Antiracism in Animal Advocacy Jasmin Singer,2021-09-14 This collection of fifteen passionately argued essays by farmed animal protection advocates explains why prioritizing racial diversity, equity, and inclusion within animal advocacy is not only essential to creating a more just movement, but one that is larger, more dynamic, and (crucially) more effective. These essays emerged from the groundbreaking 2020 inaugural Encompass DEI Institute and were originally published on Sentient Media.

Acoustic Music Source Book RICHARD L. MATTESON, JR.,2012-03-01 Bill Bay asked me to write a follow up book to my last book, The Bluegrass Pickers Tune Book (20233). If you like Bluegrass music (232 songs) I'd recommend getting that book to add to your collection. the focus of this book, the Acoustic Source Book is on roots and old-time music. the book is focused on the time period from late 1800's until 1940's. There are a few songs from the Bluegrass Book that were too important to be left out. I decided not to use any patriotic and Christmas songs and came up with a list of about 400 songs which eventually was cut down to over 200. During the late 1800's and early 1900's there was an important evolution in American music; the birth of jazz, ragtime, and blues. This was also the period of the phonograph and early commercial recordings. Music from the Minstrel period as well as traditional songs were used as staple for the roots musicians. In the early 1900's there were rags, blues, gospel, Tin-Pan Alley, jug band, spiritual, old-time country and popular songs. I've tried to include some of the well-known songs from every genre to give you a big slice of Americana. There are some great songs that are popular roots, bluegrass and old-time songs today that have never been published. There are also great songs that are not well known that should be played and enjoyed.Richard Matteson with Kara Pleasants Wildwood Flower <http://www.youtube.com/watch?v=KO9Xde2bdwA> Paul & Silas <http://www.youtube.com/watch?v=Bv5Tmaff9HQ> Meet Me By the Moonlight <http://www.youtube.com/watch?v=2gwzCZfnG64> Scarborough Fair http://www.youtube.com/watch?v=grbxMlz_DII Water is Wide <http://www.youtube.com/watch?v=P-hZkxWs8gs> Richard Matteson with Jessica KasterBarbara Allen <http://www.youtube.com/watch?v=uX6PE80W4Pw> In the Pines <http://www.youtube.com/watch?v=MtOL9Id5TW4> Hop Along Peter http://www.youtube.com/watch?v=K5kAzSQ__rU Ain't Gonna Lay my Armor Down http://www.youtube.com/watch?v=wsBYRuT2_FU

The Way of the Rabbit Mark Hawthorne,2021-07-31 'This very informative and in-depth book about rabbits has some excellent and entertaining chapters on the rabbit in art, literature, myth, and popular culture, which I particularly enjoyed.' Libby Joy | The Beatrix Potter Society An Affectionate History of Nature's Most Surprising Species. Independent and resourceful, rabbits represent balance, rebirth, speed, fertility, resurrection, abundance, creativity, magic, and harmony. Yet they are much more than symbols, they are unique individuals with complex inner lives. In The Way of the Rabbit, Mark Hawthorne immerses himself in their world, exploring their habitats and evolution, their role in legend and literature, their place in popular culture, their fascinating biology, and, of course, their significance as household companions. It's an entertaining journey through myth and history that celebrates the rabbit's spirit, courage, friendships, and playfulness.

The Secret Hen House Theatre Helen Peters,2012-04-05 Since the death of her mother, Hannah's family life has been somewhat chaotic. Her father is absorbed by running their dilapidated farm, and the four children are increasingly left to their own devices. These include farming each room of the house, looking after an enormous pet sheep called Jasper, and writing and directing plays in a disused hen house. But when the farm is threatened with demolition, Hannah determines to save it and realise her dreams at the same time... Shortlisted for the Waterstones Prize, this is a brilliant story of eccentric family life where the children's imaginations run as free as the farmyard animals. From the award-winning author of Evie's Ghost, Anna at War, The Farm Beneath the Water and the Jasmine Green series for younger readers, this is perfect for fans of Iva Ibbotson and Philippa Pearce.

Every Twelve Seconds Timothy Pachirat,2011-11-18 The author relates his experiences working five months undercover at a slaughterhouse, and explores why society encourages this violent labor yet keeps the details of the work hidden.

Foxes in the Henhouse Steve Jarding,Dave "Mudcat" Saunders,2006-04-04 Like a newly discovered treasure map offering a path to buried riches, Foxes in the Henhouse is a hard-hitting political blueprint for how the Democrats can win again in the South and rural America. The authors document the Republicans' rise in the South and Midwest, expose the hypocrisy that marked their ascent, and offer a take-no-prisoners plan to kick them out. The authors know of what they speak. Rural strategists Steve Jarding and Dave Mudcat Saunders are famous for securing Democratic victories in places they shouldn't have -- most notably in Mark Warner's successful run for governor of Virginia, a campaign that wasn't afraid to use bluegrass concerts and NASCAR to get the message out. When George W. Bush swept the South clean in 2004, it was the final insult to Jarding and Saunders, two self-proclaimed bubbas on a mission to convince their fellow southerners and rural Americans that the GOP's claim of representing values, patriotism, the sportsmen, and fiscal conservatism is a disastrous farce. In addition to exposing the lies behind the gradual Republican invasion of the hinterland that began in the 1960s, they offer some surprisingly simple strategies for Democrats to capture each of these issues. Among other things, Jarding and Saunders urge Democrats to • Quit turning their noses up at the culture of rural America and talk to people where they live • Learn how to count when going after votes • Show some passion and retaliate when Republicans assassinate their characters Packed with meticulous and shocking research findings; blunt, laugh-out-loud language; and merciless assaults on George W. Bush, Tom DeLay, Bill O'Reilly, and plenty of other right-wing charlatans, Foxes in the Henhouse is a must-read and will be one of the most talked-about books of the year and for election cycles to come.

