Studying Indian Cinema Omar Ahmed, 2015-06-30 This book traces the historical evolution of Indian cinema through a number of key decades. The book is made up of 14 chapters with each chapter focusing on one key film, the chosen films analysed in their wider social, political and historical context whilst a concerted engagement with various ideological strands that underpin each film is also evident. In addition to exploring the films in their wider contexts, the author analyses selected sequences through the conceptual framework common to both film and media studies. This includes a consideration of narrative, genre, representation, audience and mise-en-scene. The case studies run chronologically from *Awaara* (The Vagabond, 1951) to *The Elements Trilogy: Water* (2005) and include films by such key figures as Satyajit Ray (The Lonely Wife), Ritwick Ghatak (Cloud Capped Star), Yash Chopra (The Wall) and Mira Nair (Salaam Bombay!).

**Thinking Past 'Post-9/11'** Jayana Jain, 2021-07-28 This book offers new ways of constellating the literary and cinematic delineations of Indian and Pakistani Muslim diasporic and migrant trajectories narrated in the two decades after the 9/11 attacks. Focusing on four Pakistani English novels and four Indian Hindi films, it examines the aesthetic complexities of staging the historical nexus of global conflicts and unravels the multiple layers of discourses underlying the notions of diaspora, citizenship, nation and home. It scrutinises the "flirtatious" nature of transnational desires and their role in building global safety valves for inclusion and archiving a planetary vision of trauma. It also provides a fresh perspective on the role of Pakistani English novels and mainstream Hindi films in tracing the multiple origins and shifts in national xenophobic practices, and negotiating multiple modalities of political and cultural belonging. It discusses various books and films including *The Reluctant Fundamentalist*, *Burnt Shadows*, *My Name is Khan*, *New York, Exit West*, *Home Fire*, *AirLift* and *Tiger Zinda Hai*. In light of the twentieth anniversary of 9/11 attacks, current debates on terror, war, paranoid national imaginaries and the suspicion towards migratory movements of refugees, this book makes a significant contribution to the interdisciplinary debates on border controls and human precarity. A crucial work in transnational and diaspora criticism, it will be of great interest to researchers of literature and culture studies, media studies, politics, film studies, and South Asian studies.

*Master Musicians of India* Regula Burckhardt Qureshi, 2016-05-06 Beginning with Ravi Shankar and Ali Akbar Khan, Indian art music is renowned internationally for its improvised raga performance. This ancient tradition has for centuries been transmitted orally within the seclusion of hereditary families. Few such families remain today, and not enough is known about their central contribution to the life of Indian music. *Master Musicians of India* reveals this rich world through profiles and interviews of key musicians from this tradition.

**Yahweh's Breath Bible, Volume 2** Jerry Ayers, 2010-05 Yahweh's Breath is a unique Bible. In original Hebrew language it would be Yahweh's Nshamah meaning, 'Yahweh's puff or breath of divine inspiration'. It was written in the Literal form of the original languages of Hebrew and Greek and then matched with the New Strong's Exhaustive Concordance of the Bible, a thorough verbal index to the Holy Scriptures. It's one of a kind format puts the Sacred Name of our Father/Creator back into the text where it had been removed nearly 6,000 times by the scribes and translators throughout history. An outstanding feature also makes those hard to pronounce Biblical names easy as they were written in the original language of the script with the pronunciation following the name. Also, the meanings of some of the names follows the pronunciation. Using the wording from the Strong's Exhaustive Concordance of the Bible gives His Word a detailed 'come to life' picture in your mind. At times you can see the glistening green grass or smell the fragrant smoke of spices. If you listen carefully you can hear the vibrating trumpet ram's horns or taste the sticky gummy syrup of honey. You might even be able to feel with your finger the scar from the spikes in the hands and feet of the Messiah. Another feature of this version of His Word, the Bible, is that any added text by our Romanized translations that was not in the original text languages has been put back into its original form. Above all, this version makes reading and understanding His love letter to us about His Son easy and enjoyable.

