Geographies of Transport and Ageing Angela Curl, Charles Musselwhite, 2018-04-30 This book presents a unique geographical perspective on issues of transport and mobility for ageing populations. Society is ageing across the globe. As well as living longer, older people are fitter, healthier and more active than previous generations were. There is both a desire and a need to be mobile in later life and mobility is clearly linked to older people's health and wellbeing. Yet mobility can be hard for older people and we don't always design our neighbourhoods, towns, cities and villages in an age friendly way. With case studies from across the globe, authors take a geographical lens to the important topic of transport and mobility in later life. Chapters examine how the relationships between mobility, modes of transport, place and technologies affect an aging population. This collection will be of interest to scholars and students in human geography, in particular those with interests in transport geography, mobilities, geographies of health and wellbeing, urban geographies and geographical gerontology. It will also appeal to practitioners and policy makers in urban design and planning, transport planning and engineering and public health who have interests in age-friendly cities and policy.

Geographies of Mobility Mei-Po Kwan, Tim Schwanen, 2018-10-11 This book seeks to bring together different philosophical, theoretical, and methodological approaches to the study of human mobility within the discipline of geography. With five thematic sections - conceptualizing and analyzing mobility, inequalities of mobility, politics of mobility, decentering mobility, and qualifying abstraction - and 27 substantive chapters by leading researchers in the field, it provides a comprehensive overview of the latest thinking about human mobility and related issues. The contributors discuss mobility issues as diverse as everyday mobilities of young people, migrants and refugees, and sex workers; the relationships between citizenship and mobility; and the potential and pitfalls of big data for understanding mobility. This, coupled with a broad international focus, means that *Geographies of Mobility* will not only encourage and enrich dialogue on a theme that is of major importance to varied geographic research communities, but will also be of great interest to students and researchers across the wider social sciences. This book was originally published as a special issue of *Annals of the American Association of Geographers*.

Do. Fail. Learn. Repeat. Nicholas Haralambous, 2018-06-25 Are you bored and baffled by spin doctors telling you how to succeed, how to make \$1 000 000 or how to build the best business in just 30 days? Everyone claims to have the next best short cut or hack to help you along the path of entrepreneurship. It's all bullshit. In his business autobiography *Do. Fail. Learn. Repeat.* Nicholas Haralambous discusses the truth about the last 15 years of his entrepreneurial journey. ANYONE CAN START SOMETHING. Nic openly discusses his failures and sacrifices over the past decade and a half spent building businesses. There is advice all over the place about the rules to follow if you want to succeed, the do's and don'ts of running a company, the how-to of how-to do this, that or the next thing. There are also many personalities out there telling young entrepreneurs to hustle non-stop, risk everything and never sleep if they want success. YOUR CHANCE OF FAILURE IS ALMOST GUARANTEED. No one talks about how hard it is, how lonely it is and how difficult it is to build a business. No one is willing to forgo their ego and be honest. If nothing else, Nic Haralambous is honest about his journey. MOST PEOPLE WON'T LEARN. Nic has lived the hustle; he has pushed through physical pain, mental suffering, business failures, personal torment and relationship strife all in the name of building businesses. ALMOST NO ONE DOES IT AGAIN. Nic decided to write a big book of his failures so that entrepreneurs around the world can begin to understand that it is not always glamorous, easy or fun to build a business. If entrepreneurship is calling you then you absolutely cannot miss out on the truth, behind the business, written by Nic Haralambous.

Victor: My Journey Victor Matfield, 2011-11-05 As one of the most capped Springboks ever, Victor Matfield is a national hero who transcends rugby provincialism and has fans across the world. His rugby exploits and achievements are numerous: he was an instrumental part of the team that won the 2007 Rugby World Cup, he helped win two Tri Nations tournaments for the Boks, he has lifted the Super 14 trophy three times with the Bulls and he has enjoyed Currie Cup glory. In his much-anticipated autobiography, he opens up about his life, from growing up as a shy boy in Pietersburg to moving to Pretoria, where he had to learn the hard way about dealing with the pleasures of life as a talented young rugby player. He talks frankly about his issues with coaches, including his mentor Heyneke Meyer, Pieter de Villiers and former Bok coach Jake White, who once tried to physically attack him. Victor also discusses Kamp Staaldraad, the Bulls' lack of form in his final season, the controversial refereeing decisions that led to the Boks' quarter-final departure from the Rugby World Cup in 2011 and his retirement from rugby. This is undoubtedly the one book every rugby fan will want to read.

Call It Like It Is Jonathan Kaplan, 2014-06-05 The world of the international rugby referee has always been a closely guarded secret ... until now. As a Durban schoolboy, Jonathan Kaplan watched rugby at Kings Park every Saturday, dreaming of the day he would represent his country. Now, three decades later and at the age of 47, he reflects on the career highs and lows that saw him retire as the most capped international, Super Rugby and Currie Cup referee of all time. But records and milestones are just a part of an intriguing memoir that affords the reader a rare glimpse into the world of international refereeing ... and what lies behind that enigmatic, penetrating glare that is as typical of Jonathan Kaplan as his silver-grey patch of hair. In *Call It Like It Is*, Kaplan describes exactly what it takes to be an international rugby referee: his gradual climb to the top, the sacrifices he had to make in his personal life, his struggle with injuries and rugby management, the toll an itinerant lifestyle exacted upon him, and much, much more. But this is not only an autobiography: Kaplan also offers his opinion on the role of technology in rugby, dissects his own successes and failures, debates the selection and assessment of referees, and, yes, gives his take on the 2011 Rugby World Cup and the Bryce Lawrence affair. Containing all the guts and glory you'd expect from an epic rugby tale, this is also the frank and forthright account of a man who, both in life and on the pitch, would only ever call it like it is.

