How to Make Money on eBay - Maximize Profits Jill b.,2014-11-08 Secrets of a 16-year Full-Time Seller and Pioneering Power Seller Have you sold some items but are looking for more to sell? Are you looking to expand your eBay business but don't know where to start? This is NOT a garbage book written by someone with little or no eBay experience describing what eBay is and what an eBay business is! I have made a full-time living selling on eBay since 1998. I started selling on eBay in my college dorm room. Within 2 years, I had made enough money to cover 2 years of Ivy League college tuition. I was one of the pioneering Powersellers. In the nearly two decades of selling on eBay, I have been through, and survived many economic booms and busts. I am now moving further into the countryside and semi-retiring from eBay selling. In this book, I will reveal all my closely guarded secrets to selling on eBay including: my best retail sources, how to maximize profits using retail arbitrage, how to find deals from both online and brick and mortar stores, how to reduce risk and shipping costs. ****This book is NOT for eBay novices**** This book assumes the reader has some knowledge of selling on eBay. The ideas in this book apply to all sellers. The details apply to US-based sellers. This book is NOT a get-rich quick scheme. Selling on eBay is easy. But it can also be hard. If everyone could get rich selling on eBay, everyone would be doing it! I will not build castles in the air for you. I will not tell you that you can make money on eBay by selling unspecified items from unspecified wholesalers. I will not give you a list of toys and tell you to go on Craigslist to find them. I will not claim that I work two hours a day selling on eBay and make thousands a month. (Come ON! Get real...) Selling on eBay is a BUSINESS and I have been in this business long enough to know that there are no guarantees, regardless of past performances. Instead, I will give you the TOOLS to help you find products and TOOLS to help you maximize your profits on eBay. Unlike other eBay authors, I do not recommend buying stock wholesale to resell on eBay. I will explain why in this book. I do not look for items to sell at garage sales or storage auctions. Finding a niche market is great, but I will show why you do not need to have a niche to make money on eBay. Instead I will show you how to maximize profits with tricks on how to get the best deals on NEW items from retail sources like Staples, Kohl's, Target and MORE! **** SOME OF THE TRICKS REVEALED IN THIS BOOK ARE NOT FOR THE FAINT OF HEART **** I provide many tools, secrets and tips in this book and hope that it will help you to thrive on eBay in good times and survive in bad times. Are you ready to maximize your profits? Buy This Book Today!

101-Tips for Buying and Selling on eBay 101-Tips for Buying and Selling on eBay,2022-11-26 Introduction: Quit Your 9-to-5 Job and Become a Solopreneur 1. Your phone's alarm goes off. 2. It's time to get up, shower, grab a bagel and coffee on the way to work, and drive there. 3. You appear to be on autopilot every day. There's no need to think about it; just do it. For many people, a traditional 9-5 job, while somewhat secure, is not what they expected when they signed up for it. You may only have two weeks of vacation per year; the pay is pitiful; the people are a bunch of gossipers; and the work - well, let's just say you don't really need your degree to do what you're doing. People, particularly Millennials, are increasingly abandoning full-time employment. Climbing to the top of a company is no longer a common career path. Millennials, on the other hand, frequently see eBay, starting your own company, or growing your own business as the new norm. And the data backs this up: eBay is on the rise. eBay is one of the most active online marketplaces, with a multibillion-dollar turnover and over 180 million users. They were only of the workforce seven years ago. And it's only going to get worse as more people realize the freedom that being a solopreneur provides. If having **no** boss is what you're looking for, here's how to get it right away. There are some people who despise their 9-5 jobs. When they describe their job, it sounds like a prison sentence, complete with roadside manual labor and the old' shackle and chains. Their job makes them a prisoner, which they despise. Others adore their 9-to-5 jobs. They go to work and enjoy the fact that they have no ownership in the company and can leave at any time without incurring any liability. I've had several jobs. I spent the first half of my twenties starting seven businesses, six of which failed miserably and one of which became an overnight success (that I later walked away from). I then got a corporate job in a bank and had to wear a suit to work. The lobby resembled a hotel, and the language used was never profane. My next position was a cross between a startup and a corporate, with a focus on people management. You're trapped. As each day passes, you can't wait for the weekend to be over, so you don't have to think about work. No more bosses breathing down your neck, no more pre-planned breaks, and certainly no more long commutes. Weekends are your life. You know you don't want this job, but you're stuck with it. You want out but don't know how, whether you want to quit your job to travel more, try something new, or if you're just bored or unhappy with what you're doing. What are you going to do? How do you leave a stable and secure job to pursue a life of hustling for work? And can you make a living from eBay? Rarely Revealed Secrets to Making Money on eBay that Are Ideal for Complete Beginners “Do you believe you squandered an eBay opportunity?
