**Put Their Money Where Your Mouth Is** George R. Gilbert,George R Gilbert a S,2017-10-12 This workbook will help you decide whether becoming a professional speaker is just another one of those fantasies that you had just like when you were a child or if you really do want to be a professional speaker. It will guide you step by step to turn that fantasy into a goal into a profession. A professional speaker is a sales person, you are selling yourself to the audience every time you get up to speak. So when someone tells me they don't like to sell themselves or they are not a salesperson they need to rethink whether or not they want to be a professional speaker. The only way you are going to get booked to speak is whether you are willing or not to sell yourself. Just like the average sales person who is on commission a speaker is on %100 percent commission. Whether you are paid to speak or selling your book or CD's in the back of the house you are a salesperson on commission. Your success as a speaker is based more on your sales ability than your speaking skills. Your speaking skills will help you get referrals from your audience members who saw your presentation and want you to speak to their organization but you still have to sell yourself. To be a professional speaker you have to think of yourself as a small business owner. Your speaking is the service you provide to the customer and your books, CD's, DVD's are the products you sell.

**The Public Speaker** Anthony Ekanem,2017-03-11 You can become a professional public speaker as a lucrative sideline to your current business or you can make professional speaking the entire focus of your career. It's up to you! Professional speaking is a flexible and lucrative enterprise. The best public speakers earn all or most of their money from public speaking, and they make very good livings indeed. Fees for public speaking can range from the low hundreds, for those just starting out, all the way up to six figures, for those who have impressive credentials and experience. What are some types of public speaking you may want to practice? Many speakers enjoy giving workshops, seminars, or keynote speeches. A speech will usually run a half-hour to an hour, depending on the time of day. Lunch speeches, for instance, will be shorter than a keynote speech at a banquet. You may be booked as the highlight or draw of a conference, or be asked to speak to a lunchtime networking meeting. Workshops and seminars are generally lengthier than speeches. In workshops, participants often get hands-on experience in your area of expertise. Like workshops, seminars may run a day or longer, but they won't necessarily include a hands-on component. Either workshops or seminars may be presented as a part of a larger conference. Professional speaking can also help you build your business. You may choose to add speaking to your repertoire as a marketing boost. There is no better way to become known. Many people who promote their businesses through public speaking also sell additional products at the back of the room. These can include books, CD sets, coaching sessions, and so forth--and all of these can lead to more public speaking engagements, too! Success as a public speaker adds to

self-confidence and self-esteem. Knowing that you can command the rapt attention of an audience of hundreds, or even thousands, gives you unshakeable confidence in nearly every situation. The poise that you gain through mastering public speaking will help you in every aspect of business. The best professional speakers love what they do and it shows. There's nothing like the adrenaline rush of having a roomful of people applauding you....or maybe even on their feet, giving you a standing ovation! This feeling can even become mildly addictive. But don't worry, if the thought of standing before even a small group makes your knees start shaking, there are techniques you can master to help you become comfortable and skilled. But don't worry, because this is one addiction that is healthy. After all, as a public speaker you'll be helping people through sharing the information that you, as an expert, have accumulated. Because of this, many people feel called to the profession of public speaker. To these speakers, sharing their special knowledge is as important, if not more important, than the healthy salaries they command for their speaking skills. So, if you've decided that developing a lucrative public speaking profession is for you, let's get started in learning more about it. First we'll look at some of the pros and cons of a public speaking career. Anthony Ekanem is a Management scholar, researcher, writer and author. He is also a Chartered Insurer with many years of experience.

TRUTH BOMB: Making excellent money as a paid speaker is NOT about how well-known you are. Instead, it's about how you package your speech and present yourself. In *Speak Your Way to Cash(R)*, entrepreneur and professional speaking coach Ashley N. Kirkwood takes you behind the scenes and unlocks the secrets to landing high-paying five and six-figure corporate speaking contracts using her firm's proprietary P.A.I.D. Method.(TM) Ashley developed her method while taking herself from someone who spoke for free at the Rotary Club to being an in-demand corporate speaker commanding 5-6 figures. And she did this in record time. Would you like to be a highly paid speaker? Then get this book, because it'll show you how to: □Develop the mindset of a highly paid speaker; Develop your speaking brand and using the media to explode it; Use what you already know to craft an awe-inspiring speech/program; Assemble a six-figure corporate speaking offer that gets noticed; □Provide world-class customer service that keeps the major players coming back to you. Again, you do not need to be a well-known, experienced speaker. The fact is, corporations, universities, and other organizations have an insatiable need for experts from every imaginable field. Whether it's for training purposes, team building, sales, marketing, diversity/sensitivity training, seminar presentations, or similar, thousands of people are hired and paid 5-6 figures to share their knowledge. Stop starting at the bottom. You already have what the people who pay the big money want. Let's get you acquainted with them. *Speak Your Way to Cash* does exactly that.

**The Message of You** Judy Carter, 2013-02-19 A step-by-step handbook that teaches readers to find the extraordinary stories tucked deep within them to make a difference in the lives of others—and to get paid—as a motivational speaker THE MESSAGE OF YOU begins with a simple belief - that your greatest speech already exists and that it has already been delivered in front of a live audience masterfully and powerfully by you. Best-selling author and international comic, Judy Carter sets out to prove that THE MESSAGE OF YOU is in the advice you give to your friends; in the lessons you teach your children; in the stories you tell your family. It's expressed through the volunteer work you do, the way you run your business, the way you turned your messes into successes. THE MESSAGE OF YOU is a distillation of all of your experiences, both personal and professional, that form the narrative meaning of your life. A meaning that you can develop into a well-written, funny speech to inspire audiences, enhance your current profession, and launch a successful money making career as a professional speaker. In Part One of the book, Judy leads you through a series of in-depth exercises meant to mine your personal and professional experiences for stories that establish your qualifications, your problem/solutions, your action steps and your methodology. In Part Two, Judy has created a six-step structure for writing an entertaining and informative speech, guiding you through each step in detail. But the real bonus of THE MESSAGE OF YOU is that Judy is a comic. Her Comedy Pass chapter takes you through simple but effective comedy writing techniques that will transform even a flat PowerPoint snoozer into a knee-slapping showstopper of a keynote. Once your speech is well-written and funny, Judy takes you through Part Three, teaching you how to take your message to the masses with inexpensive but essential marketing tips. The Message of You offers an accessible approach, big picture guidance, and nitty-gritty nuts and bolts of sound advice. Judy has been a comedy and speaking coach for over twenty years. She's a firm believer that how you present your ideas is just as important as the ideas themselves. She knows that humor and strong content are the missing ingredients in most speeches and her book, THE MESSAGE OF YOU helps you discover both your message and your comedic voice by taking you through the same process she uses to coach her private clients.
