**Glimpses of Oneida Life** Karin Michelson, Norma Kennedy, Mercy Doxtator, 2016-01-01 Glimpses of Oneida Life is a remarkable compilation of modern stories of community life at the Oneida Nation of the Thames Settlement and the surrounding area. With topics ranging from work experiences and Oneida customs to pranks, humorous encounters, and ghost stories, these fifty-two unscripted narrations and conversations in Oneida represent a rare collection of first-hand Iroquoian reflections on aspects of daily life and culture not found in print elsewhere. Each text is presented in Oneida with both an interlinear, word-by-word translation and a more colloquial translation in English. The book also contains a grammatical sketch of the Oneida language by Karin Michelson, co-author of the Oneida-English/English-Oneida Dictionary, that describes how words are structured and combined into larger linguistic structures, thus allowing Glimpses to be used as a teaching text as well. The engrossing tales in Glimpses of Oneida Life will be a valuable resource for linguists and language learners, a useful source for those studying the history and culture of Iroquois people in the twentieth-century, and an entertaining read for anyone interested in everyday First Nations life in southern Ontario.

**The Second Coming and I: a Reading for Leanne Long** John Kordupel, 2018-07-06 How deep does the Second Creation go? The Second Coming and I: A Reading for Leanne Long seeks to answer this question. Book 1 seeks to prove reincarnation and in doing so, reveal the Second Creation. It translates alphabetical names into numerical names, permitting us to determine whether there is a nonrandom energy between different people. The greater the degree of nonrandomness, the greater the probability that one is a reincarnation of the other. It also demonstrates that our reincarnation history takes us back to the first medicine wheel, Sirius (Lemuria), home to Adam, who subsequently manifests as Jesus. Finally, author John Kordupel addresses the question of how one cures an illness that had its genesis in a previous lifetime, arising from negative energy built up over a lifetime and continuing through death. Kordupel sought out energy healer Leanne Long in an attempt to dissipate the negative energies influencing his own life, and now he shares his discoveries with the world. This study, the first volume in a series, explores a wide range of topics relating to spirituality and energies that shift among people and across lives.
