Those in Ivory Towers Jan Ernest Gainswothy, 2018-05-29 *Those in Ivory Towers: Lawmakers Lawbreakers* is the sequel to *Without Prejudice: Nailing the Standard*. The book's words are a cathartic exercise venting the author's ego of pent-up, indignant contempt for the legal and political systems. *Those in Ivory Towers* gives a brief outline of the history of federation and alludes to how Queensland is seen by the author as a rogue state, which, in turn, led to the author's judgment of the Queensland legal and political systems being of undemocratic rule, based on the elucidation of fact. Queensland is the only unicameral state of the Commonwealth of Australia hence being above the law and denying constituents of natural justice. The author quotes the Magna Carta as the most basic of all human rights and illustrates how these rights have been denied by the states closing of the ranks. Punctuated by a few of Einstein's quotes, the dialogue succinctly unveils the manipulation by individuals in positions of authority and power who have perverted the natural course of justice in order to manufacture outcomes contrary to law as opposed to upholding a transparent justice system founded on the truth and democratic rule. You be the judge.

Working While Black Antione D. Tomlin, 2022-03-01 *Working While Black: The Untold Stories of Student Affairs Practitioners* will examine the narratives of student affairs professionals and how they navigate their professional experiences. While student affairs can be a high pressure and high stress environment for all professionals, Black professionals are often overworked,

underheard, and made to feel devalued. Therefore, it is important to consider how student affairs professionals are managing the profession, colleagues, and students while Black. I approach this book from an asset-based approach where chapter authors are approaching both the challenges and opportunities they have experienced due to being a Black while working as a student affairs practitioner. Chapter authors also provide poignant advice on how current and potential student affairs professionals can successfully navigate the field. One especially important contribution of this book is that our authors are from a variety of student affairs areas including: residence life, student engagement, career services, counseling, student conduct, athletics, student activities, diversity, equity, and inclusion, and academic advising. Additionally, chapter authors are student affairs professionals at predominantly White institutions, historically Black colleges and universities, and online universities. Given the breadth of experiences each chapter will provide poignant suggestions for student affairs practitioners across the nation as well as for institutions who are looking to better understand these experiences to better support their own employees. Popular education press and scholarly conversations have focused on the experiences of student affairs professionals (Renn & Hodges, 2007). There has also been scholarship around the Black student affairs professional experience (West, 2015; Husband. 2016). This book will add to the current press and scholarly conversations by allowing Black student affairs professionals to tell their

own stories, providing additional insight into what it is like to work while Black. Institutions of higher education can learn much from the stories shared in this book that can inform the recruitment and retention of Black professionals. Thus, *Working While Black: The Untold Stories of Student Affairs Practitioners* is positioned to be a must read for all higher education professionals and institutions who are looking for strategies to support Black student affairs professionals.

Hockey Talk M. Gordon Hunter, 2017-12-13 This is another book about hockey. But this one is unique. It contains many stories by and about individuals who broadcast play-by-plays of major junior and provincial junior A games from arenas across Canada. There are even a few chapters about broadcasters from teams in the United States that play in Canadian leagues. There are major junior chapters from the Western Hockey League (WHL), the Ontario Hockey League (OHL), and the Quebec Major Junior Hockey League (QMJHL). Chapters from provincial junior A leagues include British Columbia, Alberta, Saskatchewan, Manitoba, Ontario, and the Maritimes. Some of the contributors for this book wrote their own chapters. Others preferred to be interviewed. In all cases, the final version of each chapter was approved by the contributor. The chapters include many descriptions of broadcasters experiences. They describe their early experiences with hockey. Some played, while others listened on the radio, watched on TV, or attended games. The stories include how they became involved as play-by-play broadcasters and who

were direct or indirect mentors. Each broadcaster recounts their memories of the first game they called. They also describe some of the notable players, coaches, and color commentators. Where possible, there are even some bus stories. Each chapter concludes with a comment about what the experience of broadcasting play-by-play has meant to each individual.

Borderline Vincent Vargas, 2023-11-14 An inside look at the U.S./Mexican border through the eyes of former U.S. Border Patrol agent, Vincent Vargas, who served in Iraq and Afghanistan with the U.S. Army's 75th Ranger Regiment. Featuring a Foreword by #1 New York Times bestselling author Jocko Willink. The U.S./Mexican border stretches nearly 2,000 miles and is protected by a thin line of overworked and underfunded U.S. Border Patrol Agents, who risk their lives every day. Stigmatized in the media and fought over in the halls of Washington D.C., this is the true story of what is really happening on the U.S./Mexican border. **Borderline** provides an inside look through the eyes of former U.S. Border Patrol agent, Vincent Vargas, who is no stranger to violence, having served in Iraq and Afghanistan with the U.S. Army's 75th Ranger Regiment. The story begins on the battlefields of the Middle East and culminates on the southwest border of the United States, where Vargas was tasked with protecting his country, his fellow agents, and the immigrants caught in the middle. He learned firsthand about the unforgiving brutality of the cartels, human traffickers and the desert. After bearing witness to the carnage, Vargas made the decision to join the Border Patrol's elite search &

rescue unit called BORSTAR. With almost unfettered access, Vargas provides an in-depth, never-before-seen look into the U.S. Border Patrol, from the agency's origins to its present-day missions.

My STM is to achieve long term satisfaction, to seriously handle medium and long term goals. When something may need a year of weekly effort, the STM makes you shape it and gives you the way to deal with that time, not with inspirational quotes but with a trustworthy agreement with yourself.
