*Becoming Thuperman* Elgon Williams,2023-12-17 What if you could take make-believe and make it real? It's the summer of 1988 and little is normal about Will and Sandra, except for the name of their town, Normal, Illinois. The two precocious eight-year-olds share overactive imaginations, a love of baseball and genuine affection for each other. But over the course of a single, fateful week at the beginning of their summer vacation the duo discovers budding superhero powers. Each day is a new adventure and an excuse for them to get on their bikes and enjoy being kids. Down the street from where they live is a spooky old house. An elderly woman and her older brother live there along with an overly protective dog that barks at the kids, frightening them as they pass by the house on their bikes. Children in the neighborhood believe the old lady is actually a witch and the old house is haunted. And there's a rumor that she keeps kids locked in her basement. Sandra helps Will overcome his lack of confidence. Will convinces Sandra to stand up to her mother and become what she wants to be. Together, the kids use a map/maze that Sandra created to explore their imaginations, taking a detour through a fantastic world where they serve as fairy royalty. But when reality rudely intrudes on their idyllic world, Will and Sandra unlock their true potential as a crime fighting team when they are forced to save the day from two dangerous men.

*I Told You I Wasn't Perfect* Denny McLain,Eli Zaret,2007-04-01 In 1968, 24-year old Denny McLain turned the baseball world upside down by winning 31 games for the Detroit Tigers. McLain was also a musician. After he won both the MVP and Cy Young Awards in '68, he cut two albums for Capitol Records and played the Hammond organ in a three-week stint in Las Vegas. But winning games and performing on stage were never enough for McLain. He was driven by an insatiable thirst for attention and adventure and in 1969, flying back from a dental appointment in Detroit that he could have rescheduled, Denny arrived 20 minutes after he was supposed to have thrown out the first pitch of the All-Star Game in Washington, D.C. McLain recounts his fabulous success in one of baseball's most exciting eras, as well as his rapid fall from glory, two prison stints, and a horrific personal tragedy. It's one of the most compelling baseball memoirs to come along in a generation.

**Argumentation** E.M. Barth,J.L. Martens,1982-01-01 The contributions in the first part 'Re-modelling logic' of this volume take account of formal logic in the theory of 'rational' argumentation. Part two contains papers that distinguish the various dialogue games for logics in terms of 'rights' and 'obligations' of the players. The authors following in the third section study the interaction between participants in a dialogue. Here the tools of the logician are used for the wider purpose of studying the nature of dialogue. The fourth section concern modes of argumentation that are actually found in philosophical texts from earlier centuries. To be followed by contributions in Part five that may be read as attempts to retrieve what was left of the spirit of criticism and debate in philosophy after the onslaught of Cartesianism and idealism.

The Hypochondriac's Guide to Life. And Death. Gene Weingarten,2010-05-20 When every hiccup sounds like the call of doom, each stomach pang hints at incipient cancer, and a headache means it's time to firm up your last will and testament, *The Hypochondriac's Guide to Life. And Death.* provides just the relief you need. Gene Weingarten has spent his whole life immersed in the eclectic details of bizarre symptoms, self-diagnosing every minor ache as a potentially deadly disease. Weingarten examines: The mind of a hypochondriac How your doctor can kill you Ulcers and other visceral fears The snaps, crackles, and pops of your body that spell disaster Things that can take an eye out Interpreting DocSpeak Blending the neurotic anxieties of Woody Allen, the folksiness of Garrison Keillor, and the absurdist vision of Dave Barry, Gene Weingarten conjures up a hilarious prescription for the hypochondriac that lurks inside all of us.

School Fever Brod Bagert,2008-07-03 A kid's-eye view of school, crammed with enough funny to fill a big yellow bus! Snappy and hilarious in true Brod Bagert style, these goofy poems are united by their kid authenticity and quirky school themes. From a computer virus that one kid claims is sure to keep him homesick until summer vacation, to the librarian who tames the savage beast (a mouse run amok in the library), to a superhero recruited to scare off the school bully, this is most definitely not your typical poetry collection. Robert Neubecker's bright, dynamic artwork propels each poem into another stratosphere of funny. By the end, kids will have contracted a different strain of school fever altogether. Kids will appreciate the humor and will see themselves in the high-energy narrator—Booklist

*After the Fall* Craig DeMartino,2013 Craig DeMartino never thought this would happen to him. He was 100 feet up a cliff in Rocky Mountain National Park when—with one

step—his 13 years of rock climbing experience and 15 pounds of gear plummeted with him to the ground. Expert climbers say that if you fall 10 feet you have a 10% chance of dying, a 20% chance at 20 feet, 30% at 30, and so on. Craig fell 100 feet. By basic calculation, Craig should not be alive today. But he is. For anyone who has been knocked down or run over by life, *After the Fall* not only offers an engaging read but also provides a clear message of hope: sometimes the greatest gift we can receive isn't just healing, but the power to endure.

*Swoon* Nina Malkin, 2009-05-19 In rural Connecticut, when seventeen-year-old Dice tries to exorcise a seventeenth-century man who is possessing her cousin Pen, she inadvertently makes him corporeal--and irresistible.

