**Side Hustle** Chris Guillebeau, 2017-09-19 The author of the New York Times Bestseller THE \$100 STARTUP, shows how to launch a profitable side hustle in just 27 days. To some, the idea of quitting their day job to start a business is exhilarating. For others, it's terrifying. After all, a job that produces a steady paycheck can be difficult to give up. But in a time when businesses have so little loyalty to employees that the very notion of “job security” has become a punchline, wouldn't it be great to have an additional source of

income to fall back on? And wouldn't it be great to make that happen without leaving your day job? Enter the Side Hustle. Based on detailed information from hundreds of case studies, Chris Guillebeau provides a step-by-step guide that anyone can use to create and launch a profitable project in less than a month. Designed for the busy and impatient, this plan will have you generating income immediately, without the risk of throwing yourself head first into the world of entrepreneurship. Whether you just want to make some extra money, or start something that may end up replacing your day job entirely, the side hustle is the new job security. When you generate income from multiple sources, it gives you options, and in today's world, options aren't just nice to have: they're essential. You don't need entrepreneurial experience to launch a profitable side hustle. You don't need a business degree, know how to code, or be an expert marketer. And you certainly don't need employees or investors. With this book as your guide, anyone can learn to build a fast track to freedom.

**\$1000 100 Ways** Nick Loper, 2021-07-20 No theory. Just results. This is your side hustle sampler platter -- you'll get a quick profile of 100 different entrepreneurs to see: How they got their side hustle idea How much it cost to start How they found their initial traction or customers Their favorite marketing strategies How long it took to reach \$1000 in profit Their mistakes along the way and more According to a recent study, 69% of Americans have less than \$1,000 in a savings account. Worse, 45% reported having \$0 in a savings account! I don't have to tell you--if you're in that position, you know it's a fragile way to live. You're one unexpected expense, one missed paycheck, one surprise layoff away from taking on more debt. This book is about creating some financial margin in your life. What do I mean by margin? Margin is the gap between your income and your expenses. If you're living paycheck to paycheck, or spending nearly everything you make, you don't have any margin. Think of it like financial breathing room. Life becomes a lot less stressful and a lot more fun when you have some breathing room in your budget. But the truth is, most people don't. Nearly four out of five families live paycheck to paycheck. It doesn't have to be that way. Real people are making real money on the side--on their own terms. This book shares their stories. Scroll up and order now to start (or accelerate) your own side hustle journey! I'd love to include YOU in the sequel :)
