Montezuma's Daughter Haggard H.R.,1948 Sir Henry Rider Haggard was an English writer of adventure novels set mostly in Africa, and a founder of the Lost World literary genre. *Montezuma's Daughter* is a story of Thomas Wingfield, an Englishman whose adventures include having his mother murdered, a brush with the Spanish Inquisition, shipwreck, and slavery as he searches for the Spanish villain who killed his mother. War of Babel Angel Hong,2019-04-09 Zion is on an amazing journey. It begins with the cherishing of Nature—the fundamental beginning of enlightenment. His narrative spans from the dawn of man, perhaps before, to the twenty-first century. Blurring the lines between history, magic, tradition, and conspiracy theory, Zion's quest culminates in a mind-bending twist. *War of Babel* is an engrossing and entertaining trip through humanity's most positive and also darkest yearnings. Author Angel Hong reinterprets tales that thread through conspiratorial groups—particularly the freemasons and illuminati—in pursuit of regaining the first real civilization of mankind and saving the Earth before it's completely destroyed.

Koch,2015-01-09 Tracing events from the discovery of the New World through the fall of the Aztec empire in 1521, this book discusses the battles between the Spanish explorers and the Aztecs—battles that culminated in the ruin of a civilization. The first half of the work alternates between Aztec and Spanish history, discussing events and motivations on each side as the two cultures expanded toward one another on their way to inevitable conflict. Placing special emphasis on Aztec mythology and religious beliefs, the author explains how the Spanish exploited the Aztecs' own cultural practices to insure the success of their invasion. The gold-and-glory engines driving the Spanish Crown and the actions of contemporary Spanish explorers such as Juan Ponce de León and Francisco Cordoba are examined. The concluding chapters give a thorough account of the struggle between Hernán Cortés and the Aztec ruler Montezuma, including the role of other indigenous tribes in the eventual downfall of the empire. The final chapter details the siege of the Aztec capital, Tenochtitlan, and summarizes the ultimate destruction of the Aztec civilization.
