Inked Joe Dator,2021-10-19 Joe Dator makes me laugh. Everybody loves to look behind the scenes and his new book shows the secrets, inspirations, heartaches, and triumphs of a life in cartoons. Christopher Guest and I have a collection of original cartoons, and we love our Joe Dator! —Jamie Lee Curtis From inspiration to conception and all the trials in-between. Inked is a collection of cartoons from one of the New Yorker’s most beloved cartoonists. Filled with more than 150 of Dator’s single-panel cartoons, this lively, quick-witted book betrays a deadpan sense of humor. But Inked is more than a book of cartoons. Dator also dives into the creative process, offering bonus commentary on how ideas have come to fruition, how one idea has led to another, and the various attempts to get an idea right. Along the way, he shows how a spark of imagination has turned into a laugh-out-loud moment with only a single image and caption, and how other attempts have found themselves on the cutting-room floor.

Drawing Ideas Mark Baskinger,William Bardel,2013-11-19 A primer for design professionals across all disciplines that helps them create compelling and original concept designs by hand--as opposed to on the computer--in order to foster collaboration and win clients. In today's design world, technology for expressing ideas is pervasive; CAD models and renderings created with computer software provide an easy option for creating highly rendered pieces. However, the accessibility of this technology means that fewer designers know how to draw by hand, express their ideas spontaneously, and brainstorm effectively.In a unique board binding that mimics a sketchbook, Drawing Ideas provides a complete foundation in the techniques and methods for effectively communicating to an audience through clear and persuasive drawings.
