Ethan Pope

How to be a Smart Money Manager, Without Being a Wall Street Wizard Ethan Pope,1995 This book gives general insight into the area of personal financial planning while simplifying and clarifying financial issues from both a biblical and practical perspective.

From Monk to Money Manager Doug Lynam,2019-03-26 Build a better financial future for yourself and the world. Former monk turned financial advisor, Doug Lynam, shares the rules of money management that will change your approach to earning, saving, and investing. From Monk to Money Manager is an entertaining and self-deprecating journey through Lynam's relationship with the almighty dollar—his childhood in a rich family, the long-haired hippie days running away from materialism, time in the Marine Corps looking for selfless service, and his twenty years in the monastery under a vow of poverty that led to his current profession as a financial advisor. In this unique look at wealth from a spiritual perspective, Lynam shares his belief that God doesn't expect us to live in poverty. The truth is, we need financial peace so we can help others. When money becomes a part of our spiritual practice, used in love and service, it can bring us closer to our highest spiritual ideals. With humor and humility, Lynam uses stories told through the lens of his own money mistakes, and those of counseling clients, to understand how our attitudes about money hold us back. He also provides clear, step-by-step guidance on how to grow a little bit wealthy. His insights include how to build a compassionate relationship to our finances; some of the good, bad, and ugly truths about money; and the tricks to unlocking financial freedom.

How to be a Beginner and Manage Your Money Like Pro Raymona Brown,2016-03-26 Are you ready to revolutionize your financial life? The world of finance can be very intimidating and frustrating when you attempt to conquer it. There is so much to know and understand about the money you have and the money you want to make. That being said wouldn't you like to know a simple and effective way to manage your money, one that allows you to pay your bills on time and still have some to do everything else? Going from a complete financial disaster to great and continuous financial success, I know exactly how it feels to be on both sides of the fence. And that is why I wrote this book to help those on the side of financial dismay to come to the side of financial satisfaction. In this guide you will find a tried and true method of managing your money and forever leaving your budget behind. One that will help you live the life you love and love the life you live. Managing your money doesn't have to be hard and complex. Honestly it can be so easy that a 9 year old could do it. Though it may seem like managing money may restrict your freedom, it will actually promote it. In this book you will learn everything you need to know about managing your money and creating a system that will support you as you grow.

The Rise and Fall of Money Manager Capitalism Eric Tymoigne, L. Randall Wray, 2013-07-24 The book studies the trends that led to the worst financial crisis since the Great Depression, as well as the unfolding of the crisis, in order to provide policy recommendations to improve financial stability. The book starts with changes in monetary policy and income distribution from the 1970s. These changes profoundly modified the foundations of economic growth in the US by destroying the commitment banking model and by decreasing the earning power of households whose consumption has been at the core of the growth process. The main themes of the book are the changes in the financial structure and income distribution, the collapse of the Ponzi process in 2007, and actual and prospective policy responses. The objective is to show that Minsky's approach can be used to understand the making and unfolding of the crisis and to draw some policy implications to improve financial stability.

The 8-Minute Money Manager Brad Hart, 2021-02-02 WITH THE SUCCESS OF HIS FIRST BOOK, *The 8-Minute Mastermind*, Brad Hart follows up by sharing the core of his expertise as a hedge fund manager, financial coach and mastermind facilitator in *The 8-Minute Money Manager*, sharing closely guarded and little known secrets from the world of banking. Inside he distills five proven approaches to money management for income and growth, including strategies across a spectrum of low to high risk (and reward). In his trademark casual and clear approach to teaching complex subjects and making them simple and easy to understand, Brad explains some of the most modern and powerful strategies such as creating a solid foundation, life insurance, debt instruments, portfolio investing, high-risk strategies such as cryptocurrency, and many more. And the best part is, with these techniques you can reduce your time involved to roughly 8 minutes per day and still grow your net worth into the millions. In fact that's the whole idea! Buy, read, reread, and share *The 8-Minute Money Manager* today. You'll only wish you had started sooner!
