Cecil Beaton Hugo Vickers,2020-03-05 Cecil Beaton was one of Britain's greatest cultural icons - not just as a photographer capturing some of the most celebrated portraits of the 20th century but also as designer of the iconic sets and costumes for the films *My Fair Lady* and *Gigi*. In 1980, Beaton personally chose Hugo Vickers to be his biographer, entrusting him with his diaries and the entire body of letters he had written - both personally and professionally - over the course of his life. Drawing on five years of intensive research and interviews with the likes of Audrey Hepburn, Truman Capote, Princess Grace of Monaco and Sir John Gielgud, Vickers' biography was an instant bestseller upon its publication in 1985. Exploring Beaton's metamorphosis from being the child of a staid middle-class family to an international figure mingling with the glittering stars of his age, the biography also details his great love for Greta Garbo and reveals his private sense of failure that the success he always wanted - as a playwright - eluded him. Republished in a new paperback edition in time for *Bright Young Things*, a major exhibition at the National Portrait Gallery in 2020, Cecil Beaton is the definitive and authorised biography of one of the world's most fascinating, famous and admired photographers.

Curandero: a Physician'S Life Journey Don Blossom MD,2010-12-03 Don Blossom, a certified pediatrician for more than four decades, relives a personal journey from childhood through a long career in medicine. Occasionally, over the course of his career, he came to think of himself as a curandero, a folk healer who serves Native Americans and Hispanic America. Before he found his calling, however, Blossom had to survive his youthful exuberance including a tour overseas as a US Army Special Forces paratrooper. After several months, he yearned to catch a glimpse of an American girl. He got his chance when he was honorably discharged and met Ellie, a beguiling lass from New Orleans. In love, he faced a future in medical school and other obstacles before realizing his dream of becoming a doctor. Blossom succeeded, becoming a doctor in private practice in a small New Mexico community, just as the field of medicine experienced some serious changes. He recalls his many adventures in medical diagnosis, the demands of a professional career in pediatrics, and the evolution of his private and family life. In his manuscript Blossom targets physicians &

nurses, healthcare administrators & medical educators, parents & teachers, as well as the evolution of healthcare in America. Explore the daily life and responsibilities of a pediatrician working in a small town and join Blossom as he reminisces about his experiences in Alaska, Russia, New Zealand and beyond in *Curandero: A Physicians Life Journey*.
