Ten Things I Wish I'd Known When I Was Younger A compelling case for Christianity,2019-03-04 Life is full of lessons learned, and the earlier we learn them, the more fulfilling the remainder of our lives can be. The Christian life has a unique set of lessons. All of us face the daily challenges of discerning God's will and reconciling the ultimate source of truth and guidance the Bible with the influences and pressures of secular society. These challenges can be daunting, and the pathway to success can be tortuous and full of obstacles. In his well-articulated and entertaining take on some important lessons of the Christian life, author and songwriter Robert D. Smith, Jr. provides thought-provoking insights for those engaged in all phases of the faith journey from nonbelief to Christian maturity. He shares these life lessons by calling upon decades of experience in navigating the Christian walk and making decisions along the way, not all of them the best ones. He intersperses relevant lyrics from his thirty years of contemporary Christian songwriting into the text as a poetic complement to the narrative. His goal is for readers to learn the lessons it has taken him a lifetime to learn early enough in their lives to make a difference. Whether you are a skeptic, questioning the relevance of the Bible or even the existence of God; a new Christian seeking direction for your life; or a mature believer with years of devotion and service behind you; there is wisdom to be gained from reading this book. As long as we continue to breathe, there is always room to learn and grow. No matter how old you are or where you faith resides, these ten lessons will bring clarity to your path forward.

The Jerusalem Bible Alexander Jones,2000-02-15 When it comes to Bible translations, readability and reliability are what count; and on both counts, the original JERUSALEM BIBLE stands alone. A product of the age of the Second Vatican Council (1962-1965), THE JERUSALEM BIBLE (published in 1966) was the first truly modern Bible for Catholics. Using definitive original language texts such as the Dead Sea Scrolls, biblical

scholars of L'École Biblique in Jerusalem produced a meticulously accurate, wonderfully readable French translation of the complete canon of Scripture (La Bible de Jérusalem). From this French original came the English edition, edited by renowned Bible scholar Alexander Jones. For all the people around the world who are discovering or revisiting the mysteries contained in the Scriptures, only a clear, understandable Bible translation will do. With language as exquisite but more modern than the King James Version, THE JERUSALEM BIBLE is the one they can trust.

Just Ask the Universe Michael Samuels,2017-04-11 Just Ask the Universe is not a book of New Age gobbledygook filled with empty promises. Angels won't fly from above and touch you while you're reading. You will not be asked to practice unusual or tedious rituals. There will be no preaching or sage advice and there will most certainly be no channeling of your inner chakras or dressing like Friar Tuck. Just Ask the Universe is a realistic guide to personal development. By creating a blueprint for self-growth and commanding your subconscious mind, the Universe will manifest all your dreams. For over two decades, Michael Samuels has studied and methodically tested hundreds of books on self-improvement, spirituality, and the metaphysical. Just Ask the Universe accumulates the wisdom from thought teachers like: Wallace Wattles, Anthony Robbins, Rhonda Byrne, Joseph Murphy, Robert Collier, and Napoleon Hill, and compiles it under one unified lesson: if your thoughts are clear and in harmony with your mind and the truth of your surroundings, your life can be filled with all the richness the Universe has to offer. As a culmination from these teachings, Michael will show you how to use simple and fun techniques to create a more desirable future. This approach, coupled with real-life stories, will teach you how to achieve personal power to overcome any barrier. Regardless of what your present circumstances might be, by following the principles in this book, you will be able to gain power over your destiny. The Universe is listening. All you have to do is just ask.
