The Re-Killing of Greyeyes Mark Nosack, 2005-08-31 I never once thought that this would pan out. Hellstrom had lied about virtually everything we had talked about. I never believed that he would give me the name of the person that he confessed this murder to. Little did I know, there were still some surprises in front of me On the same night that author Mark Nosack graduated from the Utah Police Officers Academy in 1979, Marilyn Greyeyes left a party and disappeared. Just days later, two little girls discovered her nude and horribly mutilated body on a barren hilltop. The murder investigation went on for months but was finally closed due to lack of evidence. In 1984, young detective Mark Nosack picks up the cold case and starts a new investigation. Among the evidence, he discovers a small piece of metal that the original investigators couldn't identify. Nosack realizes the item is a gun's trigger guard, and he begins searching for the matching gun. In a bizarre twist of events, Detective Nosack finds the gun, and it eventually leads to Marilyn Greyeyes's murderer. But Nosack soon discovers that it takes more than a murder weapon to put a killer behind bars.

The Dental Diet Steven Lin, 2019-02-05 A unique exploration of how dental health connects to holistic health, with a 40-day meal plan and long-lasting dietary guidelines that are easily integrable into everyday life Throughout the years, dental health has often been characterized as a reflection of our overall health, where bad oral health results from issues with other parts of our body. But what if we flipped the paradigm? What if we thought about dental health as the foundation for our physical health as a whole? Dr. Steven Lin, an experienced dentist and the world’s first dental nutritionist, has analyzed our ancestral traditions, epigenetics, gut health, and the microbiome in order to develop food-based principles for a literal top-down holistic health approach. Merging dental and nutritional science, Dr. Lin lays out the dietary program that can help ensure you won’t need dental fillings or cholesterol medications —and give you the resources to raise kids who develop naturally straight teeth. With our mouth as the gatekeeper of our gut, keeping our oral microbiome balanced will create a healthy body through a healthy mouth. Dr. Lin arms you with a 40-day meal plan, complete with the Dental Diet food pyramid, exercises for the mouth, recipes, and cooking techniques to help you easily and successfully implement his techniques into your everyday life. The tools to improve overall wellness levels and reverse disease are closer than we think—in our markets, in our pantries, and, most frequently, in our mouths.
