Off the Street: Redemption Christopher Baughman,2013-11-18 Sometimes justice takes a different path. For a hard-charging detective in the Pandering Investigative Team (PIT), deliverance comes in the manner of long prison sentences, humiliation, and bankruptcy for the animals who subjugate, beat, and torture women into selling their bodies, while reaping all the financial rewards. With that single-minded goal, Las Vegas detective Chris Baughman finds frustration and dead ends as he and his team work countless hours hunting down someone from his past – Mario Davis, a promising athlete whose bright future takes a sadistic U-turn. Helping Chris are two young women from Davis' stable of ten, who reach out to Chris for rescue after Mario severely beats them. Chris picks up the chase to find and finish Mario off for good, gratis of the Las Vegas penal system. But justice is complicated, and Chris fears the case is slipping through his fingers when the two women fear testifying against Mario. After being brutalized numerous times, there is still a shred of loyalty. No matter how frustrated Chris is, he knows he can't ask them to put their lives at further risk. Through countless hours and too many sleepless nights, he fears Mario will go free and there will be no justice for the victims. The tough lesson Chris must face is that his job offers a different kind of deliverance and rescue that is far more powerful and encouraging. As head of the Pandering Investigation Team and Human Trafficking Task Force, Christopher Baughman has changed the culture and scope of the crimes they investigate. He has arrested several of the wealthiest and most violent criminals in Las Vegas. This success caught the attention of investigative reporter Chris Hansen of Dateline NBC's *To Catch a Predator*. Chris teaches the anatomy of pandering investigations to other departments across the nation, including members of the FBI and IRS, as well as federal parole and probation officers.

Epic Television Miniseries John De Vito, Frank Tropea,2010-03-08 To paraphrase silent movie queen Norma Desmond in Billy Wilder's classic 1950 film *Sunset Boulevard*, The epic miniseries are big! It's television that got small! This is especially true when one compares such iconic epic miniseries as *Rich Man, Poor Man* (1976), *Roots* (1977), *Holocaust* (1978), *Shogun* (1980), *The Winds of War* (1983), *War and Remembrance* (1988-89) and *Angels in America* (2003) to today's ordinary television programming. This work traces the historical trajectory of the epic miniseries and delves into the character archetypes and themes that recur in the genre, giving close critical attention to more than 40 miniseries. A filmography is included.

Monster Hunter Nemesis Larry Correia,2014-06-16 #5 in multiple New York Times bestseller Larry Correia's *Monster Hunter* series. Agent Franks of the U.S. Monster Control Bureau is a man of many parts¾parts from other people, that is. Franks is nearly seven feet tall and all muscle. He's nearly indestructible. Plus he's animated by a powerful alchemical substance and inhabited by a super-intelligent spirit more ancient than humanity itself. Good thing he's on our side. More or less. Sworn to serve and protect the United States of America from all monsters by one of the country's founding fathers, Franks has only one condition to the agreement: no matter what the government learns of him, no matter what is discovered concerning his odd physiology or the alchemy behind the elixir that made him, the government is never, ever allowed to try and make more like him. Such is absolutely forbidden and should the powers-that-be do so, then the agreement is null and void. Project Nemesis: in a secret location, using sophisticated technology and advanced genetic engineering, the director of the very agency Franks works for is making more like him. And the director is not content with making one. Nope, he's making thirteen. Now all bets are off, and Hell hath no fury like a monster betrayed. Particularly if that monster happens to be an undying killing machine capable of taking out vampires and werewolves with one hand tied behind his back. At the publisher's request, this title is sold without DRM (Digital Rights Management). Monster Hunter Siege Larry Correia,2017-08-01 #6 in multiple New York Times bestseller Larry Correia's *Monster Hunter* series. GO BIG OR GO HOME When *Monster Hunter International*'s top hunter, Owen Zastava Pitt, was given a tip about some hunters who had gone missing in action, he didn't realize their rescue mission would snowball into the single biggest operation in MHI's history. Their men are being held prisoner in a horrific nightmare dimension, and the only way to reach them is through the radioactive ruins of a monster-infested war zone. As if that wasn't bad enough, it's also the home base of the powerful creature behind the devastating attacks on the Last Dragon and Copper Lake. It turns out ancient gods of chaos really hate trespassers. But this god picked a fight

with the wrong crew, and now MHI wants payback. Calling on their allies, a massive expedition is formed, and with the odds stacked against them, a legion of hunters goes to war. It's D-Day at the City of Monsters. A Better Man Michael Ian Black, 2022-05-10 Raw, intimate, and true . . . A Better Man cracked me wide open, and it's a template for the conversation we need to be having with our boys. --Peggy Orenstein, bestselling author of Boys & Sex A poignant look at boyhood, in the form of a heartfelt letter from comedian Michael Ian Black to his teenage son before he leaves for college, and a radical plea for rethinking masculinity and teaching young men to give and receive love. In a world in which the word masculinity now often goes hand in hand with toxic, comedian, actor, and father Michael Ian Black offers up a way forward for boys, men, and anyone who loves them. Part memoir, part advice book, and written as a heartfelt letter to his college-bound son, A Better Man reveals Black's own complicated relationship with his father, explores the damage and rising violence caused by the expectations placed on boys to man up, and searches for the best way to help young men be part of the solution, not the problem. If we cannot allow ourselves vulnerability, he writes, how are we supposed to experience wonder, fear, tenderness? Honest, funny, and hopeful, Black skillfully navigates the complex gender issues of our time and delivers a poignant answer to an urgent question: How can we be, and raise, better men?

