Reality+: Virtual Worlds and the Problems of Philosophy David J. Chalmers,2022-01-25 A leading philosopher takes a mind-bending journey through virtual worlds, illuminating the nature of reality and our place within it. Virtual reality is genuine reality; that's the central thesis of Reality+. In a highly original work of "technophilosophy," David J. Chalmers gives a compelling analysis of our technological future. He argues that virtual worlds are not second-class worlds, and that we can live a meaningful life in virtual reality. We may even be in a virtual world already. Along the way, Chalmers conducts a grand tour of big ideas in philosophy and science. He uses virtual reality technology to offer a new perspective on long-established philosophical questions. How do we know that there's an external world? Is there a god? What is the nature of reality? What's the relation between mind and body? How can we lead a good life? All of these questions are illuminated or transformed by Chalmers' mind-bending analysis. Studded with illustrations that bring philosophical issues to life, Reality+ is a major statement that will shape discussion of philosophy, science, and technology for years to come.

Developers, artists, and designers looking to enter this field today have few places to turn for expert guidance. In this book, Erin Pangilinan, Steve Lukas, and Vasanth Mohan examine the AR and VR development pipeline and provide hands-on practice to help you hone your skills. Through step-by-step tutorials, you'll learn how to build practical applications and experiences grounded in theory and backed by industry use cases. In each section of the book, industry specialists, including Timoni West, Victor Prisacariu, and Nicolas Meuleau, join the authors to explain the technology behind spatial computing. In three parts, this book covers: Art and design: Explore spatial computing and design interactions, human-centered interaction and sensory design, and content creation tools for digital art Technical development: Examine differences between ARKit, ARCore, and spatial mapping-based systems; learn approaches to cross-platform development on head-mounted displays Use cases: Learn how data and machine learning visualization and AI work in spatial computing, training, sports, health, and other enterprise applications

God I Feel Modern Tonight Catherine Cohen,2021-02-02 Poems of heartbreak and sex, self-care and self-critique, urban adventures and love on the road from the millennial queen and comedy sensation. In these short, captivating lyrics, Catherine Cohen, the one-woman stand-up chanteuse who electrified the downtown NYC comedy scene in her white go-go boots, and who has been posting poignant, unfiltered poems on social media since before Instagram was a thing, details her life on the prowl with her beaded bag; she ponders guys who call you dude after sex, true love during the pandemic, and English-major dreams. I wish I were smart instead of on my phone, Cat Cohen confides; heartbreak, / when it comes, and it will come / is always new. A Dorothy Parker for our time, a Starbucks philosophe with no primary-care doctor, she's a welcome new breed of everywoman--a larger-than-life best friend, who will say all the outrageous things we think but never say out loud ourselves. In L.A. we got naked and swam in the ocean we ate cured meats and carrots & sat in the back of a red pickup truck like we were in a film where two old friends fight & wrestle their way into a hug heave-sobbing as the dust settles I want to be famous for being the first person who never feels bad again

He recently turned 89 and, in spite of failing eyesight, decided to write one last book. It had to be unique and different. Fitzgerald's book consists of forty-two emails. So, get started at once on this email puzzle and begin collecting virtual autobiographical clues. Have fun on your very first virtual autobiographical puzzle.

Cat Is Art Spelled Wrong Caroline Casey,Chris Fischbach,Sarah Schultz,2015-09-07 "Fourteen writers take on perhaps the most important cultural issue of our time: figure out what we're talking about when we're talking about cat videos." —New York magazine Are cat videos art? This essay collection, funded by a Kickstarter campaign, addresses not just our fascination with cat

videos, but also how we decide what is good or bad art, or art at all; how taste develops, how that can change, and why we love or hate something. It's about people and technology and just what it is about cats that makes them the internet's cutest despots. This lively essay collection is intended as "an earnest attempt to uncover more about human nature—especially in today's internet-driven world." —Cool Hunting Contributors include: Sasha Archibald, Will Braden, Stephen Burt, Maria Bustillos, David Carr, Matthea Harvey, Alexis Madrigal, Joanne McNeil, Ander Monson, Kevin Nguyen, Elena Passarello, Jillian Steinhauer, Sarah Schultz, and Carl Wilson. "This clever collection is highly recommended for people who watch cat videos, which is apparently nearly everyone." —Publishers Weekly "A delight." —Chicago Tribune

