**A Just Energy Transition** Ed Atkins,2023-07-28 To reduce emissions and address climate change, we need to invest in renewables and rapidly decarbonise our energy networks. However, decarbonisation is often seen as a technical project, detached from questions of politics and social justice. What if this is leading to unfair transitions, in which some people bear the costs of change while others benefit? In this timely and expansive book, Ed Atkins asks: are we getting decarbonisation right? And how could it be made better for people and communities? In doing so, this book proposes a different type of energy transition. One that prioritises and takes opportunities to do better – to provide better jobs, community ownership and improve people's homes and lives.

**F Danielle Butterly**,2020-11-22 Danielle Butterly is a millennial who understands that with darkness comes teachings. Still, when she was diagnosed with an autoimmune disease at age fifteen, she struggled with a way to heal not only her physical body, but also her mind and spirit. It was that desire to understand herself in a deeper way and to rejuvenate her whole self that led her to travel the world at age twenty-three. In a vivid narrative, Danielle chronicles her solo travel adventure as she journeyed from Arizona around the world to such locations as Thailand, Bali, Indonesia, the holy Himalayan Mountains of India, a farm in the South of France, and Sweden with nothing but a backpack and a crazy surrender-to-life mindset. While revealing her lessons learned along the way, Danielle provides an introspective glimpse into how she opened herself to receive insight from every adventure while finding the courage to trust that living consciously will always lead her in the right direction. **My World** MICHAEL JEAN NYSTROM-SCHUT,2004-05-19 Let me tell you how much fun it is to be a book writer! One of my friends recently said to me, I dont even know anyone whos ever READ a book, let alone WRITE one! I was amused. Well you know its really not so hard to write a book. You just talk about what you feel, and organize your thoughts along the way. At some point, as you stay determined to make it happen, the book comes into the world. For me, now having compiled over 30 book-length manuscripts of various topics and subject matter, I have become more and more inclined to share the way I see the world with others along the way. You might call what I like to write about as having to do with personal philosophy, or individual world view. Everyone has a way they see their world; this book is part of how I see mine. It seems that all kinds of people have something to say about what life is and is not. I am like most people, so am no exception. I have come to enjoy giving such opinions and points of view with just about anyone who will listen. I wrote this book, MY WORLD: The First 50 Years, because I wanted to be sure and document the way life appeared to be to me at the half-century mark in my personal growth and evolution. I did it in a way that enables you to read right through it, or, if you prefer, you can take it slowly, over a one-year span of time, and think about the ideas and thoughts carefully. How you read the book is entirely up to you. Ten years earlier I had written a similar book (Earth Dwelling: An Owners Manual for Life) in order to share thoughts about the meaning and purpose of life. It is amazing the difference that ten years can make! I like to think that I am growing! Gee. Could that be? I sure hope so! People from the worlds of philosophy, religion and the popular culture are anxious to share the way they see the world with others. I have a passion to do that also, and so I wrote this book in order to summarize how things in life appeared to me. I could be way off - you decide for yourself. At any rate, my world is MY way of seeing life...in YOUR world, you will see it your special way and that is part of the beauty of this life. Each person is free to see it differently, and that is our basic right to do so. I like that. I actually feel so strongly about what I am saying here that I created a web site (which is called HowIseetheworld.com) to talk about and share ideas with others. Take a look at it some time. Thoughts are powerful, and have a tendency to either make you great, or even destroy you before your time. So, think good thoughts! And enjoy the book as well!

She finds serenity in the serenade of a hot, young musician. His beautiful soul carries her to the outermost galaxies, but is this love or just her imagination? Love is delayed and faith is tested when a second musician enters the picture. She is caught between self-interest and national security—a decoy that makes Big Brother's ever-watchful eyes cross. Solace is found

beneath the placid Pacific until climate change brings winter waves, currents, and surf so strong that there may be no returning from the sea. How does one distinguish between coincidence and the intricate connection of life's unseen undercurrents? Time moves on. Peace found beneath the ocean is not found on dry land as health concerns and bills overtake her. In her darkest hour, lessons are learned. The world crashes in on her soul like a tidal wave tossing her around the sea. She is caught in a tsunami, wave after wave after wave, with no way back to shore—or is there?

*Shame, Pride, and Relational Trauma* Ken Benau, 2022-03-17 Shame, Pride, and Relational Trauma is a guide to recognizing the many ways shame and pride lie at the heart of psychotherapy with survivors of relational trauma. In these pages, readers learn how to differentiate shame and pride as emotional processes and traumatic mind/body states. They will also discover how understanding the psychodynamic and phenomenological relationships between shame, pride, and dissociation benefit psychotherapy with relational trauma. Next, readers are introduced to fifteen attitudes, principles, and concepts that guide this work from a transtheoretical perspective. Therapists will learn about ways to conceptualize and successfully navigate complex, patient-therapist shame dynamics, and apply neuroscientific findings to this challenging work. Finally, readers will discover how the concept and phenomena of pro-being pride, that is delighting in one's own and others' unique aliveness, helps patients transcend maladaptive shame and pride and experience greater unity within, with others, and with the world beyond.

