And The Month Was May Lillian Berliner, 2009 A personal epic of scope and sincerity, *And The Month Was May* traces the life of Lillian Berliner, from her childhood in Hungary, to the concentration camps of Auschwitz and Bergen Belsen, to her eventual liberation and resettlement in New York. Rendering with equal candor the searing cruelty of the camps, and the flourishing of life thereafter, Berliner has produced a memoir that embraces hope even as it looks unflinchingly at horror. Central to the telling is Berliner's voice, springing from the page to evoke the characters, settings, and inner motivations of her life in stunning detail. It is a story that affirms the resilience and infinite potential of the human spirit.

The Second Sword: A Tale from the Merry Month of May, and My Day in the Other Land: A Tale of Demons Peter Handke, 2024-02-06 Two novellas by Peter Handke—his first new works since he won the 2019 Nobel Prize in Literature. *The Second Sword* and *My Day in the Other Land* are two new novellas by the 2019 Nobel laureate Peter Handke. The first picks up the story where Handke's last work of fiction, *The Fruit Thief* (described in *The New York Times* as "an experience of unadulterated literature"), left off. Here a man has returned to his home in the suburbs of Paris, only to soon set out again. Why? We learn, over the course of a story redolent of Handke's harrowing *A Sorrow Beyond Dreams*, that he is seeking to avenge his mother, who has been unjustly denounced in the pages of a newspaper. *The Second Sword* is a suspenseful work of self-examination: Will the narrator's journey end in him throwing down the gauntlet? *My Day in the Other Land* is Handke's most recently published work—and the first to be written after he was awarded the Nobel Prize. Evoking imagery from the Bible and classical mythology, it portrays a man who has been possessed by demons, causing him to rage endlessly against the inhabitants of his rural village. Aided by his sister, he embarks on a journey to a lake on whose opposite shore lies the "other land." What ensues is an exorcism of sorts—and one of Handke's most evocative and original endings. Together, *The Second Sword* and *My Day in the Other Land* are essential new entries in a body of work like no other.

The Merry Month of May James Jones,2004 The only one of my contemporaries who I felt had more talent than myself was James Jones. And he has also been the one writer of any time for whom I felt any love.--Norman Mailer Paris. May, 1968. This is the Paris of the barricaded boulevards of rebelling students' strongholds, of the literati, the sexual anarchists, the leftists--written chillingly of a time in French history closely paralleling America in the late '60s. The reader sees, feels, smells and fears all the turmoil of the frightening social quicksand of 1968. James Jones (1921-1977) established himself as one of the greatest American writers of the 20th century with his WWII trilogy, From Here to Eternity (National Book Award winner), The Thin Red Line and Whistle.

The Marry Month of May O. Henry, 2022-03-29 'The Marry Month of May' was originally published in 1910. The narrative focuses on a rich, elderly widower called Mr. Coulson. Come May, he becomes enamoured with his widowed housekeeper Mrs. Widdup, but Mr. Coulson's daughter is not at all pleased with the budding romance and plots to bring it to an abrupt halt. Will her plans to break up the spring romance work? This elaborate and witty short story muses on the themes of love, class and the impact of the environment on one's emotions. American short story master O. Henry is best known for his pithy, witty scores and surprise endings. In doing so he made commonplace experiences extraordinary and memorable. His work has been immortalised in the popular 1952 film 'O. Henry's Full House' starring Fred Allen, Anne Baxter, Marilyn Monroe and Jeanne Crain. William Sidney Porter (1862-1919), known simply as O. Henry, was a prolific American author of humorous literary pieces. His fame came exceptionally quickly and he became a bestselling author of short story collections. Perhaps the most famous of these are, 'Cabbages and Kings,' 'The Voice of the City' and 'Strictly Business.' The immensity of O. Henry's impact on the American short story genre for time to come is evidenced by the fact an annual award in his name is given out each year in the United States. O. Henry's work is a must read for fans of Hemingway, Guy de Maupassant and Anton Chekhov.

Fiddler, The Beverly Lewis, 2012-04-10 Amelia Amy DeVries, a 24-year-old violinist, is disillusioned with life and love after the collapse of her long-running romance. Weary of endless rehearsals and performances, Amy sets out on a road trip through the Pennsylvania mountains. She leaves her cell phone behind so life's demands can't intrude on her solitude. She doesn't know, nor care, where she will end up. When her car breaks down deep in the mountains, Amy realizes the flaw in her no cell phone plan. She abandons her car and walks the winding roads, searching for help. Following the smell of woodsmoke and the sound of music, she finds a rustic log cabin. There she meets a young Amishman--and through him a community--that will change her life forever.

Browning's Lyrics Eleanor Cook, 1974-12-15 Browning's lyrics are favourite choices for anthologies but are rarely examined closely. This is the first full-length study of the lyrics, and includes detailed analyses of such well-known poems as Love Among the Ruins, Two in the Campagna, A Serenade at the Villa, A Toccata of Galuppi's, By the Fireside, and James Lee's Wife. Eleanor Cook explores Browning's use of repeated images and themes in the lyrics, examines these patterns in other poems and in his letters, and analyses their growth and change in all his work. She demonstrates how the lyrics may be linked with Browning's other work and shows something of his essential artistic unity. His imaginary is found to be more consistent and complex than is usually assumed. Students of Browning will find this work stimulating and instructive, while lovers of Browning will read it with pure pleasure. The reader will return to many of the poems with a richer sense of their continuing vitality. In an earlier form this study was awarded the first A.S.P. Woodhouse Prize by the University of Toronto.

Nine Nasty Words John McWhorter, 2023-10-10 The New York Times bestseller now in paperback. One of the preeminent linguists of our time examines the realms of language that are considered shocking and taboo in order to understand what imbues curse words with such power--and why we love them so much. Profanity has always been a deliciously vibrant part of our lexicon, an integral part of being human. In fact, our ability to curse comes from a different part of the brain than other parts of speech--the urgency with which we say f&*k! is instead related to the instinct that tells us to flee from danger. Language evolves with time, and so does what

we consider profane or unspeakable. *Nine Nasty Words* is a rollicking examination of profanity, explored from every angle: historical, sociological, political, linguistic. In a particularly coarse moment, when the public discourse is shaped in part by once-shocking words, nothing could be timelier.

Creativity, Madness and Civilisation Richard Pine,2021-04-16 What is ‘creativity’? And what is ‘madness’? How far can we interpret an artist’s work through our knowledge of his or her mental state, and how far can we infer a mental state from a work of art? When does a work of art cease to be a personal statement by the artist and become a matter of public concern? The contributions to this book attempt to answer some of these questions. They come from a wide range of disciplines and experiences – a practising psychiatrist, a practising artist suffering from reactive depression, and critics working in literature, film, music and the visual arts. The essays include discussions of the ‘myth of creativity’, the music of Robert Schumann, the borders of sanity in the writing of Lawrence Durrell, the ‘insane truth’ of Virginia Woolf, the meeting of doctor and patient in the poetry of Anne Sexton, mood disorders in the fiction of David Foster Wallace, love and madness in the poetry of Hafiz of Shiraz, and the paintings of Adolf Wölfli. Central to this discussion of creativity, madness and civilisation is the difficulty of establishing an appropriate and effective vocabulary and mindset between critics and clinical psychiatrists, which would enable them to work together in understanding mental disturbance in creative artists.