The Fictional Dimension of the School Shooting Discourse Silke Braselmann, 2019-06-17 Ever since the 1990s, school shootings have shocked the public in their brutality, their suddenness, and their inexplicability. While film and literature have played a role in the heated debates about so-called copycat crimes, the growing body of fictionalizations of school shootings has been neglected thus far. However, in a discourse in which the boundaries between fiction and reality are increasingly blurred, this book shows how fiction shapes and structures, challenges and disrupts cultural processes of meaning-making. Hence, for a better understanding of the school shooting phenomenon, the relevance of fiction on all levels of discourse construction requires thorough analysis. This book therefore develops a new approach to the role of fiction for contemporary forms of excessive violence. By combining narrative theory with insights from sociology and other disciplines, it provides the means for apprehending and describing the relevance of fiction for contemporary discourses. Furthermore, it provides exemplary analyses of more specific functions of literary and filmic fictionalizations of school shootings between 2000 and 2016.

The Chemical Scythe Alastair Hay, 2013-11-11 The Chemical Scythe is the first book in a projected series to be published by Plenum Press in association with the International Disaster Institute. The aim of the series, Disaster Research in Practice, is to provide scientific and readable accounts on the most urgent areas of disaster research. It is fitting, therefore, that Dr. Hay's investigation into the nature and effects of dioxins heralds the new series. The problem of chemical hazards is one that we will have to learn to live with in future decades. Dr. Hay's book is an authoritative account of the chemistry and proven and potential effects of dioxins, and of the implications for safety planning. He concludes with a cautious, yet optimistic note—that indeed we can learn to live with such hazards, providing that we are prepared to understand and plan for the unexpected. The accident at Seveso in 1976 alerted the world to an imperfectly understood but immensely alarming environmental hazard. Public debate and argument as to the implications of dioxins and, indeed, the use of herbicides as aggressive weapons in Vietnam, rage on. And yet it is only through the painstaking research exemplified in this book that it will eventually be possible to promote the vital accountability on the part of industrialists and governments.

Monster Sanyika Shakur, 2007-12-01 The classic memoir of life as a Crip, written in solitary confinement: "A shockingly raw, frightening portrait of gang life in South Central Los Angeles." —Michiko Kakutani, The New York Times After pumping eight blasts from a sawed-off shotgun at a group of rival gang members, twelve-year-old Kody Scott was initiated into the L.A. gang the Crips. He quickly matured into one of the most formidable Crip combat soldiers, earning the name "Monster" for committing acts of brutal violence that repulsed even his fellow gang members. When the inevitable jail term confined him to a maximum-security cell, a complete political and personal transformation followed: from Monster to Sanyika Shakur, black nationalist, member of the New Afrikan Independence Movement, and crusader against the causes of gangsterism. In a work that has been compared to The Autobiography of Malcolm X and Eldridge Cleaver's Soul on Ice, Shakur makes

palpable the despair and decay of America’s inner cities and gives eloquent voice to one aspect of the black ghetto experience.

The Violence Project Jillian Peterson,James Densley,2021-09-07 Groundbreaking. —Rachel Louise Snyder, bestselling author of No Visible Bruises An examination of the phenomenon of mass shootings in America and an urgent call to implement evidence-based strategies to stop these tragedies Winner of the 2022 Minnesota Book Award Using data from the writers’ groundbreaking research on mass shooters, including first-person accounts from the perpetrators themselves, The Violence Project charts new pathways to prevention and innovative ways to stop the social contagion of violence. Frustrated by reactionary policy conversations that never seemed to convert into meaningful action, special investigator and psychologist Jill Peterson and sociologist James Densley built The Violence Project, the first comprehensive database of mass shooters. Their goal was to establish the root causes of mass shootings and figure out how to stop them by examining hundreds of data points in the life histories of more than 170 mass shooters—from their childhood and adolescence to their mental health and motives. They’ve also interviewed the living perpetrators of mass shootings and people who knew them, shooting survivors, victims’ families, first responders, and leading experts to gain a comprehensive firsthand understanding of the real stories behind them, rather than the sensationalized media narratives that too often prevail. For the first time, instead of offering thoughts and prayers for the victims of these crimes, Peterson and Densley share their data-driven solutions for exactly what we must do, at the individual level, in our communities, and as a country, to put an end to these tragedies that have defined our modern era.

The Dragon Chronicles Real Dragon,2013-06 The following tale is a story of fact and fiction. The characters are real, but some of the circumstances may be based on harmless fiction. Please forgive me if any of you little dragons are offended in any way. Before I can start the tale, I have to thank all the dragon relatives for their kindness and assistance when the Lord of Thunder struck down our Bear Dragon. 10 Real Dragon In particular, I remember the year spent at the country school, at the home of Ed and Margerite dragon. The walk back to the farm after school still is a vivid memory to me. I think this experience instilled in me the love for nature that still exists today. Again, I would like to thank this dragon family for their kindness and hospitality. The tale begins.
