*Tell My Horse* Zora Neale Hurston,2009-10-13 “Strikingly dramatic, yet simple and unrestrained . . . an unusual and intensely interesting book richly packed with strange information.” —New York Times Book Review Based on Zora Neale Hurston’s personal experiences in Haiti and Jamaica, where she participated as an initiate rather than just an observer of voodoo practices during her visits in the 1930s, this travelogue into a dark world paints a vividly authentic picture of the ceremonies, customs, and superstitions of voodoo.

*My Horse* Candice Letkeman,2017-08-01 Did you know that there are more than 300 kinds of horses on Earth? Some horses run in races and win trophies. Discover more about these amazing animals in *My Horse*.

**My Very Own Horse Book** Cornelia Thompson,2009-08 Everything anyone would want to know about horses is here, from gaits and grooming, to breeds and body language, to neighs and nickers (there's a difference)! To apply all this horse sense, look no further than your own model horse, packaged with every copy. Custom made for us to our own design, it's hand-painted and absolutely collector-quality.

Think Like a Horse Grant Gollhofer,2022-05-31 In *Think Like a Horse*, veteran “horse whisperer” and leadership expert Grant Gollhofer applies his hard-won horse sense to teach invaluable lessons anyone can use to live a fuller, more successful life. Grant Gollhofer is what some would call a “horse whisperer,” able to get a wild horse to calmly accept a saddle and a rider without the use of force. Through training thousands of horses, many traumatized or abused, Gollhofer was able to learn essential lessons about communication, boundaries, fairness, trust, and respect—lessons that apply not just to horses but to humans as well. It’s why celebrities, Fortune 500 executives, professional coaches, supreme court justices, and even ordinary families from around the world flock to his Wyoming ranch every year to take part in what one CEO called “the most transformational experience I have ever encountered.” Horse whispering may sound like magic, but as Grant explains in *Think Like a Horse*, it’s not really all that mysterious. The lessons he shares are as fundamental and ageless as the relationship between horses, the people who ride them, and the beauty of the West. In fact, it’s an approach that anyone can learn, and should learn, in order to better understand our common humanity, overcome trauma, foster more fulfilled relationships, and unlock untapped potential in virtually every aspect of our lives. All you have to do is think like a horse.

Horse Speak: An Equine-Human Translation Guide Sharon Wilsie,Gretchen Vogel,2016-11-29 *Horse Speak* is not a training method or technique—it is a practical system for “listening” and “talking” to horses in their language, instead of expecting them to comprehend ours. *Horse Speak* can be used by anyone who works with horses, whether riding instructor, colt starter, recreational rider, or avid competitor. It promises improved understanding of what a horse is telling you, and provides simple replies you can use to tell him that you “hear” him, you “get it,” and you have ideas you want to share with him, too. The result? Time with your horse will be full of what horse trainer and equine-assisted learning instructor Sharon Wilsie of Wilsie Way Horsemanship calls Conversations, and soon the all-too-common misunderstandings that occur between horse and human will evolve into civil discussions with positive and progressive results! Learn *Horse Speak* in 12 easy steps; understand equine communication via breath and body language; and discover the Four Gs of *Horse Speak*: Greeting, Going Somewhere, Grooming, and Gone. Practice regulating your intensity, and sample dozens of ready-made Conversations with your horse, as step-by-step templates and instructional color photographs walk you through the eye-opening process of communicating on a whole new level.

Where Does My Horse Hurt? Renee Tucker,2018-07-01 Keep your horse pain-free and performing his best! Introducing 27 simple body checkups you can do on your horse—Where Does My Horse Hurt? is a do-it-yourself method for determining when and where your horse hurts. With this easy-to-follow book, conveniently spiral-bound so you can lay it open on your tack trunk and follow the instructions as you work on your horse, you will: • Become familiar with your horse's normal range of movement so you can prevent minor issues from becoming major. • Stay in tune with areas of temporary or chronic discomfort so you can offer relief as needed. • Solve mystery or phantom lamenesses that come and go seemingly without reason. • Save thousands of dollars by avoiding expensive diagnostics that rarely get you answers. • Learn how to discuss potential problem areas with farriers, veterinarians, and bodyworkers. • Keep your horse actively and happily in work for more months of the year, and more years of his life.

*My Year With a Horse* Hazel Southam,2016-07-22 Hazel had been scared of horses for all her life, and an earlier attempt to overcome her fear had ended in failure. She was still overcoming fear in other areas, travelling around the world with her job, reporting on areas recovering from war, famine, disease and catastrophe. And eventually she took up riding again - only to face bigger fears, when illness struck her. Even worse, her father's dementia grew so bad that her mother had a heart attack and Hazel had to put her father into a home. As illness threatened to derail her career, and family tragedy looked likely to break her heart, she was loaned a big old horse called Duke. He stood far taller than her at every point, and she was afraid. Yet somehow, as she rode him through the Hampshire countryside, she found solace and healing. Gradually her fears began to subside.

Are You a Horse? Andy Rash,2009 For his birthday, Roy's friends give him a saddle and some very specific instructions:1. Find a horse. 2. Enjoy the ride!Roy has never met a horse, but he's game to try: A snake tells him to look for a creature withlegs. A crab has six legs, but he's too unfriendly to be a horse. A friendly chameleon smiles atRoy, but horses don't change colour....What's a horseless cowboy to do?This hilarious picture book perfectly demonstrates the process by which children (and scientists!)understand our world--and the silliness that will make them laugh out loud.

**The Outside of a Horse** Ginny Rorby,2010-05-13 Hannah Gale starts volunteering at a horse stable because she needs a place to escape. Her father has returned from the Iraq war as an amputee with posttraumatic stress disorder, and his nightmares rock the household. At the stable, Hannah comes to love Jack, Super Dee, and Indy; helps bring a rescued mare back from the brink; and witnesses the birth of the filly who steals her heart. Hannah learns more than she ever imagined about horse training, abuse, and rescues, as well as her own capacity for hope. Physical therapy with horses could be the answer to her father’s prayers, if only she can get him to try.

My Horse, My Heart Helen Scanlon,2013-07 The story of the UConn Morgan Horse breeding program, featuring chapters on the herd sires and top-producing broodmares from the 1930s-2000s.

**Everything I Know About Life I Learned From My Horse** Gwen Petersen,2010-11-10 Gwen Petersen earlier enlightened us on the joys of shoveling manure. Now, in this delightful new collection of pithy and hilarious essays, she explains how her philosophy of life comes with a good dose of horse sense. Here’s advice on how to fall off a horse with style, dressing to avoid embarrassing your equine friend, 1,001 uses for bag balm, perfecting the care and feeding of veterinarians and farriers, cattle drives and brandings, and falling in love all over again (with a horse, that is). Petersen’s words are as amusing as they are instructive, and whether you’re a horse lover or simply someone in need of a down-to-earth laugh, this is a book you won’t want to miss.