*Corporate Bitch to Shaman* Evelyn Brodie, 2013-09-09 Evelyn Brodie worked as an economist in government and the City, then as a live television journalist, Head of Financial Communications and strategic communications consultant, until undeniable experiences forced her to change her belief system. 'I had unconsciously adopted the role of Scary Corporate Bitch, which required me to suppress my femininity, intuition and compassion in favour of being super-rational, judgemental and selfish. I had absolutely no religious or spiritual beliefs.' Today, Evelyn is a shaman, Reiki Master and craniosacral therapist, helping people to release the limiting beliefs of their social conditioning and step into their potential. This is her story, describing the esoteric experiences that forced her to change her belief system and adopt a new way of living. Remote viewing, re-birthing and shamanic journeying led her to investigate the multi-dimensional, non-local world of quantum physics and the new physiological discoveries of epigenetics and psychoneuroimmunology. 'I discovered mounting scientific evidence to support the ancient traditions of energy healing, shamanism, prayer and meditation. This knowledge is available, but not widely taught.' *Corporate Bitch to Shaman* is a popular science/medicine book that covers a number of topics, philosophy, non-locality, quantum entanglement, biology and consciousness. It will appeal to readers interested in taking more control of their own mental, physical and emotional health, including expanding their range of conscious awareness. 'Helping people to achieve their magnificence and potential is one of my life's purposes today... I hope readers will be intrigued and challenged by how 21st century science is evolving to validate the ancient healing wisdoms of the indigenous peoples and mystics around the world. I invite you to share my journey and hope it encourages you to go on to experience the benefits of at least some of these expanded state of consciousness for yourself!'

*Get Quiet* Elaine Glass, 2024-04-30 Follow the ancient pathway of the labyrinth on a seven-circuit journey that taps the energy of body and soul to reconnect you with your deepest self and truest gifts. This book has the power to connect you with your soul and transform your life. — Kristen Butler, founder of Power of Positivity We're living in frenetic times. Amid the busyness and complexity, you may also feel directionless and overwhelmed. Maybe you know there's more to life, but you have no idea what that more is. Maybe you sense there's a message you need to hear, but the noise of everyday life is drowning it out. *Get Quiet* is your guide to turn down the volume and tune in to the voice of your soul. In these pages, coach and healer Elaine Glass invites you to walk with her on the *Get Quiet Way*—a practice of healing and transformation inspired by the classical form of the labyrinth. You'll follow seven circuits of reflection and discovery, each engaging an energy point on the body to awaken its particular power, until you reach a still point at the center—a sacred space where you can connect deeply with the truth of who you are. Finally, you'll step back into the world feeling stronger and clearer, more at peace, and open to new possibilities for a life of purpose and joy. A timely antidote to the overwhelm that so many of us are feeling. Just as healthy foods are the right medicine for your body, *Get Quiet* is the right medicine for your soul. — Mark Hyman, M.D., author of the #1 New York Times bestseller *Young Forever*

*The Coaching Secret* Andrew Machon, 2013-10-03 Coaching as a field has mushroomed in recent years. Thousands of new coaches enter the field after only completing short and superficial training programmes. The problem with this is that coaching is not i) something you can simply learn in a short programme ii) a superficial practice. The books available on coaching tend to just reinforce this by going over coaching methodology, without delving into what it really means to be a coach. *The Coaching Secret* remedies this by going beneath the surface, looking at what it really means to be a coach and showing how you can go from simply understanding the basic coaching process to truly connecting and relating to the client - and becoming a master coach. The author brings over 20 years of coaching practice in big corporations to help you move beyond the novice/superficial coach to becoming an expert/master coach. He brings together experience, theory, case studies and lots of interactive work to essentially coach the coach and help them achieve a superior coaching level. Key reader outcomes Practical assistance to become a better coach — moving from novice to expert to master. Increased confidence in your personal coaching competence. Greater clarity to the value of the coaching relationship and how we coach. New perspectives on coaching methods. To answer for yourself some of the crucial questions of the coach including: Who is the coach? How do you coach? And why do you coach? To deepen your understanding of coaching and to demystify the inner process through which we develop our competency and practice. To awaken the coach to discover new ways of seeing, thinking, sensing, resolving and relating. To progress the profession — in offering a new vision of coaching that recognises and evolves the role of the coach.

