My Rainy Day Rocket Ship Markette

Sheppard, 2020-05-05 Rainy summer days are no match for a little astronaut who builds the perfect rocket ship for an indoor space adventure to another galaxy, where the sky is his only limit! A stormy afternoon and an order from Mom to stay inside are no match for this little dreamer, who uses everyday household items—a rocket chair, a cardboard box, an old dish rag, and a super-duper imagination—to whip up a trip around the universe he won't soon forget. *My Rainy Day Rocket Ship* is a high-spirited, engaging salute to the imagination of Black boys who use their beautiful minds to transform the mundane into the extraordinary, dream out loud, and boldly go where their sky is the only limit.

It's All My Fault! Michael C.

Ferringer, 2023-08-03 About the Book This is a story of a boy—spending his first grade through half of sixth grade (1948-53) on a rural NY farm in a foster-type environment. Farm work happens every day and the only thing he can control is his mind. A close UFO encounter that occurs near the end of his internment on the farm turns his mind toward science and unknown paths of endeavor in manufacturing and the wild. In 1962, the largest Rochester manufacturing unit is his first encounter with highly educated and driven management. They want reasonably competent, obedient, yes men, which is a sad reminder of life on the farm. Michael resents exacting bosses who use people to achieve their personal goals while

giving workers little in return. He desires and thrives in the wild world of creation, science, experimental fixtures, and the unknown. Happiness is out there in the form of poetry, painting, dream control, gravity and his last good job, which is at Xerox. His desire of retribution against the system fades as he realizes the Lord has helped him all along.

Go, Rocket, Go! (Little Faces) ,2017-09-27 In each of the animal-centred stories, the characters' faces and expressions change thanks to venetian window technology.
