Search Engine Marketing, Inc. Mike Moran, Bill Hunt, 2014-12-09 The #1 Step-by-Step Guide to Search Marketing Success...Now Updated and Reorganized to Help You Drive Even More Value For years, Search Engine Marketing, Inc. has been the definitive practical guide to driving value from search. Now, Mike Moran and Bill Hunt have completely rewritten their best-seller to present valuable new strategies, best practices, and lessons from experience. Their revamped and reorganized Third Edition introduces a holistic approach that integrates organic and paid search, and complements them both with social media. This new approach can transform the way you think about search, plan it, and profit from it. Moran and Hunt address every business, writing, and technical element of successful search engine marketing. Whatever your background, they help you fill your skills gaps and leverage the experience you already have. You'll learn how search engines and search marketing work today, and how to segment searchers based on their behavior, successfully anticipating what they're looking for. You'll walk through formulating your custom program: identifying goals, assessing where you stand, estimating costs, choosing strategy, and gaining buy-in. Next, you'll focus on execution: identifying challenges, diagnosing and fixing problems, measuring performance, and continually improving your program. You'll learn how to Focus relentlessly on business value, not tactics Overcome the obstacles that make search marketing so challenging Get into your searcher's mind, and discover how her behavior may change based on situation or device Understand what happens technically when a user searches—and make the most of that knowledge Create a focused program that can earn the support it will need to succeed Clarify your goals and link them to specific measurements Craft search terms and copy that attracts your best prospects and customers Optimize content by getting writers and tech people working together Address the critical challenges of quality in both paid and organic search Avoid overly clever tricks that can destroy your effectiveness Identify and resolve problems as soon as they emerge Redesign day-to-day operating procedures to optimize search performance Whether you're a marketer, tech professional, product manager, or content specialist, this guide will help you define realistic goals, craft a best-practices program for achieving them, and implement it flawlessly. Professional Sitecore 8 Development Phil Wicklund, Jason Wilkerson, 2016-11-18 Structure templates and content within Sitecore, work with integrated tools, and leverage its extensive automation capabilities. Sitecore was recently recognized as one of the most reputable and reliable, enterprise-class web content management solutions (WCMS) available in the marketplace. Thousands of companies are using Sitecore to manage their digital experiences online. Because Sitecore is such a large, complex platform, developers often have a hard time coming up to speed, even after completing a Sitecore training course for developers. However, leveraging the design patterns and other practices laid out in this book will make that transition much easier. Professional Sitecore 8 Development provides a soup-to-nuts approach for a Sitecore rookie to come up to speed quickly, as well as provide more advanced techniques for seasoned veterans that they may not be exposed to otherwise. Key coverage areas include: Getting started with Sitecore development Front-end development techniques Incorporating design patterns into your Sitecore solutions Unit testing Sitecore applications Programming Sitecore's marketing capabilities Sitecore automation with PowerShell Advanced development techniques What you'll learn Develop solutions on the Sitecore platform Come up to speed on Sitecore without going through a training class Build front-end (HTML, CSS, Angular, etc.) solutions as well as back-end (C#) solutions on Sitecore Incorporate design patterns into your Sitecore solutions Make use of advanced Sitecore development techniques Who This Book Is For The book is a developer's companion, both front end and back end developers. The target audience is both developers who have zero Sitecore experience, as well as seasoned veterans looking for advanced best practices. A secondary audience would be Sitecore administrators who would benefit from discussions around performance tuning and security.
