*The imperial premiership* Sam Goodman,2016-10-24 Recent votes in the House of Commons on British military intervention have put foreign policy at the heart of public consciousness. This book spans British foreign policy over the last fifty years and nine premierships from Harold Wilson to David Cameron. Based on the author's first-hand interviews with former foreign secretaries, Cabinet ministers, senior civil servants, party officials, military chiefs and diplomats it offers a unique account of the growing role of the prime minister in foreign policymaking and its impact. Written by a senior parliamentary researcher it offers an insider account of votes on military intervention in Syria. The prime minister now spends more time on foreign policy than any previous period outside war, yet the public and MPs themselves remain relatively ill-informed of foreign policy outside of crises. If we are to avoid the mistakes of the past and utilise our country's full capacity on the world stage we need a societal change in how we vet those who seek the office and in educating the electorate.

**The Memo** Minda Harts,2019-08-20 From microaggressions to the wage gap, The Memo empowers women of color with actionable advice on challenges and offers a clear path to success. Most business books provide a one-size-fits-all approach to career advice that overlooks the unique barriers that women of color face. In The Memo, Minda Harts offers a much-needed career guide tailored specifically for women of color. Drawing on knowledge gained from her past career as a fundraising consultant to top colleges across the country, Harts now brings her powerhouse entrepreneurial experience as CEO of The Memo to the page. With wit and candor, she acknowledges ugly truths that keep women of color from having a seat at the table in corporate America. Providing straight talk on how to navigate networking, office politics, and money, while showing how to make real change to the system, The Memo offers support and long-overdue advice on how women of color can succeed in their careers.