Kasinomics GG Alcock, 2015-10-01 *Kasinomi* is a book as eclectic, mysterious and colourful as the places and people it explores. eKasi, the lokasie, the South African township, once an apartheid ghetto, is today an amazingly transformed place. This township today is an eclectic mix of mansions, shacks, spaza shops, rocking taverns, hawkers, taxis and hot wheels. In this kasi there are vibrant businesses, energetic people, a tightly networked social community and abundant hope. That is not to say there isn't extreme poverty, suffering and dissatisfaction, particularly on the peripheries in the huge shack settlements, but to paint the place as a slum is a massive mistake. *Kasinomi* attempts to cast a light on the invisible matrix at the heart of South Africa's informal economies and the people who live in them. Living and doing business in African marketplaces requires an ethos uniquely suited to the informal, to the invisible, to the intangible. *Kasinomi* will take you down those rural pathways, weave between claustrophobic mazes of shacks, browse a muti market, visit a spirit returning ceremony and save money with gogo in a stokvel among many more people and places. After almost twenty years of focusing on marketing to the informal sector, GG Alcock, CEO of specialist marketing company Minanawe, showcases a number of groundbreaking and very successful case studies in this invisible informal world. His vivid anecdotes and life experiences and how they link to understanding and inspiration for business ideas will make you gasp, laugh and shake your head in wonder.

Networks of Communication in South Africa R. Sooryamoorthy, 2017-06-15 This book is an original study on the development of media technologies, communications and social networks in South Africa. Language in the Negotiation of Justice Girolamo Tessuto, 2016-04-15 This book explores the ways language is used by the professional legal community for the communication of its main business - the negotiation of justice - in today's globalized world. The volume addresses three main

aspects of language use in the negotiation of justice. Beginning with the legal contexts of litigation, arbitration and mediation, the book moves on to discuss the main issues identified in those contexts and finally it explores the applications of legal linguistics. These three aspects are studied across the themes of analyses of legal discourse and genres, issues of power and ideology in the use of legal language, cross-cultural legal communication, questions of recontextualization, accessibility and plain language, law and disciplinary identity, and pedagogy of legal language. With chapters set across a variety of jurisdictions, the contributions offer analytical insights into the interface between law and language. The book is a valuable resource for those in the legal community wishing to increase their understanding of the use of language for the negotiation of justice.

The Hitchhiker's Guide to Going Mobile Arthur Goldstuck, 2006 'The Hitchhiker's Guide to Going Wireless quickly established itself as the essential guide to mobile technology in South Africa. Going Mobile starts where Wireless left off and shows how the vision for the future is becoming a reality today. Wireless talked about the future high-speed wireless technology called WiMax, and already WiMax services are being offered commercially. The future is rushing up on us so fast that the time for a new edition of the Hitchhiker's Guide is now. As in Wireless, we ask the critical questions: What does it all mean? Where is it all going? How do ordinary people tap into this communication revolution? Here is a guide that once again catches the wave of interest and activity, that taps into the buzz, and also sets the mobile agenda for ordinary people and businesses throughout South Africa.

The Age of Annoyance: Managing our Frustrations with Information Overload Gavin Jocius, 2011-10-01 Like it or not, we live in the age of annoyance. Technology, electronic communications, gadgets, airline travel - as it all gets easier, it also seems to get exponentially more annoying. Annoyance is described as an unpleasant mental state that can lead to emotions such as frustration and anger. Sound familiar? When was the last time you yelled at your stupid computer or got frustrated that your smartphone could not find a signal? The Age of Annoyance is designed to help people make sense of the crazy world we now live in and better understand why we seem to lose control so easily when dealing with technology.

Drum, 2009

The Whistleblowers Mandy Wiener, 2023-04-03 UPDATED EDITION With corruption and fraud endemic in democratic South Africa, whistleblowers have provided an invaluable service to society through disclosures about cover-ups, malfeasance and wrongdoing. Their courageous acts have resulted in the recovery of millions of rands to the fiscus and to their fellow citizens as well as in improved transparency and accountability. But in most cases, the outcomes for the whistleblowers themselves are devastating. Some have been gunned down in orchestrated assassinations, others have been threatened and targeted in sinister dirty-tricks campaigns. Many are hounded out of their jobs, ostracised and victimised. They are pushed to the fringes of society. These are the evocative accounts of South Africa's whistleblowers, told in their own voices, from across the country. The Whistleblowers also advocates for a change in legislation, organisational support and social attitudes in order to embolden others to have the courage to step up. The Last Missionary Bob Walters, 2020-10-21 The Last Missionary is a bicycle adventure story set in remote districts in eastern Democratic Republic of the Congo. Bob Walters travels with a team of Congolese colleagues discovering the state of the villages run over by the Pan-African war that devastated the region's people through the terror of rape and the killing of millions. Along the way, Bob offers the reader a number of short tutorials and reflections on missiology, the study of mission systems. He ponders patronage and cargo cults, and asks the question, "Is Jesus the answer?" But this is not an answer book, it is a book in search of better questions. The Last Missionary is a challenge to both evangelicals and progressives in the church, missionaries and mission volunteers, and even non-religious aid workers.

