Anyone can enhance their musical knowledge, skills, and creativity with the multitude of music apps available. However, sifting through thousands of music apps in the Apple App Store and Google Play can be a daunting task for any musician or music instructor. But not anymore! Having spent countless hours researching the most interesting useful, educational, fun, and easy-to-use music apps, Elizabeth C. Axford in *Music Apps for Musicians and Music Teachers* surveys the landscape of music-related apps for both iOS and Android mobile devices, including tablets and smartphones. *Music Apps for Musicians and Music Teachers* lists hundreds of music-related apps organized by category, including singing, musical instruments, music theory and composition, songwriting, improvisation, recording, evaluating music performances, listening to music, music history and literature, music appreciation, and more. App developers are listed with each app, including links to their websites for updates and support. The book sections and chapters align with the newly revised National Standards for Music Education released in 2014 by the National Association for Music Education. A Textual Study of Family 1 in the Gospel of John Alison Welsby, 2013-12-12 This textual study of the Gospel of John in seventeen Greek manuscripts offers a fresh investigation into the textual group known as Family 1. Since Kirsopp Lake's 1902 study, Codex 1 of the Gospels and its Allies, Family 1 has been considered an important textual witness by all major critical editions of the the New Testament; however, with the exception of a recent study of Matthew (Amy Anderson, *The Textual Tradition of the Gospels: Family 1 in Matthew*), little further research has been conducted into the family's text. By analysis of a full collation of John, this study examines manuscripts: Gregory-Aland 1, 22, 118, 131, 205abs, 205, 209, 565, 872, 884, 1192, 1210, 1278, 1582, 2193, 2372, and 2713. The study has confirmed the place of codices 1 and 1582 as core members of Family 1, but has demonstrated the existence of a new core subgroup, represented by codices 565, 884 and 2193, that rivals the textual witness of 1 and 1582. The discovery of this subgroup has broadened the textual contours of Family 1, leading to many new readings, both text and marginal, that should be considered Family 1 readings. The reconstructed Family 1 text with critical apparatus is based on the witness of this wider textual group and is offered as a replacement to Lake's 1902 text of John.
