**Swimming Science** G. John Mullen, 2018-07-27 Swimming is often touted as one of the most accessible workouts—low impact, low tech, and beneficial at any stage of life. Yet each time you suit up and dive in, your body's moving parts must work together to propel you through dozens of pounds of water resistance, somehow emulating the movements of species that evolved specifically for the water. What are the physical forces at work when you get in a pool, and what determines whether you will sink or swim? Writing to competitive and novice swimmers alike, contributors to this volume break down every aspect of the sport. *Swimming Science* covers physiology, psychology, and safety, as well as hydrodynamics, nutrition, and technique. Each chapter examines these topics through a series of practical questions. What are the forces acting on you when you swim, and how do your muscles best generate propulsion against those forces? How much protein, salt, and iron should a swimmer consume, and how does energy from carbohydrates compare to energy from fats? How important is the "swimmer's physique" in competitive swimming, and is technique or strength more necessary for generating speed? These questions are examined with the aid of explanatory diagrams and illustrations, and the book can be used to search for particular topics, or read straight through for a comprehensive overview. Whether you are a competitive swimmer looking to optimize your performance or just beginning to dip a toe into the sport, *Swimming Science* is a must-read.

Swimming Aimlessly Jon Waldman, 2021-03-30 Using his own journey as inspiration, writer Jon Waldman offers this heartfelt and funny guide for men and couples struggling with infertility. Take a moment to scroll through the contacts on your phone or your friends on Facebook. One in six of them is struggling with infertility. The affected women have most likely reached out to family, close friends, support groups, or online communities. They ask for the help they need, and often get it on behalf of themselves and their partners. But men don’t always handle infertility well. Regardless of the underlying cause, the inability to conceive naturally can be extremely painful. The resulting feelings of inadequacy, shame, and isolation can change how a man acts towards those closest to him. But Jon Waldman wants to change that. In Swimming Aimlessly, Waldman shares his family’s infertility story, a years-long, crazy expensive, physically and emotionally exhausting ride. He also speaks with other couples, doctors, and fertility experts, providing not only the latest science, but more intimate advice about the ups and downs of trying to conceive, keeping the partnership healthy, and dealing with the inevitable losses that come—even when the journey ends in a baby.

### **Reflections from the Dating Pool** Cindy

Drummond, 2019-10-01 If you are looking for a book with dating tips and tools to find the love of your life, this is NOT that book.

This is a story about Cindy, a woman who woke up one morning to learn she had been living a lie. Betrayed and broken, Cindy knew she needed to start over and learn to trust again. When faced with a crisis, some head to a retreat, discover religion or train for a marathon; not Cindy. Cindy didn't believe she would find solace on a yoga mat or in the gym. Instead she chose an unorthodox path and challenged herself to go on 50 first dates in 52 weeks. Follow Cindy's 18-month journey as she creates a fresh start for herself and her daughters. Making new friends, finding her purpose and travelling to places that made her feel happy and whole, gave Cindy the courage to wade through the murky waters of online dating in hopes of finding her soul mate. You don't have to be single to enjoy this book. This is a book about traveling, finding a tribe and falling in love...with yourself. If you've ever been stuck, discouraged or scared to start over, this book will inspire you, nudge you to make a change or get comfortable with the idea of being uncomfortable because after all... YOLO!

**Faces in the Pool** Jonathan Gash,2009-12-08 Lovejoy gets married! Languishing in the nick for an antique scam that went belly up, Lovejoy gets an offer he can't refuse from Ellen Jaynor, the brains behind The Anglers Manglers Speed-Datery. If he'll come along, chat up Laura Moon and agree to marriage, an early prison release will be arranged. But with Lovejoy nothing's ever that simple, and whoever said you can't scam a scammer didn't know what he was talking about. In the space of a week, Lovejoy's loony bride-to-be has involved him with delegates from 16 groups representing the world's Lost Tribes, who want him to substantiate the authenticity of their priceless antiques. Oh, and by the way, would Lovejoy also find Laura's ex-husband, who absconded after murdering a young girl? The following week finds Lovejoy even busier. Three of his chums are topped. His illegitimate son Mortimer pops up, then gets kidnapped, prompting Lovejoy to flee

Somnell House, the repository of all those antiques, just before it burns to the ground. With so many pretty women to make smiles with (Lovejoy's term for a bit of sex), he barely has time to confront the only woman he's ever really trusted, more fool he, as she sails off with her innamorata from Blackpool's North Pier, accompanied by a boatload of the Lost Tribes' valuables. A picaresque tour de farce. If you crave linear plotting, Gash (The Ten Word Game, 2004, etc.) will send you screaming for Tylenol, but nobody dissembles more brilliantly. Tripping the Prom Queen Susan Shapiro Barash,2007-03-06 Tripping the Prom Queen is a groundbreaking investigation into the dark secret of female friendship: rivalry. Susan Shapiro Barash has exploded the myth that women help one another, are supportive of one another, and want each other to succeed. Based

on interviews with women across a broad social spectrum, she has discovered that the competition between women is more vicious precisely because it is covert. She tells us: \* Why women can't and won't admit to rivalry. \* How women are trained from an early age to compete with one another. \* In which areas women most heatedly compete. \* How rivalry is different among women than among men. \* The differences between competition, envy, and jealousy. \* When competition is healthy and when it isn't. \* Why women find it irresistible to trip the prom queen. \* Useful strategies to stop the competition and forge a new kind of relationship with other women. Whether you've tripped the prom queen or been tripped yourself, you will discover an engrossing exploration of this female phenomenon, as well as a beacon of hope for better, more fulfilling relationships.
