My Chinese Marriage M. T. F.,1922

Good Chinese Wife Susan Blumberg-Kason,2014-07-29 A stunning memoir of an intercultural marriage gone wrong When Susan, a shy Midwesterner in love with Chinese culture, started graduate school in Hong Kong, she quickly fell for Cai, the Chinese man of her dreams. As they exchanged vows, Susan thought she'd stumbled into an exotic fairy tale, until she realized Cai—and his culture—were not what she thought. In her riveting memoir, Susan recounts her struggle to be the perfect traditional Chinese wife to her increasingly controlling and abusive husband. With keen insight and heart-wrenching candor, she confronts the hopes and hazards of intercultural marriage, including dismissing her own values and needs to save her relationship and protect her newborn son, Jake. But when Cai threatens to take Jake back to China for good, Susan must find the courage to stand up for herself, her son, and her future. Moving between rural China and the bustling cities of Hong Kong and San Francisco, Good Chinese Wife is an eye-opening look at marriage and family in contemporary China and America and an inspiring testament to the resilience of a mother's love—across

any border.

Our Man in China Ming Liu,2012-11-08 Eric Chen is ready to make a name for himself. American-born Chinese (ABC) and armed with a high-powered banking job, he is destined for success and riches in the world's next superpower. But the New China is rapidly changing, its billion-plus people ambitious, hungry and on the move. Determined to win a take-over deal that sees him shuttle between Shanghai, Beijing, Hong Kong and New York, Eric encounters those also profiting from the world's most promising nation: the playboy son of a Hong Kong tycoon, a hedonistic boss, and another ABC desiring to belong. In the New China, cultural assimilation and confusion, along with temptation and seduction, abound- and Eric could lose himself not to mention those he loves most.

JOURNEY TO CHINA Louane K. Beyer,2014-02-24 Unforgettable describes this tale, Journey to China, that sweeps the reader not only into adventures when a family of six from a small desert, farming community in southwestern United States begin the trip to China that started as routine with a dual purpose of escorting their niece to her parents who are attending Peking University and to schedule a visit with the girls' pen pal but also find themselves caught up in intrigue as they become a target from a spy from the Central Communist Government. Share their adventures as they experience China's century old customs battling with modern day philosophies as an economic and militaristic country among the cultural treasures and great wonders of the world along with high speed transportation, high rises and new emphasis on education. As they learn to bridge the language barrier, there is new respect for the Chinese people who have been inventors, artists, music, and more for over three thousand years. In the countryside, the families find a quiet and calm environment. While visiting the pen pal family, they assist in a disaster that makes them heroic in the whole country. On the return trip home, they encounter an earthquake within the Ring of Fire followed by a tidal wave that may jeopardize their lives along with the other 300 passengers in a crippled airplane. Will they be able to utilize their ingenuity and create a miracle to save themselves?

Life in China Jean M. Life,2011-04-28 From the moment I learned we were moving to China to our return home, you will read about our amazing and bizarre experiences. During the years in China I had sent newsletters to family and friends about our adventures, but upon our return home many people still wanted me to write a book. Finally, I agreed to begin writing. I played on our name for the title and then began telling my story. Not only did I want to write about our experiences, I also wanted it to be a help to those going to live or do business in a very different culture upside-down from what we consider normal. Consequently, I have written Life In China as a cross between a memoir and a travel book. I hope it is a helpful source for those going there to live or tour and an enjoyable story for those who aren't.