*Map of My Heart* John Porcellino, 2021-04-22 Celebrating the twentieth anniversary of the King-Cat zine Never before have so few lines conveyed such a wealth of meaning as in John Porcellino's quietly riveting book about memory, relationships, and selfhood. During a period of isolation following a divorce, Porcellino penned *Map of My Heart*, endowing it with the sensitivity and emotional depth so characteristic to his minimalist style. His tender drawings and spacious panels shape an autobiographical testimony where no moment is too small or insignificant for posterity. Pensive walks in the forest, encounters with rogue woodland creatures, school yard fights, Zen meditations, long lost crushes, and childhood exploits are the heart of this therapeutic account of the ever-fleeting present.

**A Healer of Souls** Dawn Paul, 2012-12-07 After twenty fruitless years on a frustrating spiritual search, Dawn Paul was faced with no other option but to give up. Disheartened and exhausted, she went on holiday to Peru and this changed her life forever. During a visit to Machu Picchu she received a mystical experience, a vision of the Inca, who instructed her to follow the path of the shaman. Feeling she had finally been given the direction she had been looking for all her life, Dawn promptly resigned from her six figure career in a bank and stepped onto the shamanic path. Over the following years Dawn worked worldwide as a shamanic healer and spiritual teacher, assisting many people of all ages, from all races and religions. *A Healer of Souls* is Dawn's gift to the general public, and to the wider community without which a shaman cannot exist.

**Cave and Cosmos** Michael Harner, 2013-04-09 In 1980, Michael Harner blazed the trail for the worldwide revival of shamanism with his seminal classic *The Way of the Shaman*. In this long-awaited sequel, he provides new evidence of the reality of heavens. Drawing from a lifetime of personal shamanic experiences and more than 2,500 reports of Westerners' experiences during shamanic ascension, Harner highlights the striking similarities between their discoveries, indicating that the heavens and spirits they've encountered do indeed exist. He also provides instructions on his innovative core-shamanism techniques, so that readers too can ascend to heavenly realms, seek spirit teachers, and return later at will for additional healing and advice. Written by the leading authority on shamanism, *Cave and Cosmos* is a must-read not only for those interested in shamanism, but also for those interested in spirituality, comparative religion, near-death experiences, healing, consciousness, anthropology, and the nature of reality. Praise for Michael Harner and *The Way of the Shaman* "What Yogananda did for Hinduism and D. T. Suzuki did for Zen, Michael Harner has done for shamanism--namely, bring the tradition and its richness to Western awareness." --from *Higher Wisdom*, by Roger Walsh and Charles S. Grob "Wonderful, fascinating.... Harner really knows what he's talking about." --Carlos Castaneda, best-selling author of *The Teachings of Don Juan* and *The Active Side of Infinity* "An intimate and practical guide to the art of shamanic healing and the technology of the sacred. Michael Harner is not just an anthropologist who has studied shamanism; he is an authentic white shaman." --Stanislav Grof, author of *The Adventure of Self-Discovery* "Harner has impeccable credentials, both as an academic and as a practicing shaman. Without doubt (since the recent death of Mircea Eliade) the world's leading authority on shamanism." --Nevill Drury, author of *The Elements of Shamanism* "Michael Harner is a great shaman. He also proves that a person can be both a scientist and a shaman." --Bo Bair Rinchinov, Siberian Buryat shaman

**Me.. My Head & I** Kylie Ellement, 2023-05-04 THERE IS NOTHING WRONG WITH YOU..YOU ARE DIVINE PERFECTION From birth we are conditioned to hate & criticize ourselves, becoming completely lost in a society that tells us we are not enough & need to be perfect to be accepted or fit in, then ourselves judge others for not being perfect! This is why rejection hurts so much, we have been rejecting ourselves our entire lives with the way we seek love, approval & validation being through other people & external things, which are unreliable sources because people only

reflect back to us, what we truly think about ourselves. This can only be healed from within, so learning to love ourselves regardless with a solid inner foundation of trust, establishing emotional stability & unconditional self-acceptance knowing we are always OK exactly as we are, is what you will learn & discover within this book. You are the only one that teaches people how to treat you & when you love yourself, setting healthy boundaries is easy because you honour your worth & know what you deserve. Our birthright natural state of being is, All is well but with non-stop brain washing, we can become enslaved to a system that tells us we don't matter, suffering in an illusion of lack, fear & separation from ourselves & others, that creates chaos & dis-ease within our physical body or human meatsuit, locking your brain in survival mode & overthinking. With the truth of who we really are & where we came from being hidden, that reveals we matter way more than you could ever imagine. We are an angelic superhuman race that are destined to be the guardians of the multiverse with limitless co-creating abilities to manifest our own realities through words, thoughts, emotions & energy, manipulating matter with our vibrational frequencies as beings of light but first we need to master our minds. It is my sincerest hope that what I've learnt through my own journey is a beacon of guiding light to you, from self-hate to ultimate self-love, with your top priority always being, to become your own best friend! With a heart full of gratitude & blessings to you, Love Kylie
