Fear Is Just a Four-Letter Word Tracy Tutor,2020-07-14 Instant Wall Street Journal bestseller!

From the first female real estate broker on Million Dollar Listing LA, a no-nonsense guide to analyzing big egos, deflecting power plays, and taking control of any room. Behind Tracy Tutor's on-screen persona is an uncanny knack for projecting confidence in the most intimidating of circumstances. The breezy, tough-talking, utterly inimitable businesswoman has rivaled her male co-stars to land increasingly high-profile deals in the world of LA real estate. Now, Tracy is leveraging her years of experience to write the go-to manual for any woman struggling to convince people she's

in charge. If you get thrown off course by narcissistic personalities or freaked out by high-stakes situations, don't assume you're weak. When fear is running the show, you get wrapped up in your head and start missing important cues. Yes, the people you're dealing with seem scary, but they're more predictable than you think. Once you understand them, it's easy to push the right levers of influence to get what you want. Through candid, hilarious stories of her rise through a world of misogyny and cutthroat business dealings (text message screen shots from creeps included!), Tracy offers a crash course in the psychology of power dynamics and social signaling. You'll learn: What five things you should always find out about someone before you meet them How to choose the perfect outfit for an important meeting, even when dressing on a budget When and how to use humor strategically to lighten the mood and command authority This book is a must-read for any ambitious woman who wants to win her next business confrontation before she even walks into the room.

The Forgotten Ben Bradlee, 2018-10-02 The people of Luzerne County, Pennsylvania voted Democratic for decades, until Donald Trump flipped it in 2016. What happened? Named one of the juiciest political books to come in 2018 by Entertainment Weekly. In The Forgotten, Ben Bradlee Jr. reports on how voters in Luzerne County, a pivotal county in a crucial swing state, came to feel like strangers in their own land - marginalized by flat or falling wages, rapid demographic change, and a liberal culture that mocks their faith and patriotism. Fundamentally rural and struggling with changing demographics and limited opportunity, Luzerne County can be seen as a microcosm of the nation. In The Forgotten, Trump voters speak for themselves, explaining how they felt others were 'cutting in line' and that the federal government was taking too much money from the employed and giving it to the idle. The loss of breadwinner status, and more importantly, the loss of dignity, primed

them for a candidate like Donald Trump. The political facts of a divided America are stark, but the stories of the men, women and families in *The Forgotten* offer a kaleidoscopic and fascinating portrait of the complex on-the-ground political reality of America today.