**Paranoia Blues** Josh Pachter, 2022-10-31 Across five studio albums with Art Garfunkel (1964-1970) and fourteen solo albums (1965-2018), Paul Simon's music and lyrics have inspired generations of listeners. For *Paranoia Blues*, nineteen masters of contemporary short crime fiction wrote new stories, each inspired by one of Simon's songs: one from each of the five Simon and Garfunkel studio albums (plus a bonus second story inspired by a song from *Bridge Over Troubled Water*) and one from each of the fourteen solo studio albums. The contributors include award-winners E.A. Aymar, Martin Edwards, Cheryl A. Head, Edwin Hill, Tom Mead, Raquel V. Reyes, Gabriel Valjan, and a dozen more—plus the first new story by Robert Edward Eckels in more than forty years! This is the fifth “inspired by” anthology edited by Josh Pachter, a recent winner of the Short Mystery Fiction Society's Golden Derringer Award for Lifetime Achievement; the previous books drew on the music of Jimmy Buffett, Billy Joel, and Joni Mitchell—and the films of the Marx Brothers.

My Squirrel Days Ellie Kemper, 2019-07-02 Comedian and star of *The Office* and *Unbreakable Kimmy Schmidt* Ellie Kemper delivers a hilarious, refreshing, and inspiring collection of essays “teeming with energy and full of laugh-out-loud moments” (Associated Press). “A pleasure. Ellie Kemper is the kind of stable, intelligent, funny, healthy woman that usually only exists in yogurt commercials. But she's real and she's all ours!” —Tina Fey “Ellie is a hilarious and talented writer, although we'll never know how much of this book the squirrel wrote.”—Mindy Kaling Meet Ellie, the best-intentioned redhead next door. You'll laugh right alongside her as she shares tales of her childhood in St. Louis, whether directing and also starring in her family holiday pageant, washing her dad's car with a Brillo pad, failing to become friends with a plump squirrel in her backyard, eating her feelings while watching PG-13 movies, or becoming a “sports monster” who ends up warming the bench of her Division 1 field hockey team in college. You'll learn how she found her comedic calling in the world of improv, became a wife, mother and New Yorker, and landed the role of a bridesmaid (while simultaneously being a bridesmaid) in *Bridesmaids*. You'll get to know and love the comic, upbeat, perpetually polite actress playing Erin Hannon on *The Office*, and the exuberant, pink-pants-wearing star of *Unbreakable Kimmy Schmidt*. If you've ever been curious about what happens behind the scenes of your favorite shows, what it really takes to be a soul cycle “warrior,” how to recover if you accidentally fall on Doris Kearns Goodwin or tell Tina Fey on meeting her for the first time that she has “great hair—really strong and thick,” this is your chance to find out. But it's also a laugh-out-loud primer on how to keep a positive outlook in a world gone mad and how not to give up on your dreams. Ellie “dives fully into each role—as actor, comedian, writer, and also wife and new mom—with an electric dedication, by which one learns to reframe the picture, and if not exactly become a glass-half-full sort of person, at least become able to appreciate them” (Vogue.com).

*Doors of Sleep* Tim Pratt, 2021-01-12 What would you do if you woke up and found yourself in a parallel universe under an alien sky? This is the question Zax Delatree must answer every time he closes his eyes. Every time Zax Delatree falls asleep, he travels to a new reality. He has no control over his destination and never knows what he will see when he opens his eyes. Sometimes he wakes up in technological utopias, and other times in the bombed-out ruins of collapsed civilizations. All he has to live by are his wits and the small aides he has picked up along the way - technological advantages from techno-utopias, sedatives to escape dangerous worlds, and stimulants to extend his stay in pleasant ones. Thankfully, Zax isn't always alone. He can take people with him, if they're unconscious in his arms when he falls asleep. But someone unwelcome is on his tail, and they are after something that Zax cannot spare - the blood running through his veins, the power to travel through worlds... File Under: Science Fiction [ Green Power | Sweat Dreams | Waking Nightmare | Zax of all Trades ]

My Box of Jewels R. Jackson Kathy R. Jackson, 2010-02 Follows the trials and tribulations of Pearl, a witty, down-home southern matriarch, from her birth on a Mississippi farm in the 1930s through her move to St. Louis, where she marries, raises a family, and converts to Catholicism.

*Re-Envisioning Higher Education* Jing Lin, Rebecca L. Oxford, Edward J. Brantmeier, 2013-10-01 This book will expand the horizon of higher education, helping students, faculty and administrators to return to their roots and be in touch with their whole being. This book stresses that learning is much more than just accumulating knowledge and skills. Learning includes knowing ourselves—mind, body, and spirit. The learning of compassion, care, and service are as crucial or even more important in higher education in order for universities to address students' individual needs and the society's needs. Higher education must contribute to a better world. The book acknowledges that knowing not only comes from outside, but also comes from within. Wisdom is what guides students to be whole, true to themselves while learning. There are many ancient and modern approaches to gaining wisdom and wellness. This book talks about contemplative methods, such as meditation, qigong, yoga, arts, and dance, that help people gain wisdom and balance in their lives and enhance their ability to be reflective and transformative educators and learners.
