to corporate Hollywood by way of the New Hollywood and the resurgence of the blockbuster. The book also presents a history of the different critical-theoretical paradigms central to film studies in its analysis of Hollywood, from auteurism and cinephilia to textual analysis, Marxism, psychoanalysis, and post-industrial analysis.
