September 11th Families for Peaceful Tomorrows David Potorti, Peaceful Tomorrows, 2003-09-01 The true story of a group of people devastated by loss—and inspired to save others from the same heartbreak: “Very personal and moving accounts.”—Publishers Weekly Told through essays and correspondence, this is the tale of Peaceful Tomorrows—an anti-war organization made up of survivors of the 9/11 attacks as well as friends and family members of those who died that day. In the midst of shock, rage, and a rush to war, these are people who, though they had every reason for anger, consciously chose a different path—persisting even as others accused them of naiveté, cowardice, or a lack of patriotism. In the hope of sparing others from the suffering they had endured, they protested the dropping of bombs on civilians in Afghanistan and Iraq, and advocated for nonviolent solutions to the problem of terrorism—to seek justice and problem-solving rather than a cycle of retaliation—and were twice nominated for the Nobel Peace Prize. This is their remarkable story.

Through It All in the Hollow of His Hand Samuel M. Smith, 2011-11 Through It All, IN THE HOLLOW OF HIS HAND ... the real-life story of dangers, great and small, that author Samuel M. Smith faced but through which he was protected by the hand of God. A Bible college student on summer break in 1955, he was attacked by his father in the middle of the night. His mother was already killed and everyone including Samuel, believed his father had done it because he was being unfaithful. Why did he attack Samuel? This was the first of five life-threatening personal attacks he suffered. Then, stabbed, 1969, by someone he helped and still has the scar. He was also protected from a teenage gang, with tire irons 1969 for getting a friend to go to church, and gunpoint robberies, 1968, while taxicab driving in Chicago and gunpoint robbery, 1984, while taxicab driving in Honolulu. He has done short-term missionary work in the Philippines; T'bilisi, Republic of Georgia, and Moscow and St. Petersburg, Russia. He has written over 100 Total Gospel tract titles -- some translated

in up to eleven languages. Married to Virginia Quilates, from the Philippines, they have four sons, three of whom are preteen. Through it all, he has been in the hollow of God's hand! It has been a truly exciting adventure learning to lean on Jesus and trust Him completely. His mission, to publish the gospel, as Jesus Christ and His original Apostles would preach and teach today.

"Hollywood Theory, Non-Hollywood Practice " Annette Davison, 2017-07-05 Relatively little has been written about film scores and soundtracks outside of Hollywood cinema. Hollywood Theory, Non-Hollywood Practice addresses this gap by looking at the practices of film soundtrack composition for non-Hollywood films made after 1980. Annette Davison argues that since the mid-1970s the model of the classical Hollywood score has functioned as a form of dominant ideology in relation to which alternative scoring and soundtrack practices may assert themselves. The first part of the book explores some of the key theoretical issues and debates in film studies and film music studies. The second part comprises a series of case studies of non-Hollywood scores. Starting with Jean Luc Godard's *Pr?m: Carmen* (1983), Davison argues that the film's score offers a deconstruction of the relationship between sound and image proposed by classical Hollywood film. Derek Jarman's *The Garden* (1990) takes the debate a step further in its exploration of the possibility that a film's soundtrack may be liberated from slavery to the image track. *Wings of Desire* (1987) directed by Wim Wenders offers, Davison believes, a negotiation between classical and alternative scoring and soundtrack practices; while David Lynch's *Wild at Heart* (1990) actually fully integrates scoring and soundtrack practices so that sounds and dialogue are used in musical ways. Seeking to stimulate debate about the aesthetics and interpretation of film scores and soundtracks in general, this book develops an important synthesis of film studies and musicology.

