60 Hikes Within 60 Miles: Salt Lake City Greg

Witt, 2012-05-08 60 Hikes Within 60 Miles: Salt Lake City is the only guidebook that pinpoints the most exceptional hikes in the area. It contains meticulous trail descriptions that range from comfortable strolls for families to difficult treks for those looking for a challenging workout. Extensive key-at-a-glance information makes it easier to choose a hike based on length, difficulty, or scenery. A helpful list of hikes in the front of the book highlights those with special interests -- best hikes for children, scenic hikes, hikes good for wildlife viewing, best hikes for runners, and more. Each hike report includes commentary on trailside geology, flowers, and wildlife. Historical notes provide fascinating details about early miners, trailblazers, the Pony Express, and Mormon pioneers. Nestled in the western flank of the Rockies, Salt Lake City provides ready access to a stunning array of hiking options amid alpine lakes, snow-draped mountain peaks, fragrant evergreen forests, deep canyon waterfalls, granite towers, and flowered cirques. Within 60 miles of Salt Lake City there are thousands of square miles of national forest, National Wilderness Areas, state parks and designated recreation areas to explore. Now, with this updated edition of 60 Hikes within 60 Miles: Salt Lake City, whether lacing up boots, stepping into sneakers or

strapping on snowshoes, Salt Lake City is even more accessible for hikers.

The Sierra High Route Steve Roper, 1997 No ordinary guidebook, Sierra High Route leads you from point to point through a spectacular 195-mile timberline route in California's High Sierra. The route follows a general direction but no particular trail, thus causing little or no impact and allowing hikers to experience the beautiful sub-alpine region of the High Sierra in a unique way.

Journey to Mount Tamalpais, 2nd Edition Etel

Adnan, 2021 Originally published in 1986, *Journey to Mount Tamalpais* is at once a love letter and a deep study in prose and drawings of and to a mountain, a landscape, a geological presence, a place. With a career spanning decades, genres, and nations, Etel Adnan's contributions to the fields of poetry, painting, philosophy, and journalism are indelible. In *Journey to Mount Tamalpais*, her alchemical command of language is enhanced by the use of painting and drawing as exploratory tools to express that which lies beyond the reach of the written word. This volume remains one of her most beloved works and a stunning example of her marriage of the visual and literary arts. A prose essay written with the lyricism and precision of a master poet, *Journey to Mount Tamalpais* documents Adnan's encounter with the Mountain, as both its witness and its collaborator. This expanded second edition includes an afterword by Omar Berrada and nine new drawings by the author--
