Life's Little Moments Arthur M Mikesell,2018-06-25 If you are an imperfect human being who struggles with the daily challenges life throws at you, then this is the right devotional for you. From losing battles against spiders and bees to unsuccessfully fixing a leaky water pipe, I am just as imperfect as the next person. When faced with life's little moments where I have had to decide if I will be angry at a rusty old lawn mower or learn to have patience, I have found that only God can provide the peace of mind that gets me through each day. Each devotion tells a story of the frustrating yet funny things that may happen in each of our lives and the need for God's helping hand in each situation. So if you are looking for a book that will tell you how to live your life, this is not the book for you. But I do pray that you will find this collection of writings to be uplifting, encouraging, and filled with a bit of humor as you take your individual journey towards a loving relationship with Christ.

It's up to Finley to make sure he gets the Christmas he was promised. This is Finley's Christmas. It's about home and family and friends and finding her place, and along the way she also finds the best Christmas present of

The Muller-Fokker Effect John Sladek, 2011-09-29 This novel is about the first truly modern man. His name's Bob Shairp, and he gets completely turned into data and stored on computer tape. (How modern can you get?) Actually, there are quite a few other modern characters (though none so modern as Bob) in this book. There's Wes Davis, who knows the U.S. Army is part of a Black Conspiracy. And Billy Koch, the great faith-healing evangelist who orders a robot replica of himself to share the burden of crusading. And Glen Dale, editor of Stagman magazine and, strangely enough, a virgin. And Wise Bream, god of the Utopi Indians. And others, too numerous to enumerate.

The Narrows Christopher Williams, 2013-09-20 Life as we know it is over. The day of reckoning has arrived. In the heart of historic Bucks County the fate of the world rests in the hands of a shy, teenage boy. In the quaint borough of Newtown the dead have been whispering. Sixteen year old Kadin Godwin hears their voices and bears a terrible secret. Kadin knows of the dark places where the walls between our world and the world of nightmares are narrow. And now the narrows are growing thinner. Imagine a world where every fiction or nightmare was real... Kadin has lived his entire life as an outcast, knowing and training for the terrifying future raging towards us when the gates to the other world are opened and our worst nightmares are unleashed. Signs are appearing. A dark alchemy has been released. Modern weapons are useless and transportation has been crippled. A defenseless world watches and waits. Creatures of myth and legend are being sighted. Murder rates and disappearances are soaring and the once peaceful Bucks County is paralyzed with fear. The day has arrived.

The Cost of Congress Karen Kunz, Stavros Atsas, 2022-06-17 Congressional ratings have fallen to single digits; citizens believe that Congress fails to do the things its members are publicly paid to do. What does Congress do for our dollars, and how has that changed in the last 50 years? What was the cost to taxpayers for Bill Clinton's impeachment hearings? What about the Benghazi investigation and efforts to obtain the votes required to repeal Obamacare while failing to consider Zika virus funding bills? What is the true cost of earmarks? Why do Congress members continue to get paid during government shutdowns? Congress's increasing use of continuing resolutions and agencies' almost semi-annual preparations for government shutdowns come at a significant cost. Combining extensive documentary research with interviews of current and former members and staffers, *The Cost of Congress* assesses not only how Congress spends tax dollars on its operations but also what Americans receive for those dollars. Kunz and Atsas assign dollar values, using federal data, to congressional practices and policies. They examine the costs of producing legislation, court challenges, and Supreme Court reversals. They also look at the costs of committee and special investigations, committee assignments, staffing and facilities, and such perks as the gym, meals, and franking. Readers—taxpayers from all walks of life—will come away with a comprehensive view of the costs of operating Congress.

Fruits of a Dead Legacy Anthony Harris, 2020-02-08 For decades, Billy Wayne Sharp has worshipped at the altar of white supremacy. In doing so, he has been successful in drawing thousands to that altar, establishing himself as a revered leader of the white nationalist movement. Politicians, public servants, and every-day adherents to white supremacy embrace Billy Wayne's belief that white people were ordained by God to lord over non-whites. His belief in the biblical correctness of white supremacy has led to murder, fire bombings, attempted assassinations, and plans for an apocalyptic race war, which he believes will result in his becoming the new Messiah. The town of Sharpville, Mississippi stands at the crossroads of a historic existential moment. It is the epicenter of Billy Wayne's plans to become the new Messiah. Will the town that bears his family name reject Billy Wayne's efforts to violently transform the racial and religious landscape of the entire nation? Will it rise up against or give in to his belief in the "natural order"? Will the fruits of his racist legacy develop rot and die, or will they become hardy and multiply?

