Readers also will find: Examples of best practices on the six types of involvement from preschools, and elementary, middle, and high schools Checklists, templates, and evaluations to plan goal-linked partnership programs and assess progress CD-ROM with slides and notes for two presentations: A new awareness session to orient colleagues on the major components of a research-based partnership program, and a full One-Day Team Training Workshop to prepare school teams to develop their partnership programs. As a foundational text, this handbook demonstrates a proven approach to implement and sustain inclusive, goal-linked programs of partnership. It shows how a good partnership program is an essential component of good school organization and school improvement for student success. This book will help every district and all schools strengthen and continually improve their programs of family and community engagement.

Understanding Media Marshall McLuhan,2016-09-04 When first published, Marshall McLuhan's Understanding Media made history with its radical view of the effects of electronic communications upon man and life in the twentieth century.

Slave Against Slave Jeff Forret,2015-11-16 In the first-ever comprehensive analysis of violence between slaves in the antebellum South, Jeff Forret challenges persistent notions of slave communities as sites of unwavering harmony and solidarity. Though existing scholarship shows that intraracial black violence did not reach high levels until after Reconstruction, contemporary records bear witness to its regular presence among enslaved populations. Slave against Slave explores the roots of and motivations for such violence and the ways in which slaves, masters, churches, and civil and criminal laws worked to hold it in check. Far from focusing on violence alone, Forret's work also adds depth to our understanding of morality among the enslaved, revealing how slaves sought to prevent violence and punish those who engaged in it. Forret mines a vast array of slave narratives, slaveholders' journals, travelers' accounts, and church and court records from across the South to approximate the prevalence of slave-against-slave violence prior to the Civil War. A diverse range of motives for these conflicts emerges, from tensions over status differences, to disagreements originating at work and in private, to discord relating to the slave economy and the web of debts that slaves owed one another, to courtship rivalries, marital disputes, and adulterous affairs. Forret also uncovers the role of explicitly gendered violence in bondpeople's constructions of masculinity and femininity, suggesting a system of honor among slaves that would have been familiar to southern white men and women, had they cared to acknowledge it. Though many generations of scholars have examined violence in the South as perpetrated by and against whites, the internal clashes within the slave quarters have remained largely unexplored. Forret's analysis of intraracial slave conflicts in the Old South examines narratives of violence in slave communities, opening a new line of inquiry into the study of American slavery.

Family Discipleship Matt Chandler,Adam Griffin,2020-08-28 The most important disciple a parent will make is within their own home, and yet this is the most difficult disciple to make. Family Discipleship by Matt Chandler and Adam Griffin helps readers develop a sustainable rhythm of gospel-centered discipleship through a guided framework focusing on moments of discipleship in 3 key areas: time (intentional time gathering your family around gospel activities or conversations), moments (leveraging opportunities throughout the day), and milestones (celebrating significant life events). Each section provides parents with Scriptures to consider, questions to answer, structures to implement, and ideas to try out as they seek to see Christ formed in their children. Here is a book that begins with the end in mind, offering ideas and examples of what gospel-centered family discipleship looks like, helping parents design their own discipleship plan as they seek to raise children in the love and fear of the Lord.

Western Challenge Peter Bush,2000 Between 1885 and 1925 the Presbyterian Church in Canada grew to become the largest church on the Prairies. Western Challenge documents that rise. Exploring the church's mission to the British settlers as well as its mission to the Native peoples and the non-Anglo-Saxon immigrants, this study examines how the church transformed itself and its ministry models to meet the challenges of the rapidly growing rural and urban populations of the Prairies. Special attention is paid to the church's experience in the Klondike and Near North prior to 1925. Western Challenge concludes by suggesting that the present-day Presbyterian Church is the true heir of this mission vision.

A Greek-English Lexicon of the New Testament and Other Early Christian Literature Walter Bauer,2010-11-02 Described as an invaluable reference work (Classical Philology) and a tool indispensable for the study of early Christian literature (Religious Studies Review) in its previous edition, this new updated American edition of Walter Bauer's Wörterbuch zu den Schriften des Neuen Testaments builds on its predecessor's staggering deposit of extraordinary erudition relating to Greek literature from all periods. Including entries for many more words, the new edition also lists more than 25,000 additional references to classical, intertestamental, Early Christian, and modern literature. In this edition, Frederick W. Danker's broad knowledge of Greco-Roman literature, as well as papyri and epigraphs, provides a more panoramic view of the world of Jesus and the New Testament. Danker has also introduced a more consistent mode of reference citation, and has provided a composite list of abbreviations to facilitate easy access to this wealth of information. Perhaps the single most important lexical innovation of Danker's edition is its inclusion of extended definitions for Greek terms. For instance, a key meaning of episkopos was defined in the second American edition as overseer; Danker defines it as one who has the responsibility of safeguarding or seeing to it that something is done in the correct way, guardian. Such extended definitions give a fuller sense of the word in question, which will help avoid both anachronisms and confusion among users of the lexicon who may not be native speakers of English. Danker's edition of Bauer's Wörterbuch will be an indispensable guide for Biblical and classical scholars, ministers,

seminarians, and translators.

