Handbook for Mortals Lani Sarem,2017-08-15 Zade Holder has always been a free-spirited young woman, from a long dynasty of tarot-card readers, fortunetellers, and practitioners of magick. Growing up in a small town and never quite fitting in, Zade is determined to forge her own path. She leaves her home in Tennessee to break free from her overprotective mother Dela, the local resident spellcaster and fortuneteller. Zade travels to Las Vegas and uses supernatural powers to become part of a premiere magic show led by the infamous magician Charles Spellman. Zade fits right in with his troupe of artists and misfits. After all, when everyone is slightly eccentric, appearing 'normal' is much less important. Behind the scenes of this multimillion-dollar production, Zade finds herself caught in a love triangle with Mac, the show's good-looking but rough-around-the-edges technical director and Jackson, the tall, dark, handsome and charming bandleader. Zade's secrets and the struggle to choose between Mac or Jackson creates reckless tension during the grand finale of the show. Using Chaos magick, which is known for being unpredictable, she tests her abilities as a spellcaster farther than she's ever tried and finds herself at death's door. Her fate is left in the hands of a mortal who does not believe in a world of real magick, a fortuneteller who knew one day Zade would put herself in danger and a dagger with mystical powers--Amazon.com

The Maybelline Story and the Spirited Family Dynasty Behind It Sharrie Williams,Bettie Youngs,2012-10-04 In 1915, when a kitchen stove fire singed his sister Mabel's lashes and brows, Tom Lyle Williams watched in fascination as she performed a 'secret of the harem'-mixing petroleum jelly with coal dust and ash from a burnt cork and apply it to her lashes and brows. Mabel's simple beauty trick ignited Tom Lyle's imagination and he started what would become a billion-dollar business, one that remains a viable American icon after nearly a century. He named it Maybelline in her honor.Throughout the 20th century, the Maybelline Company inflated, collapsed, endured, and thrived in tandem with the nation's upheavals-as did the family that nurtured it. Setting up shop first in Chicago, Williams later, to avoid unwanted scrutiny of his private life, cloistered himself behind the gates of his Rudolph Valentino Villa and ran his empire from a distance.Now after nearly a century of silence, this true story celebrates the life of an American entrepreneur, a man whose vision rocketed him to success along with the woman held in his orbit, Evelyn Boecher-who became his lifelong fascination and muse. Captivated by her 'roaring charisma,' he affectionately called her the 'real Miss Maybelline' and based many of his advertising campaigns on the woman she represented: commandingly beautiful, hard-boiled and daring. Evelyn masterminded a life of vanity, but would fall prey to fortune hunters and a mysterious murder that even today remains unsolved.A fascinating and inspiring story of ambition, luck, secrecy-and surprisingly, above all, love and forgiveness, a tale both epic and intimate, alive with the clash, the hustle, the music, and dance of American enterprise.

With a Little Help Cory Doctorow,2015-07-16 With a Little Help is my first serious experiment in self-publishing. I've published many novels, short story collections, books of essays and so on with publishers, and it's all been very good and satisfying and educational and so on, but it seems like it's time to try something new. With a Little Help consists of 12 stories, all reprints except for Epoch (commissioned by Mark Shuttleworth).

Necessary People Anna Pitoniak,2019-05-21 A propulsive, chilling novel exploring the dangerous fault lines of female friendships (Lee Child), Necessary People deftly plumbs the limits of ambition, loyalty, and love. One of them has it all. One of them wants it all. But they can't both win. Stella and Violet are best friends, and from the moment they met in college, they knew their roles. Beautiful, privileged, and reckless Stella lives in the spotlight. Hardworking, laser-focused Violet stays behind the scenes, always ready to clean up the mess that Stella inevitably leaves in her wake. After graduation, Violet moves to New York and lands a job in cable news, where she works her way up from intern to assistant to producer, and to a life where she's finally free from Stella's shadow. In this fast-paced world, Violet thrives, and her ambitions grow -- but everything is jeopardized when Stella, envious of Violet's new life, uses her connections, beauty, and charisma to get hired at the same network. Stella soon moves in front of the camera, becoming the public face of the stories that Violet has worked tirelessly to produce -- and taking all the credit. Stella might be the one with the rich family and the right friends, but Violet isn't giving up so easily. As she and Stella strive for success, each reveals just how far she'll go to get what she wants -- even if it means destroying the other person along the way. I literally couldn't stop reading. -- Stephen KingI love a book that is smart as hell and impossible to put down and this is IT. -- Jessica KnollNamed one of the Best Books of May by Marie Claire, Town & Country, Refinery29, Cosmopolitan, Woman's Day, Bustle, CrimeReads, and O, the Oprah Magazine

Okiku is a lonely soul. She has wandered the world for centuries, freeing the spirits of the murdered-dead. Once a victim herself, she now takes the lives of killers with the vengeance they're due. But releasing innocent ghosts from their ethereal tethers does not bring Okiku peace. Still she drifts on. Such is her existence, until she meets Tark. Evil writhes beneath the moody teen's skin, trapped by a series of intricate tattoos. While his neighbors fear him, Okiku knows the boy is not a monster. How to Cause a Scandal Laura Kipnis,2010 We all relish a good scandal - the larger the figure (governor, judge) and more shocking the particulars (nappies, cigars) - the better. But why do people feel compelled to act out their tangled psychodramas on the national stage, and why do we so enjoy watching them, hurling our condemnations while savouring every lurid detail?With 'pointed daggers of prose' (The New Yorker), Laura Kipnis examines contemporary downfall sagas to lay bare the American psyche: what we desire, what we punish, and what we disavow. She delivers virtuoso analyses of four paradigmatic cases: a lovelorn astronaut, an unhinged judge, a venomous whistleblower, and an over-imaginative memoirist. The motifs are classic - revenge, betrayal, ambition, madness - though the pitfalls are ones we all negotiate daily. After all, every one of us is a potential scandal in the making: failed self-knowledge and colossal self-deception - the necessary ingredients - are our collective plight. In How to Cause a Scandal, bad behaviour is the entry point for a brilliant cultural romp as well as an anti-civics lesson. 'Shove your rules', says scandal, and no doubt every upright citizen, deep within, cheers the transgression-as long as it's someone else's head on the block.
