Performance of 287(g) Agreements Between Immigration and Customs Enforcement and State and Local Law Enforcement Agencies Richard L. Skinner, 2010-11 The Immigration and Customs Enforcement agency (ICE) delegates federal immigration enforcement authorities to state and local law enforcement agencies through its authority under section 287(g) of the Immigration and Nationality Act. This report examines the performance of 287(g) agreements with state and local authorities. ICE permits designated officers to perform certain immigration enforcement functions. This report observed instances in which ICE and participating law enforcement agencies were not operating in compliance with the terms of the agreements. It also noted several areas in which ICE had not instituted controls to promote effective program operations and address related risks. Includes recommendations. Illustrations.

*In Lady Liberty's Shadow* Robyn Magalit Rodriguez, 2017-06-22 Home to Ellis Island, New Jersey has been the first stop for many immigrant groups for well over a century. Yet in this highly diverse state, some of the most anti-immigrant policies in the nation are being tested. American suburbs are home to increasing numbers of first and second-generation immigrants who may actually be bypassing the city to settle directly into the neighborhoods that their predecessors have already begun to plant roots in—a trajectory that leads to nativist ordinances and other forms of xenophobia. In *Lady Liberty's Shadow* examines popular white perceptions of danger represented by immigrants and their children, as well the specter that lurks at the edges of suburbs in the shape of black and Latino urban underclasses and the ever more nebulous hazard of (presumed-Islamic) terrorism that threatening to undermine “life as we know it.” Robyn Magalit Rodriguez explores the impact of anti-immigrant municipal ordinances on a range of immigrant groups living in varied suburban communities, from undocumented Latinos in predominantly white suburbs to long-established Asian immigrants in “majority-minority” suburbs. The “American Dream” that suburban life is supposed to represent is shown to rest on a racialized, segregated social order meant to be enjoyed only by whites. Although it is a case study of New Jersey, *In Lady Liberty's Shadow* offers crucial insights that can shed fresh light on the national immigration debate. *Contemporary Immigration in America [2 volumes]* Kathleen R. Arnold, 2015-02-03 State and local immigration issues and policies for all 50 states are thoroughly examined in this unique, up-to-date, and accessibly written encyclopedia. Immigration continues to be a timely and often-controversial subject, particularly regarding legislation at the state level. While many books cover U.S. immigration, both historical and contemporary, few if any reference works examine the role of contemporary immigration in individual states. This two-volume encyclopedia fills that gap. Chapters address legal, social, political, and cultural issues of immigrant groups on a state-by-state basis and explore immigration trends and issues faced by individual ethnic populations. The encyclopedia will enable students to research the impact, contributions, and issues of immigration for each state to make comparisons between states and regions of the United States and to understand state versus national policies. By combining the history of immigration policy with current information, the work shows readers that many of the issues making news today are the same as those the nation dealt with in past decades. Studying state and local dynamics provide a unique perspective on this history.

**Onondaga County Sheriff's Office** Jonathan L. Anderson,2015-10-12 The Onondaga County Sheriff's Office was formed on March 5, 1794. At that time, its jurisdiction covered what had previously been known as the Military Tract, a 1.75 million-acre stretch of land made available as bounty to soldiers of the Continental army during the Revolutionary War. Since then, the episodes that sketched the history of Onondaga County and Central New York have painted an exciting historical portrait of the sheriff's office and the role it has played in the development of its communities. Intriguing theaters of the office's history include promoting peace with the Haudenosaunee (Iroquois) Confederacy, maintaining jails, conducting early legal hangings, suppressing insurrections, policing the storied Erie Canal, and keeping pace of the ever-changing trends in crime, technology, and strategy.

**The Foreclosure Handbook - A Basic Guide to Understanding the Foreclosure Process** Jeffrey Posner,2004-09-01 This handbook was written and designed to educate people about the foreclosure sale process and the options that they might have to stop it. It is intended to supply homeowners and potential buyers with answers to many of the questions associated with foreclosure. Although the information contained in this handbook is based on the procedures practiced in New Jersey, they can easily be applied to most foreclosure situations in the United States.

Readers will discover: How to find and purchase debt at a deep discount How to do effective due diligence and pick the ones that are most likely to pay off How to collect debt, and the secrets to making short-term high interest loans Buying future streams of cash flow Overcoming what could go wrong before it happens And much more. **Coerced** Erin Hatton,2020-03-24 What do prisoner laborers, graduate students, welfare workers, and college athletes have in common? According to sociologist Erin Hatton, they are all part of a growing workforce of coerced laborers. Coerced explores this world of coerced labor through an unexpected and compelling comparison of these four groups of workers, for whom a different definition of employment reigns supreme—one where workplace protections do not apply and employers wield expansive punitive power, far beyond the ability to hire and fire. Because such arrangements are common across the economy, Hatton argues that coercion—as well as precarity—is a defining feature of work in America today. Theoretically forceful yet vivid and gripping to read, Coerced compels the reader to reevaluate contemporary dynamics of work, pushing beyond concepts like career and gig work. Through this bold analysis, Hatton offers a trenchant window into this world of work from the perspective of those who toil within it—and who are developing the tools needed to push

back against it.

**The Rope** Alex Tresniowski,2021-02-09 From New York Times bestselling author Alex Tresniowski comes a page-turning, remarkable true-crime thriller recounting the 1910 murder of ten-year-old Marie Smith, the dawn of modern criminal detection and the launch of the NAACP. In the tranquil seaside town of Asbury Park, New Jersey, ten-year-old schoolgirl Marie Smith is brutally murdered. Small town officials, unable to find the culprit, call upon the young manager of a New York detective agency for help. It is the detective's first murder case, and now, the specifics of the investigation and daring sting operation that caught the killer is captured in all its rich detail for the first time. Occurring exactly halfway between the end of the Civil War in 1865 and the formal beginning of the Civil Rights Movement in 1954, the brutal murder and its highly-covered investigation sits at the historic intersection of sweeping national forces—religious extremism, class struggle, the infancy of criminal forensics, and America's Jim Crow racial violence. History and true crime collide in this sensational murder mystery featuring characters as complex and colorful as those found in the best psychological thrillers—the unconventional truth-seeking detective Ray Schindler; the sinister pedophile Frank Heidemann; the ambitious Asbury Park Sheriff Clarence Hetrick; the mysterious “sting artist,” Carl Neumeister; the indomitable crusader Ida Wells; and the victim, Marie Smith, who represented all the innocent and vulnerable children living in turn-of-the-century America. Gripping and powerful, *The Rope* is an important piece of history that gives a voice to the voiceless and resurrects a long-forgotten true crime story that speaks to the very divisions tearing at the nation's fabric today.

The young intern is knocked unconscious and has a negative near death experience so real, so frightening that he thinks he died and went to hell. When others in the highly-religious small town of Ocean Village have similar negative near death experiences and wake up with burnt skin, they believe God has abandoned them. Matters get worse when a Satanic cult emerges begins to win over the town residents. Will the heroine, Chantress, stop cult leader Kyle Mabus or will he destroy all known religions in the world? Bestselling author and psychic Sylvia Browne writes in her book, *Prophecy*, that, ...our beliefs are the driving force behind our behavior, our opinions, our actions. Without faith, without our beliefs, we're lost. Get a FREE printed version. Post a review and I'll send you a free copy.