Crime and Spy Jazz on Screen, 1950-1970 Derrick Bang, 2020-04-02 Henry Mancini's Peter Gunn theme. Lalo Schiffrin's Mission: Impossible theme. John Barry's arrangement of the James Bond theme. These iconic melodies have remained a part of the pop culture landscape since their debuts in the late 1950s and early '60s: a golden decade that highlighted an era when movie studios and TV production companies employed full orchestral ensembles to provide a jazz backdrop for the suspenseful adventures of secret agents, private detectives, cops, spies and heist-minded criminals. Hundreds of additional films and television shows made during this period

were propelled by similarly swinging title themes and underscores, many of which have (undeservedly) faded into obscurity. This meticulously researched book traces the embryonic use of jazz in mainstream entertainment from the early 1950s--when conservative viewers still considered this genre the devil's music--to its explosive heyday throughout the 1960s. Fans frustrated by the lack of attention paid to jazz soundtrack composers--including Jerry Goldsmith, Edwin Astley, Roy Budd, Quincy Jones, Dave Grusin, Jerry Fielding and many, many others--will find solace in these pages (along with all the information needed to enhance one's music library). The exploration of action jazz continues in this book's companion volume, *Crime and Action Jazz on Screen Since 1971*.

Rock N Roll Gold Rush Maury Dean,2003 This monster Rock-n-Roll survey focuses on the songs and the vibrant personalities who create them, for college audiences and the general public. Dean published the world's first history of Rock in 1966. Here, in his ebullient style, he buzzes through piles of musical singles from the whole last half century, describing what is fun about each major and minor hit, pointing out what elements were exciting or new or significant in the development of musical styles. He relates some tantalizing tidbits about the earlier musical heritage that artists have drawn upon in crafting ever more amazing evolutions of rock music. This snappy, witty and informative album has universal appeal, doubling as a coffee-table trivia treasure and a college-level popular music history text. It includes hundreds of photos, chapter questions, and an extensive index. Reader-friendly and informationally complete, it covers soft rock, heavy metal, rhythm & blues, country rock and classic oldies, all with tender loving care, for the specialist and casual listener alike. Its mini-portraits of the artists who move so many hearts (and feet), the photos and the insightful sound bites get to the essence of each song and each musician's contribution to the music of our age. The single-song focus makes the book unique. It's a playlist for R'n'R professors and the general public, written with a collegiate vocabulary, tight organization and a respect for all. Hearing Elvis for the first time was like busting out of jail. - Bob Dylan That being said, no one is being incited, here, to bust out of jail or to emulate the quixotic habits of rock stars. There's nothing in here to hide from the kids, the clergy or grandma. *Gold Rush* can be used as a university

or community college text, but most people will grab it for the sheer pleasure of reading about everyone's favorites. Great gift for Rock enthusiasts. Gold Rush is the first book of its kind to feature a celebration of the great single songs of the rock era and beyond. Gold Rush takes thousands of songs, spanning three centuries, and brings them back uniquely as if they came out just yesterday. Gold Rush unites the Anglo-American and later worldwide spirit of Rock and Roll in a tapestry of interconnected melodies and adventures. As Leonard Maltin's Movie Guide helps you select videos at Blockbuster, so Gold Rush is a powerful playlist for your music collection, with many new and fascinating photos of favorite stars. Gold Rush explains the most important stories behind the songs you picked to be played, the songs that 'went gold,' from the 1897 Alaska/Klondike Gold Rush to the #1 songs of today and beyond.

Television Variety Shows David M. Inman, 2014-12-03 For the few hundred television viewers in 1946, a special treat on the broadcast schedule was the variety show called Hour Glass. It was the first TV program to go beyond talking heads, cooking demonstrations, and sporting events, featuring instead dancers, comics, singers, and long commercials for its sponsor, Chase and Sanborn coffee. Within two years, another variety show, Texaco Star Theatre, became the first true television hit and would be credited with the sales of thousands of television sets. The variety show formula was a staple of television in its first 30 years, in part because it lent itself to a medium where everything had to be live and preferably inside a studio. Most of the early television stars—including Jackie Gleason, Milton Berle, Sid Caesar, Ed Sullivan, Red Skelton, Dinah Shore, and Arthur Godfrey—rose to prominence through weekly variety shows. In the 1960s, major stars such as Jerry Lewis, Dean Martin, Judy Garland and Danny Kaye were hosting variety shows. By the 1970s, the format was giving way to sitcoms and dramas, but pop music stars Sonny and Cher, Tony Orlando and Dawn, and Donny and Marie Osmond hosted some of the last of the species. This book details 57 variety shows from the 1940s through the 1990s. A history of each show is first provided, followed by a brief look at each episode. Air date, guest stars, sketches performed, and a listing of songs featured are included.
