### *So You Want to Direct TV?* Jacob

Pinger,2020-06-26 Becoming a TV director is nothing like other professions. There is no road map. Traditionally, the only way to break in was through access to a powerful mentor to show you the way, but today creative people with a drive to direct are finding their own ways into the industry. In this book of interviews, working TV directors show you exactly how they did it. No two stories are exactly alike. These deeply personal interviews with a racially and culturally diverse range of eight women and eight men are candid and full of practical insights. For the first time in

the 100-plus year history of the entertainment industry there are increasing opportunities to rise into the director's chair. This book reflects the hope and promise of a new era. Open the cover and discover the mentor you deserve.

### **Understanding the Classical Music Profession**

Dawn Elizabeth Bennett, 2008 *Understanding the Classical Music Profession* is an essential resource for educators, practitioners and researchers who seek to understand the careers of classically-trained musicians, and the extent to which professional practice is reflected within existing classical performance-based music education and training. Bennett maintains that a musician cannot be simply defined as a performer, but that a musician is someone who works within the profession of music in one or more specialist fields. The perception of a musician as a multi-skilled professional working within a portfolio career has significant implications for policy, funding, education and training, and for practitioners and students seeking to achieve sustainable careers.

### **Producing for TV and New Media** Cathrine

Kellison, Dustin Morrow, Kacey Morrow, 2013-02-11 This book provides a thorough look at the role of the producer in television and new media. Written for new and aspiring producers, it looks at both the big picture and the essential details of this demanding job. In a series of interviews, seasoned TV and new media producers share their real-world professional practices to provide rich insight into the complex, billion-dollar industries. The third edition features more on the topics of new media and what that encompasses, covering the expansion of the global marketplace of media content. The traditional role of a television producer is transforming into a new media producer, and this book provides a roadmap to the key differences, and similarities, between the two.

**Leonard Bernstein and His Young People's Concerts** Alicia Kopfstein-Penk, 2015-01-22 Leonard Bernstein touched millions of lives as composer, conductor, teacher, and activist. He frequently visited homes around the world through the medium of television, particularly through his fifty-three award-winning Young People's Concerts (1958-1972), which at their height were seen by nearly ten million in over forty countries. Originally designed for young viewers but equally attractive to eager adults, Bernstein's brilliance as a teacher shined brightly in his televised presentations. And yet, despite the light touch of the "maestro," the innocence of his audience, and the joyousness of each show's topic, the turbulence of the times would peek through. In this first in-depth look at the series, Alicia Kopfstein-Penk's Leonard Bernstein and His Young People's Concerts illustrates how the cultural, social, political, and musical upheavals of the long sixties impacted Bernstein's life and his Young People's Concerts. Responding to trends in

corporate sponsorship, censorship, and arts programming from the Golden Age of Television into the 1970s, the Young People's Concerts would show the impact of and reflect the social and cultural politics of the Cold War, Vietnam, the Civil Rights and Women's Movements, and the Counterculture. Bernstein cheerfully bridged classical and popular tastes, juxtaposing the Beatles with Mozart even as he offered personal, televised pleas for peace and unity. At the same time, the concerts reflect Bernstein's troubled relationship as a professional musician with the dominance of atonality and his quest to nurture American music. Anyone who enjoys the oeuvre of Leonard Bernstein, has watched his Young People's Concerts, or is passionate about the history of the long sixties will find in Leonard Bernstein and His Young People's Concerts a story of all three captured in this monumental study.

**The Films of John G. Avildsen** Larry Powell, Tom Garrett, 2013-12-05 The life and work of American director John G. Avildsen is thoroughly examined in this detailed filmography and critical study. Each of the most significant films made by the Oscar-winning Avildsen is given a separate chapter, including such critical successes as *Joe and Save the Tiger*, and box-office blockbusters *Rocky* and its sequels and the *Karate Kid* series.

The authors' observations on these and other titles--some well known, others less familiar--are enhanced by extensive production notes, and by commentary from John G. Avildsen himself. Cinema historian Jean Bodon of Sam Houston State University provides a foreword.

*Radio Fun and the BBC Variety Department, 1922–67* Martin Dibbs, 2018-09-17 This book provides a narrative history of the BBC Radio Variety Department exploring, along chronological lines, the workings of, tensions within and the impact of BBC policies on the programme-making department which generated the organisation's largest audiences. It provides an insight into key events, personalities, programmes, internal politics and trends in popular entertainment, censorship and anti-American policy as they individually or collectively affected the Department. Martin Dibbs examines how the Department's programmes became markers in the daily and weekly lives of millions of listeners, and helped shape the nation's listening habits when radio was the dominant source of domestic entertainment. The book explores events and topics which, while not directly forming part of the Variety Department's history, nevertheless intersected with or had an

impact on it. Such topics include the BBC's attitude to jazz and rock and roll, the arrival of television with its impact on radio, the pirate radio stations, and the Popular Music and Gramophone Departments, both of whom worked closely with the Variety Department.
