**Black Notes** William C. Banfield, 2004 Following in the footsteps of renowned authors like Alain Locke, Harold Cruse, and Amiri Baraka, *Black Notes: Essays of A Musician Writing in A Post-Album Age*, takes as its mission an important aesthetic inquiry, asking the compelling questions: How did we get where we are? What's next among this generation's artistic voices, concerns, and practices? What is the future of Black Popular Music? In this fascinating collection of essays, interviews, and notes, Author William C. Banfield celebrates and critiques the values of contemporary Black popular

music through the exploration of both present and past voices and movements. From his unique vantage point as musician, artist, and writer, Banfield examines a variety of influences in the music world, from 17th-century composer/violinist Chevalier de St. Georges to jazz giant Duke Ellington; from producer Quincy Jones to pop legend Prince. Using a wide-angle lens, Banfield effectively draws from the academic world of cultural studies as well as a plethora of popular culture examples, including contemporary Black American composers, films, and television shows.

**Prepare, Present, and Practice** Maxine Beasley, 2007-03 Upon completion of a Kodaly certification program, the need for plans to

develop a method of PREPARING, PRESENTING, and PRACTICING a concept was still a challenge. The following lessons were developed as a means to provide a solution to the problem. Consideration had to be given to teacher grade assignment and previous music study by students. The plans were taught to fourth and fifth grade students at Ogden Elementary school in Beaumont, Texas. These students had no previous knowledge of Kodaly method. Classes were held twice a week for forty-five minutes. Success of the program was apparent by the students' participation in Middle and High School music organizations.

*Inside Coca-Cola* Neville Isdell,David Beasley,2011-10-25 The first book by a Coca-Cola CEO tells the remarkable story of the company's revival Neville Isdell was a key player at Coca-Cola for more than 30 years, retiring in 2009 as CEO after regilding the tarnished brand image of the world's leading soft-drink company. This first book by a Coca-Cola CEO tells an extraordinary personal and professional world-wide story, ranging from Northern Ireland to South Africa to Australia, the Philippines, Russia, Germany, India, South Africa and Turkey. Isdell helped put out huge public relations fires (India and Turkey), opened markets(Russia, Eastern Europe, Philippines and Africa), championed Muhtar Kent, the current Turkish-American CEO, all while living the ideal of corporate responsibility. Isdell's, and Coke's, story is newsy without being gossipy;

principled without being preachy. Inside Coca-Cola is filled with stories and lessons appealing to anybody who has ever taken the pause that refreshes. It's also a readable and important look at how companies can market and govern themselves more-ethically and to great success.