Susquehanna University, 1858-2000 Donald D. Housley, 2007 Susquehanna University's history from 1858 to 2000 has occurred in three stages, each expressing a different mission. The school was founded in 1858 as the Missionary Institute of the Evangelical Lutheran Church to fulfill the vision of the Rev. Benjamin Kurtz, a Lutheran cleric and editor of the Lutheran Observer. He was a partisan of the American Lutheran viewpoint caught up in a fratricidal battle with Lutheran orthodoxy. The Missionary Institute sustained his viewpoint in the preparation, gratis, of men called to preach the gospel in foreign and home missions. A complementary purpose was to educate young people in Selinsgrove, Pennsylvania at both the Institute and its sister school, the Susquehanna Female College. When the Female College folded in 1873, the Institute became coeducational.

Private Schools and Student Media Erica Salkin, 2019-11-15 Private Schools and Student Media: Support Mission, Students, and Community explores the activities of student media outlets, content creators and advisers in K-12 private schools in the United States. The unique nature of private schools, separate from government funding but not all government oversight, creates its own opportunities and challenges for students seeking their own outlets to pursue questions, answers and voice. Through surveys and content analysis of schools, student media advisers and student media work, Erica Salkin explores the reality of censorship in private schools—where the First Amendment does not play the same role as in public schools—and the perspectives of teachers who dedicate time, effort, and expertise to make the learning laboratory of the student newspaper or yearbook a reality. Ultimately, this book proposes that student media can be a significant asset to a private school's mission, students, and school community: to prepare young people for lives of service and good citizenship. Scholars of communication, media studies, journalism, and education will find this book particularly useful.

Aelred of Rievaulx on Love and Order in the World and the Church John R. Sommerfeldt, 2006 The universe is a product of God's infinite love, according to the expansive thinking of Aelred of Rievaulx, a Cistercian abbot of the Middle Ages. Aelred sees human existence, order, and action as reflections of God's love. But Aelred knows that, although they have been created for happiness, humans are neither perfect nor happy. At the same time, however, he is sure that the flood of God's love can overwhelm people who do not reject this divine gift. Because Aelred knows that humans exist only in relationship, he searches out the social order necessary for happiness. So he explores the nature of the church as a community and the support that each social group or calling gives to the whole of existence. This study examines how Aelred sees God informing the cosmos, and the humans who inhabit it, according to the divine order and principle of love. It follows Aelred's analysis of the disordering sources of human unhappiness, which happens when humans reject God's love, and then investigates Aelred's understanding of God's re-ordering of the human condition through the gifts and graces flowing from his greatest gift: his son, Jesus.--BOOK JACKET.

Jesus for President Shane Claiborne, Chris Haw, 2019-07-30 Jesus for President is a radical manifesto to awaken the Christian political imagination, reminding us that our ultimate hope lies not in partisan political options but in Jesus and the incarnation of the peculiar politic of the church as a people set apart from this world. In what can be termed lyrical theology, Jesus for President poetically weaves together words and images to sing (rather than dictate) its message. It is a collaboration of Shane Claiborne's writing and stories, Chris Haw's reflections and research, and Chico Fajardo-Heflin's art and design. Drawing upon the work of biblical theologians, the lessons of church history, and the examples of modern-day saints and ordinary radicals, Jesus for President stirs the imagination of what the Church could look like if it placed its faith in Jesus instead of Caesar. A fresh look at Christianity and empire, Jesus for President transcends questions of Should I vote or not? and Which candidate? by thinking creatively about the fundamental issues of faith and allegiance. It's written for those who seek to follow Jesus, rediscover the spirit of the early church, and incarnate the kingdom of God.

The Oxford Dictionary of the Christian Church Andrew Louth, 2022-02-17 Uniquely authoritative and wide-ranging in its scope, The Oxford Dictionary of the Christian Church is the indispensable reference work on all aspects of the Christian Church. It contains over 6,500 cross-referenced A-Z entries, and offers unrivalled coverage of all aspects of this vast and often complex subject, from theology; churches and denominations; patristic scholarship; and the bible; to the church calendar and its organization; popes; archbishops; other church leaders; saints; and mystics. In this new edition, great efforts have been made to increase and strengthen coverage of non-Anglican denominations (for example non-Western European Christianity), as well as broadening the focus on Christianity and the history of churches in areas beyond Western Europe. In particular, there have been extensive additions with regards to the Christian Church in Asia, Africa, Latin America, North America, and Australasia. Significant updates have also been included on topics such as liturgy, Canon Law, recent international developments, non-Anglican missionary activity, and the increasingly important area of moral and pastoral theology, among many others. Since its first appearance in 1957, the ODCC has established itself as an essential resource for ordinands, clergy, and members of religious orders, and an invaluable tool for academics, teachers, and students of church history and theology, as well as for the general reader.

The Dialogue on Miracles Caesarius of Heisterbach, 2023-08-11 Caesarius was a monk at the Cistercian monastery of Heisterbach in Germany, where he served as Master of novices. For their instruction and edification, he composed his lengthy Dialogue on Miracles in twelve sections between 1219 and 1223. The many surviving manuscripts of this and other works by Caesarius attest to his stature in the history of Cistercian letters. This second volume contains sections seven through twelve of Caesarius of Heisterbach's Dialogue on Miracles, the first complete translation into English of an influential representation of exempla literature from the Middle Ages. Caesarius's stories provide a splendid index to monastic life, religious practices, and daily life in a tumultuous time.
