The Traffic Ticket Handbook David N. Jolly, 2011-11 The Traffic Ticket Handbook How to Beat your Traffic Ticket More than 100,000 people receive a speeding ticket in the United States on a daily basis. This translates into more than 36,500,000 tickets every single year being issued to drivers in the United States. It has been concluded that the average fine for a traffic ticket is approximately \$150 which translates into nearly \$5.4 billion in revenue for the government (or branches of) annually. However, anyone who has received a speeding ticket or two understands that the financial pain is not restricted to the dollar amount on the face of the ticket. The collateral consequences of traffic tickets also impact a driver's insurance. The insurance companies in the United States seek billions of dollars per year in raised premiums from drivers who have committed traffic violations. It should therefore be obvious that the government (and insurance companies) benefits from driver indiscretions and the dutiful work of thousands of police officers. Whether the government admits it or not traffic tickets are a wonderful way to raise revenue. And with the Country in an undeniable financial panic and near bankruptcy, what better way to quash the financial fears than by robbing its citizens. If you have recently received a traffic ticket you are well aware of how expensive they are. Further, the costs of some individual traffic tickets are illogical and offensive. The manner in which officers are quietly informed to fill their quota of traffic tickets is the modern equivalent of the Roman Empire's tax collectors. Therefore, if you have received a traffic ticket, particularly one that is considered a moving violation, why wouldn't you fight it? Some states consider such minor violations criminal, so you must fight these allegations to preserve your record. Too much is at stake. For those states that consider traffic violations mostly civil, you should still fight as there undoubtedly will be negative impact if you do not. More to the point, the financial penalties are arbitrarily set so at the very least fight the amount indicated on the face of the ticket. We all try to limit our taxes (lawfully), and ultimately this is simply another form of taxation. The Traffic Ticket Handbook is specifically dedicated to those individuals who have been cited for speeding tickets or any moving violation and wish to learn more about the traffic ticket process and how to fight and beat the ticket. If you have been cited and need to protect your insurance and driving privilege, this book is for you. The Traffic Ticket Handbook will explain how the different speed measuring devices work and how they can fail. You will learn how to structure an argument and raise legal issues like a lawyer. In addition to speeding tickets The Traffic Ticket Handbook looks at the major moving violations that will harm your insurance and potentially suspend your driver's license. If you are considering hiring an attorney to help fight your ticket, The Traffic Ticket Handbook also gives advice on how to hire a well qualified traffic ticket attorney. And finally, The Traffic Ticket Handbook gives you practical tips on how to avoid a future traffic ticket. The Traffic Ticket Handbook is a valuable resource for any driver who has ever received a traffic ticket and wants to beat the charge. Learn from a traffic defense attorney who has personally handled more than 10,000 traffic tickets in court.

How to Win Your Case in Traffic Court Without a Lawyer Janet Traken, 2011 Do you know why I pulled you over? That is the epitome of a rhetorical question, and an estimated 100,000 people hear those eight words every day in the United States for scoring a speeding ticket. Some of those tickets may be unwarranted, but only 5 percent of folks try to contest their ticket. The cost of hiring a lawyer and fighting a case does not seem proportionate to the \$300 ticket, so the other 95 percent accept defeat and grudgingly pay the fine to avoid being tied up those legal fees. Luckily, there is a way you can successfully fight case in traffic court without dishing out the dough for an attorney. How to Win Your Case In Traffic Court Without a Lawyer breaks down the steps to take once you get a ticket. Learning the law is essential to know whether you can effectively fight your ticket, and this book breaks down and outlines the details of the law for each major type of moving violation, including speeding ticket, running a stop sign or traffic light, failure to yield, and many more. You will learn what happens once you receive these violations and which infractions you can fight without a lawyer in traffic court. You will learn which defenses absolutely will not work so you do not waste your time attempting to use them in court. You will learn how to collect your own evidence and effectively prepare for a trial. Winning your trial is not a promise of the book, but you will be able to give it an impressive shot by learning exactly how each traffic court case is handled and what you can expect when you take your particular case to court. There is an essential difference between jury and judge-only trials, and you will learn how to prepare for each of them, as well as how to tweak your case to match any of the 50 states in which you live. If you have received an unfair traffic violation, How to Win Your Case in Traffic Court Without a Lawyer will help you do just that. When you choose to fight, you have nothing to lose and everything to gain. Atlantic Publishing is a small, independent publishing company based in Ocala, Florida. Secrets to Winning in Traffic Court Now! Wayne Stover, 2000-08 After 12 years & thousands of hours spent on traffic court's front-line, Wayne Stover reveals the simple, time-tested secrets anyone can use to win in traffic court. While practicing law in the Virginia traffic course for over 13 years, both as a prosecutor & as a defense attorney, Mr. Stover noticed a disturbing gap in the legal system. Ordinary people, who could not justify the expense of hiring an attorney for their so-called routine traffic ticket, would repeatedly make the same mistakes

- often insuring a conviction in an otherwise winnable case. Most were intelligent people who, if properly armed with accurate information about their charge & how the system worked, could have been much more successful. *Secrets to Winning in Traffic Court Now!* targets that gap. Although every person has a right to have a lawyer for their traffic case, most people go it alone. Mr. Stover wrote this book for those individuals. It is offered not as a definitive answer to all possible questions, but as a road map based on his experience of what works & what does not. It is not offered as legal advice, but rather as practical advice based on legal & life experience.