Being a Black Springbok Sibusiso Mjikeliso, 2018-07-01 Thando Manana was the third black African player to don a Springbok jersey after unification in 1992, when he made his debut in 2000 in a tour game against Argentina A. His route to the top of the game was unpredictable and unusual. From his humble beginnings in the township of New Brighton, Port Elizabeth, Thando grew to become one of the grittiest loose-forwards of South African rugby, despite only starting the game at the age of 16. His rise through rugby ranks, while earning a reputation as a tough-tackling lock and later open side flanker, was astonishingly rapid, especially for a player of colour at the time. Within two years of picking up a rugby ball, he represented Eastern Province at Craven Week, and by 2000 he was a Springbok. But it isn't solely Thando's rugby journey that makes Being a Black Springbok a remarkable sports biography. It's learning how he has negotiated life's perils and pitfalls, which threatened to derail both his sporting ambitions and the course of his life. He had to negotiate an unlikely, but fateful, kinship with a known Port Elizabeth drug-lord, who took Thando under his wing when he was a young, gullible up-and-comer at Spring Rose. Rejected by his father early in his life, Thando had to deal with a sense of abandonment and a missing protective figure and find, along the way, people to lean on. Thando tells his story with the refreshing candour he has become synonymous with as a rugby commentator, pundit and member of the infamous Room Dividers team on Metro FM. He has arguably become rugby's strongest advocate for the advancement of black people's interests in the sport, and his personal journey reveals why.

My Own Liberator Dikgang Moseneke, 2018-01-01 In My Own Liberator, Dikgang Moseneke pays homage to the many people and places that have helped to define and shape him. In tracing his ancestry, the influence on both his maternal and paternal sides is evident in the values they imbued in their children - the importance of family, the value of hard work and education, an uncompromising moral code, compassion for those less fortunate and unflinching refusal to accept an unjust political regime or acknowledge its oppressive laws. As a young activist in the Pan-Africanist Congress, at the tender age of fifteen, Moseneke was arrested, detained and, in 1963, sentenced to ten years on Robben Island for participating in anti-apartheid activities. Physical incarceration, harsh conditions and inhumane treatment could not imprison the political prisoners' minds, however, and for many the Island became a school not only in politics but an opportunity for dedicated study, formal and informal. It set the young Moseneke on a path towards a law degree that would provide the bedrock for a long and fruitful legal career and see him serve his country in the highest court. My Own Liberator charts Moseneke's rise as one of the country's top legal minds, who not only helped to draft the interim constitution, but for fifteen years acted as a guardian of that constitution for all South Africans, helping to make it a living document for the country and its people.

Onkant! Hendrik Hancke, 2023-08-31 TOE EK IN MY EERSTE WÊRELD BEKER WEDSTRYD UITDRAF, WAS DAAR IETS SOOS 54 000 MENSE. JY SIEN NET KAMERAFLITSE, DIS AMPER HIPNOTIES . . . DIE COACH SKREE VIR MY: 'CHUCKY, WAARMEE IS JY BESIG?' TOE BESEF EK EK IS BESIG OM VIR DIE MENSE TE WAAI. - LOUIS 'CHUCKY' VAN DER WESTHUIZEN Het jy al ooit gewonder hoe 50 000 ekstatiese ondersteuners op die paviljoen klink of wat dit beteken om 'n Springbokbaadjie in jou kas te hê? In die aanloop tot die Rugbywêreldbeker het die joernalis Hendrik Hancke die land deurkruis om met oud-Springbokke, provinsiale spelers, breiers en 'n rugbyskrywer te gesels oor hul liefde vir rugby. Hulle deel persoonlike oorwinnings en teleurstellings, die lesse wat rugby hulle al geleer het, spesiale kleedkamer-oomblikke en stories oor wat van die veld af gebeur. Schalk Brits verduidelik byvoorbeeld waarom dit so noodsaaklik is vir 'n Springbok om 'n spanspeler te wees, terwyl Gcobani Bobo aangrypend vertel van sy reis met rugby van King Williamstown tot Nieu-Seeland. Frik du Preez lig weer die sluier oor hoe dit was om in die 1960's te toer en die kattekwaad wat hulle aangevang het, terwyl Jean de Villiers deel wat dit beteken om Springbokkaptein te wees. As jy Saterdagmiddae kliphard vir die televisie skree, of op die sypaadjie sal slaap om 'n kaartjie vir 'n groot wedstryd te kry, dan is dié boek vir jou.
