Adventures in Stationery James Ward, 2015-04-02 Proving that any subject can be interesting if you delve into it deeply, stationery aficionado James Ward offers a surprisingly entertaining history of office supplies. Did you know that Henry David Thoreau contributed to pencil manufacture? Or that the Monkees' Mike Nesmith inherited \$25 million earned by his mother's invention, Liquid Paper? Or that Norwegians wore paper clips as a symbol of resistance to the Nazis? Ward, who blogs on I Like Boring Things, unearths the magic in the mundane, relating the often-convoluted stories behind the creation of paper, pens, pencils, paper clips, staples and tape. Don't expect business case studies of 3M or the Parker Pen Company; Ward is a cultural connoisseur who tempers his enthusiasm for the stationery cabinet with full awareness of its absurdity. [getAbstract](#) recommends his informative, memorable and fun essays to anyone who ever borrowed a Sharpie from the office or made a necklace of paper clips.

The Regency Romances Laura Kinsale, 2018-04-24 A trio of captivating historical romances by a New York Times–bestselling author whose “work is unfailingly brilliant and beautiful” (Julia Quinn). “No one—repeat no one—writes historical romance better than Laura Kinsale” (Mary Jo Putney), and one of the New York Times–bestselling and Rita Award–winning author’s specialties is the Regency period. This trio of enchanting love stories introduces unforgettable couples who leap off the pages and into our hearts. *Midsummer Moon*: Merlin Lambourne has invented the “speaking box”—a sort of telephone—which is so valuable that Napoleon has killed for it. Sent by the crown to bring both inventor and invention to safety, Ransom Falconer, Duke of Damerell, is shocked to learn the eccentric genius is female. More shocking is how beguiled he is by her. Now if he could just get her mind out of the clouds and convince her to marry him . . . “One of the greatest, unacknowledged romantic comedy novels.” —All About Romance *My Sweet Folly*: In a loveless marriage, Folie Hamilton finds her lonely days brightened by letters from her husband’s cousin, Lt. Robert Cambourne, stationed in Calcutta. Unbidden love blossoms, yet upon the death of her husband, Robert’s last letter shatters her heart with three words: I am married. Four years later, Robert summons Folie and her stepdaughter to England. But the haunted widower is not the man she once knew; he has become paranoid and delusional. In this RITA Award nominee, will Folie find the man who once captured her heart? “Laura Kinsale is one of the romance genre’s brightest stars.” —Loretta Chase *Uncertain Magic*: In nineteenth-century Ireland, Roddy Delamore has little chance of finding a husband, cursed as she is with the gift of mind reading. Privy to the dishonorable thoughts of her suitors, she seizes on the chance to marry Faelan Savigar, the Earl of Iveragh, despite his poor reputation and murky past. Condemned by dark rumors, Lord Iveragh is taken aback by the woman’s proposal. How is it that she believes in him? And does

he dare give her his heart? "First-rate . . . Laura Kinsale delivers powerful unique romance." –Amanda Quick

What War is Like Willis Ehnle, 2022-04-19 Many books have been written about war, but it may be unusual to have a record of what a variety of soldiers had to say when they came off the front lines. The author did not interview anyone; what they said was spontaneous of their own will because they sensed he was willing to listen. After the author had finished his journal and had been discharged from the army, he was working for the army as a department of the army civilian or DAC as a clerk typist. He lived with the officers and ate in their mess hall in Yokohama. One evening, he went to the mess hall to eat dinner. The war was still in full swing. He sat by himself at a small table covered by white linen. A weather-beaten major walked in and sat at his table. A Japanese waitress came to their table and asked the major if he wanted A or B dinner. The major replied, aEURoeBring the food.aEUR The

waitress repeated her question, and the major repeated his answer. The author told the waitress to bring the B dinner, the same as his. Then he turned to the major and said, "Sir, you are easily satisfied. Some people complain about the food, even though they have a choice." With a faraway look in his eyes, he said, "They ought to take them out and shoot them." They ate their meal in silence.

Treasure Island!!! Sara Levine, 2011-12-07 A young slacker decides to live her life according to Robert Louis Stevenson's classic adventure: "A rollicking tale, shameless, funny and intelligent" (The New York Times). When a college graduate with a history of hapless jobs (ice cream scooper, gift wrapper, laziest ever part-time clerk at The Pet Library) reads Robert Louis Stevenson's novel *Treasure Island*, she is dumbstruck by the timid design of her life. When had she ever dreamed a scheme? When had she ever done a foolish, overbold act? When had she ever, like Jim Hawkins, broken from her friends, raced for the beach, stolen a boat, killed a man, and eliminated an obstacle that stood in the way of her getting a hunk of gold? Convinced that Stevenson's book is cosmically intended for her, she redesigns her life according to its Core Values: boldness, resolution, independence, and horn-blowing. Accompanied by her mother, her sister, and a hostile Amazon parrot that refuses to follow the script, our heroine embarks on a domestic adventure more frightening than anything she'd originally planned. *Treasure Island!!!* is the story of a ferocious obsession, told by an original voice—"insane, hilarious, and irreverent" (Alice Sebold). "Highly original . . . will keep you entertained in spite of (or more accurately, because of) its toxic narrator." —Library Journal "A hoot." —Kirkus Reviews
