**MR. FROGGY'S DILEMMA** James Mikel Wilson,2018-09-06 Mr. Froggy's Dilemma is a children's true story about a frog badly in need of rescuing. As the reader will discover, Mr. Froggy got into trouble over his head as well as too big for his flippers. Perhaps in some ways we have all been there at one time or another. This story appeals to a child about seven to eleven years of age who is inquisitive about the natural environment. But, it may also be enjoyable to an adult who likes to read with children and who has had a similar surprise encounter with one of Mother Nature's creatures, like getting slightly pinched by one on the beach during a casual stroll. Mr. Froggy's Dilemma invites the young reader to answer some questions and to conduct outside research to augment the tale. If an adult is reading with the child, the story provides interactive windows of opportunity to explore science, climate change, and the environment. As the reader will discover, one feature makes Mr. Froggy exceptional. Here is a sample of reader comments: "This is such a lovely story. I like that it's written in the form of a letter to your grandchildren but also in a voice that engages any child in the adventure of Mr. Froggy." Readers, old and young alike, will be touched by this grandfather's wish to share an encounter with nature with his beloved grandchildren. This book entertains, introduces scientific vocabulary and encourages children to step outside of their comfort zone. Lovely, tender and unique!