The American Elections of 2012 Janet M. Box-Steffensmeier, Steven E. Schier, 2013-05-29 The 2012 American elections were highly competitive, with the unusually close partisan balance making the elections an opportunity for each of the two major parties. This book assembles leading political scientists and political journalists to explain the 2012 election results and their implications for America's future. In addition to assessing election results, the book examines the consequences of the large ambitions of the Obama presidency and the political and policy risks entailed in the pursuit of those ambitions. It also explores Congressional elections and policymaking since 2008, and how they affected election results in 2012. The book promises a more coherent focus than that evident in similar edited works, achieved through a limited number of chapters and clear definition of chapter content.

The Hollywood Sisters: Caught on Tape Mary Wilcox, 2009-02-19 JEREMY. :) ALEX. :(HEATHCLIFF? Now that we're living in Hollywood, Eva thinks anything is possible - including casting the part of my boyfriend! Mapping Horizons Abhinav Agarwal, 2020-08-07 I present to you, my life, my goals, my highs, and my lows. It is a journey of my truths in life so you learn from mistakes and grasp about life from my successes. Who am I? I am Abhinav, just another 18-year-old with dreams that exceed the horizons of the imagination. Why would you read this book? This book presents you with the absolute hard truths of my life, objective tips, and tricks that might help you with your journey. This book is just another step towards my goals, to reach the unreachable, and to make quality education more accessible. I received a 100% scholarship to attend Stanford University. I lived the IIT dream, and I am a part of multiple organizations that enable me to learn more, educate myself and others every single day. This book is meant to act as a source of motivation, driving force, and guidebook for Indian students having a dream of studying abroad or any high school student in general. This is my story: How I evolved from a clueless, 13-year-old boy who was driven and blinded by the IIT dream to take the road hardly taken. With ups, where I scraped the sky, and downs, where I plummeted into the dark unable to see anything in daylight and wanting to see sunshine in the middle of the night, pursuing and chasing my goals day and night, I present to you the story of my life. I present to you Mapping Horizons: Solving the College Conundrum.

John Sladek SF Gateway Omnibus John Sladek, 2014-01-30 From the vaults of The SF Gateway, the most comprehensive digital library of classic SFF titles ever assembled, comes an ideal introduction to the razor-sharp wit of John Sladek. An important voice in the New Wave movement, Sladek had stories published in Harlan Ellison's seminal anthology, DANGEROUS VISIONS, as well as in Michael Moorcock's ground-breaking NEW WORLDS magazine. Perhaps best known for the ambitious robot tales RODERICK and RODERICK AT RANDOM, he is now recognized as one of SF's most brilliant satirists. This omnibus collects novels THE REPRODUCTIVE SYSTEM, THE MULLER-FOKKER EFFECT and BSFA AWARD-winning TIK-TOK. THE REPRODUCTIVE SYSTEM: Wompler's Walking Babies aren't selling like they used to, so the company develops Project 32, producing self-replicating mechanisms designed to repair inter-cellular breakdowns. But then the metal boxes begin crawling about the laboratory, feeding voraciously on metal and multiplying... THE MULLER-FOKKER EFFECT: Bob Shairp - a writer and dreamer - has agreed to be a guinea-pig in a military experiment to find out if his personality can be turned into data and stored on computer. But a computing error quickly destroys Shairp's physical body, leaving his mind stranded in an encoded world. Can the process be reversed? TIK-TOK: Something has gone very seriously wrong with Tik-Tok's 'asimov circuits'. They should keep him on the straight and narrow, following Asimov's First Law of Robotics: 'a robot shall not injure a human being, or through inaction allow a human being to come to harm.' But they don't. While maintaining the outward appearance of a mild-mannered robot, albeit one with artistic tendencies and sympathy for the robot rights movement, Tik-Tok's real agenda is murderously different. He seems intent on injuring - preferably fatally - as many people as possible. Almost inevitably, a successful career in crime and general mayhem leads to a move into politics and Tik-Tok becomes

the first robot candidate for Vice President of the United States.