The Lucky Ones Jenny Brown,2013-07-02 Jonathan Safran Foer meets Jeffrey Moussaieff Mason in a poignant, provocative memoir of survival, compassion, and awakening to the reality of our food system. Jenny Brown was ten years old when she lost a leg to bone cancer. Throughout the ordeal, her constant companion was a cat named Boogie. Years later, she would make the connection between her feline friend and the farm animals she ate, acknowledging that most of America's domesticated animals live on industrialized farms, and are viewed as mere production units. Raised in a conservative Southern Baptist family in Kentucky, Brown had been taught to avoid asking questions. But she found her passion and the courage to speak out. The Lucky Ones introduces readers to Woodstock Farm Animal Sanctuary which Brown established with her husband in 2004. With a cast of unforgettable survivors,

including a fugitive slaughterhouse cow named Kayli; Albie, the three-legged goat; and Quincy, an Easter duckling found abandoned in New York City, The Lucky Ones reveals shocking statistics about the prevalence of animal abuse throughout America’s agribusinesses. Blending wry humor with unflinching honesty, Brown brings a compelling new voice to the healthy-living movement—and to the vulnerable, voiceless creatures among us.

The Emotional Power of Music Tom Cochrane,Bernardino Fantini,Klaus R. Scherer,2013-07-18 How can an abstract sequence of sounds so intensely express emotional states? How does music elicit or arouse our emotions? What happens at the physiological and neural level when we listen to music? How do composers and performers practically manage the expressive powers of music? How have societies sought to harness the powers of music for social or therapeutic purposes? In the past ten years, research into the topic of music and emotion has flourished. In addition, the relationship between the two has become of interest to a broad range of disciplines in both the sciences and humanities. The Emotional Power of Music is a multidisciplinary volume exploring the relationship between music and emotion. Bringing together contributions from psychologists, neuroscientists, musicologists, musicians, and philosophers, the volume presents both theoretical perspectives and in-depth explorations of particular musical works, as well as first-hand reports from music performers and composers. In the first section of the book, the authors consider the expression of emotion within music, through both performance and composing. The second section explores how music can stimulate the emotions, considering the psychological and neurological mechanisms that underlie music listening. The third section explores how different societies have sought to manage and manipulate the power of music. The book is valuable for those in the fields of music psychology and music education, as well as philosophy and musicology

Hurry Walter, There Is a Possum in the Hen House Cricket Webb,2020-03-13 The book was created over the years of true stories of what happened to a family that some will say no way could happen. I promise you; there is no way this stuff could ever be made up! One person in the family loved the stories and could always tell them as they happened and pretend to be each person in every occurrence. The family had encouraged this person for years to write the stories into a book so others could laugh as well. It seemed all stories you could buy in this day and time were criminal fast pace stories, sad stories, love stories, murders, trials; well, you get the idea. It was time for a humorous book that was about real people and real stories that were honestly true. You will notice the family has a huge heart for animals and people in need, and sometimes their huge heart for animals could cause them lack of sleep but they never seemed to mind to help with some of God’s chores. They were laboring, working-class people who were as honest as the day is long. They kept their nose in their own business even though they may not understand some of the stuff that was going on with their neighbors. It still was none of their business. What was their business however, was taking care of grandkids, great-grandkids, and all the animals that made up the zoo there on the farm and all the fun stuff that came along with it. They were not ashamed to tell their stories. It happens to everyone; some people want to act like it never happens to them. I promise you at some time in your life, you will step into some dog poop.

D.M. Armstrong R. Bogdan,2012-12-06 The aim of this series is to inform both professional philosophers and a larger readership (of social and natural scientists, methodologists, mathematicians, students, teachers, publishers, etc.) about what is going on, who's who, and who does what in contemporary philosophy and logic. **PROFILES** is designed to present the research activity and the results of already out standing personalities and schools and of newly emerging ones in the various fields of philosophy and logic. There are many Festschrift volumes dedicated to various philosophers. There is the celebrated Library of Living Philosophers edited by P. A. Schilpp whose format influenced the present enterprise. Still they can only cover very little of the contemporary philosophical scene. Faced with a tremendous expansion of philosophical information and with an almost frightening division of labor and increasing specialization we need systematic and regular ways of keeping track of what happens in the profession. **PROFILES** is intended to perform such a function. Each volume is devoted to one or several philosophers whose views and results are presented and discussed. The profiled philosopher(s) will summarize and review his (their) own work in the main fields of Significant contribution. This work will be discussed and evaluated by invited contributors. Relevant historical and/or biographical data, an up-to-date bibliography with short abstracts of the most important works and, whenever possible, references to significant reviews and discussions will also be included.