Nobody Will Tell You This But Me Bess Kalb, 2021-04-20 NATIONAL BESTSELLER ONE OF THE BEST BOOKS OF THE YEAR: VOGUE • FORBES • BOOKPAGE • NEW YORK POST • WIRED "I have not been as profoundly moved by a book in years." —Jodi Picoult Even after she left home for Hollywood, Emmy-nominated TV writer Bess Kalb saved every voicemail her grandmother Bobby Bell ever left her. Bobby was a force—irrepressible, glamorous, unapologetically opinionated. Bobby doted on Bess; Bess adored Bobby. Then, at ninety, Bobby died. But in this debut memoir, Bobby is speaking to Bess once more, in a voice as passionate as it ever was in life. Recounting both family lore and family secrets, Bobby brings us four generations of indomitable women and the men who loved them. There's Bobby's mother, who traveled solo from Belarus to America in the 1880s to escape the pogroms, and Bess's mother, a 1970s rebel who always fought against convention. But it was Bobby and Bess who always had the most powerful bond: Bobby her granddaughter's fiercest supporter, giving Bess unequivocal love, even if sometimes of the toughest kind. *Nobody Will Tell You This But Me* marks the creation of a totally new, virtuosic form of memoir: a reconstruction of a beloved grandmother's words and wisdom to tell her family's story with equal parts poignancy and hilarity.

Space Cat-astrophe: My FANGtastically Evil Vampire Pet Mo O'Hara, 2019-02-26 In the second book of this FANGtastic spin-off of Mo O'Hara's New York Times—bestselling *My Big Fat Zombie Goldfish* chapter book series, an aspiring evil scientist and his mostly evil (and totally forbidden) vampire kitten blast off to Evil Scientist Space Camp. Who is looking for evil apprentices for his next space mission! Which means that I could totally go into SPACE!!! I'm already well on my way to Evil Emperor of the Camp. Winning this competition should be easy. Okay, so maybe I didn't expect Geeky Girl to be quite so good at being evil, but I know I've got this. All I need is a plan. Hmmm . . . I wonder if you can take evil kittens on space stations. Let the Epic Evil Spaceness begin. Signed, The Great and Powerful Mark

Leonard (My Life as a Cat) Carlie Sorosiak, 2021-04-13 He's not a stray house cat, he's an immortal being. And now he must choose whether to return to his planet or remain with his new human friend in a humorous, heart-tugging story from the author of *I, Cosmo*. The cat that Olive rescues from a flood has a secret: he's not really a cat at all, but an alien who crashed to Earth on a beam of light. The cat, whom Olive names Leonard, was prepared to visit the planet as a human—but something went wrong. Now Leonard may never know what it's like to hold an umbrella, go bowling, or host a dinner party. (And his human jokes still need some work: Knock, knock. Who's there? Just Leonard. It is me.) While Olive worries about whether she will have to move after her mom and her new boyfriend get back from their summer vacation, Leonard tries to figure out how to get from South Carolina to Yellowstone National Park, because if he's not there at the end of the month, he'll miss his ride home. But as Olive teaches Leonard about the beautiful and confusing world of humans, he starts to realize how much he cares about this particular one. A sweet and dryly funny story about what it means to be human—and what it means to be home.

You Must Be Very Intelligent Karin Bodewits, 2017-07-03 *You Must Be Very Intelligent* is the author's account of studying for a PhD in a modern, successful university. Part-memoir and part-exposé, this book is highly entertaining and unusually revealing about the dubious morality and desperate behaviour which underpins competition in twenty-first century academia. This witty, warts-and-all account of Bodewits' years as a PhD student in the august University of Edinburgh is full of success and failure, passion and pathos, insight, farce and warm-hearted disillusionment. She describes a world of collaboration and backstabbing; nefarious financing and wasted genius; cosmopolitan dreamers and discoveries that might just change the world... Is this a smart people's world or a drip can of weird species? Modern academia is certainly darker and stranger than one might suspect... This book will put a wry, knowing smile on the faces of former researchers. And it is a cautionary parable for innocents who still believe that lofty academia is erected upon moral high ground...

Cherished Barbara Abercrombie, 2011-03-12 Because "grieving for an animal can be a pretty lonely place," Barbara Abercrombie created this joyful and poignant, funny and smart collection of commiseration. Readers meet the cat who liked to fish tampon tubes out of the trash and then appear "jauntily holding one in his mouth as if smoking a cigarette," the dog who demanded down pillows, and even a coyote who became part of the family. The sometimes surprising things animals add to a household — and how their loss reverberates — are highlighted, and because these are such fine writers, each essay also reveals larger truths about life. Whether the reader is grieving a loss, cherishing a current companion, or simply relishing a tale well told, the message is clear: it is better to have loved and lost...