**Bombay before Bollywood** Rosie Thomas, 2015-03-01 Traces the development of Indian cinema from the 1920s to the mid-1990s, before [Bollywood] erupted onto the world stage. *Bombay before Bollywood* offers a fresh, alternative look at the history of Indian cinema. Avoiding the conventional focus on India's social and mythological films, Rosie Thomas examines the subaltern genres of the "magic and fighting films" the fantasy, costume, and stunt films popular in the decades before and immediately after independence. She explores the influence of this other cinema on the big-budget masala films of the 1970s and 1980s, before [Bollywood] erupted onto the world stage in the mid-1990s. Thomas focuses on key moments in this hidden history, including the 1924 fairy fantasy *Gul-e-Bakavali*; the 1933 talkie *Lal-e-Yaman*; the exploits of stunt queen Fearless Nadia; the magical neverlands of *Hatimtai* and *Aladdin and the Wonderful Lamp*; and the 1960s stunt capers *Zimbo* and *Khilari*. She includes a detailed ethnographic account of the Bombay film industry of the early 1980s, centering on the beliefs and fantasies of filmmakers themselves with regard to filmmaking and film audiences, and on-the-ground operations of the industry. A welcome addition to the fields of film studies and cultural studies, the book will also appeal to general readers with an interest in Indian cinema. [In this powerful account, Rosie Thomas opens out filmic artifacts to an array of dazzling reflections shedding new light on the movement and circulation of popular culture in India. With a remarkable body of research conducted over a period of time, *Bombay before Bollywood* decisively challenges certain assumptions about India, its cinemas, and its audiences.] [Ranjani Mazumdar, author of *Bombay Cinema: An Archive*

of the City – This is the archaeology of media performed with intellect, wit, and passion. Rosie Thomas pioneered this field and she remains its most brilliantly iridescent critic and advocate. If only all film studies were this revelatory and this enjoyable! – Christopher Pinney, author of Camera Indica: The Social Life of Indian Photographs – Rosie Thomas’s body of research over the last twenty-five years has set up key discourses in the study of Indian popular cinema. This book brings together her pioneering fieldwork into film industry categories and practices, and her more recent bid to resurrect a history made well-nigh clandestine by official narratives: the significance of Arabian Nights fantasies, stunt films, and visceral attractions in Bombay cinema. Pleasurably crafted and provocatively argued, Bombay before Bollywood is an important intervention in Indian and world cinema studies. – Ravi Vasudevan, author of The Melodramatic Public: Film Form and Spectatorship in Indian Cinema

Dark Pool of Light, Volume Three Richard Grossinger,2012-12-18 In books like Embyogenesis and Embryos, Galaxies, and Sentient Beings, author Richard Grossinger brought together the subjects of biological embryology and the esoteric process of human consciousness becoming embodied (The embryo is the universe writing itself on its own body). In Dark Pool of Light, his three-volume series of books discussing the nature of reality and consciousness, Grossinger weaves neuroscience-based behaviorism and the phenomenology of being and reality together with psychological and psychospiritual views of that single thing which is most difficult to understand or vindicate: our own existence. In 2008, Grossinger began studying with noted psychic teacher John Friedlander, who helped him refine his vision of cerebral and somatic awareness to still-subtler levels. Dark Pool of Light began unnamed in the journals of my psychic work with John Friedlander, says Grossinger, not so much a record of actual practices as insights from them and extensions out of them. This expansive inquiry into the nature of consciousness ends with this third volume in the series, The Crisis and Future of Consciousness. Grossinger addresses the perennial question of evil and shares the author's hopes and fears for the future of humanity. While wisdom gleaned from such seemingly disparate sources as science, philosophy, religion, and spirituality might appear very, very different things, Grossinger nevertheless finds their meeting place in subjective, lived experience.
