Webber HearBuilder Following Directions Fun Sheets Beth Holland, Mark Strait, Suaie Loraine, Super Duper Publications (Firm), 2011-01-01 HearBuilder® Following Directions Fun Sheets contains hands-on color, cut, and paste activities for students to practice following oral directions with basic concepts. This 210-page reproducible workbook includes five sections: Basic directions (Cover the guitar.) Sequential directions (First color the dog, then color the jump rope.) Quantitative and spatial directions (Cover the third car.) Temporal directions (Put a train in the box before you put a horse in the box.) Conditional directions (If a plane and a doll are in a box, put the box in the toy store.) These worksheets are companion activities to reinforce the tasks in the HearBuilder® Following Directions interactive software program. The sections in the workbook directly correspond to the five activities in the HearBuilder® Following Directions software. The hands-on activities in this book encourage students to transfer the skills learned on the computer to tasks completed with an adult. Each section contains 20 lessons, two lessons for each objective. The first lesson for each objective uses pictures and vocabulary taken from the HearBuilder® Following Directions software. The second lesson for each objective addresses the same skills using general preschool to third-grade vocabulary. The activities in this book include the following basic concepts: Colors √ red, blue, green, yellow, purple, orange, brown, white Quantities √ one, two, all, both, either, except, or, and, don't, not Sequences √ first, second, third, then, next, last, finally, fourth, fifth Shapes √ circle, square, triangle, star Size √ large, small, long, short Time √ before, after Spatial Relationships and Positions √ first, second, third, last, between, beside, next to, above, below, inside, in front of, on, in, behind Each lesson includes a list of materials needed, the lesson objective, teacher directions, and specific instructions.

Beyond Constructivism Richard A. Lesh, Helen M. Doerr, 2003-05 This book has two primary goals. On the level of theory development, the book clarifies the nature of an emerging models and modeling perspective about teaching, learning, and problem solving in mathematics and science education. On the level of emphasizing practical problems, it clarifies the nature of some of the most important elementary-but-powerful mathematical or scientific understandings and abilities that Americans are likely to need as foundations for success in the present and future technology-based information age. Beyond Constructivism: Models and Modeling Perspectives on Mathematics Problem Solving, Learning, and Teaching features an innovative Web site housing online appendices for each chapter, designed to supplement the print chapters with digital resources that include example problems, relevant research tools and video clips, as well as transcripts and other samples of students' work: <http://tcct.soe.purdue.edu/booksULandULjournals/modelsULandULmodeling/> This is an essential volume for graduate-level courses in mathematics and science education, cognition and learning, and critical and creative thinking, as well as a valuable resource for researchers and practitioners in these areas.

The Complete Idiot's Guide to Twitter Marketing Brett Petersel,Esther Schindler,2012-05-01 Twitter has tens of millions of users and its active tweeters and followers look to it to answer to the question, What's happening? Businesses both large and small can quickly and easily send out highly targeted messages to key customers using Twitter. However, simply grasping only the mechanics of Twitter and flogging a message nobody cares about isn't enough to make a measurable difference. Worse, using Twitter the wrong way can damage a company's brand. The Complete Idiot's Guide® to Twitter Marketing blends an understanding of Twitter's powerful tools and reach with marketing savvy and the key to really engaging followers and converting them to customers. It also covers new features such as the increasing importance of search engine optimization.
