Victorian Undead Ian Edginton,Davidé Fabbri,2010 In 1854, a meteor streaked across London's skies, bringing with it a zombie plague. For 20 years, Her Majesty's Secret Service kept the threat under control. But now Moriarty has begun using the zombies in an attempt to overthrow the Government. Sherlock Holmes and Dr Watson must face off MI-5 and the zombies at the same time.

The Enlightened Barista Frank Elaridi,2015-03-25 The barista drew an imprint of a rose in the foam in the cup of espresso, but no one would notice it. The customer would drink it without ever taking a moment to admire his masterpiece. Nothing ever changed. Each cup he brewed wounded his spirit. But the course of the Lebanese youth's life changes forever when he meets a Spanish nomad named Raphael, who tells him about the Great Guru in Rishikesh, India. I have to remind you, there is no guarantee that the Great Guru will see us, Raphael warned. In my brief meditation, I heard the song, and now I seek the choir, Matias said. I have to try. As we follow Matias' journey from an ambitious youth to a seeker of truth, we learn life lessons along with him and call out our innocence from its hiding place in our hearts.

Building International Investment Law Meg Kinnear,Geraldine R. Fischer,2015-12-22 This volume celebrates the first fifty years of the International Centre for Settlement of Investment Disputes (ICSID) by presenting the landmark cases that have been decided under its auspices. These cases have addressed every aspect of investment disputes: jurisdictional thresholds; the substantive obligations found in investment treaties, contracts, and legislation; questions of general international law; and a number of novel procedural issues. Each chapter, written by an expert on the chapter's particular focus, looks at an international investment law topic through the lens of one or more of these leading cases, analyzing what the case held, how it has been applied, and its overall significance to the development of international investment law. These topics include: - applicable law; - res judicata in investor-State arbitration; - notion of investment; - investor nationality; - consent to arbitration; - substantive standards of treatment; - consequences of corruption in investor-State arbitration; - State defenses - counter-claims; - assessment of damages and cost considerations; - ICSID Arbitration Rule 41(5) objections; - mass claims, consolidation and parallel proceedings; - provisional measures; - arbitrator challenges; - transparency and amicus curiae; and - annulment. Because the law of international investment continues to grow in importance in an ever globalizing world, this book is more than a fitting way to mark the past fifty years and to welcome the next fifty years of development. It will prove both educational for practitioners new to the field and informative for seasoned investment lawyers. Moreover, the book itself is a landmark that will be of great value to professionals, scholars and students interested in international investment law.

With Nails Richard E. Grant,1999-03-01 The star of the cult classic *Withnail and I* offers “a refreshing combination of comedy, confession, and coruscation” in this memoir of the movie business (Kirkus Reviews). Richard E. Grant’s acting career has included memorable roles in some of Hollywood’s most critically acclaimed films, including Robert Altman’s *Gosford Park* and Francis Ford Coppola’s *Dracula*. But he attributes his success to his first film role, starring as a flamboyantly pathetic Shakespearean in the underground hit *Withnail and I*. As Grant explains, “I had no notion that, almost without exception, every film offered since would be the result of playing an alcoholic out-of-work actor.” In *With Nails*, Grant shares his long, maddening, and immensely rewarding journey through the world of film. From the hell of making Hudson Hawk to befriending Steve Martin on the set of *L.A. Story*; and from eating spaghetti with the Coppolas, to window-shopping with Sharon Stone, and working with and learning from the best actors and directors in the business, Grant’s unvarnished memoir “is a biting and wonderfully funny look at the movie business by an actor who is as clear-eyed and observant about himself as he is about the craziness surrounding him” (Publishers Weekly, starred review).

Ein Raum ist eine Welt Daniel Kurjaković,2001

The Adventures of Inspector Lestrade M. J. Trow,2021-03-06 Book four in the Inspector Lestrade series. It is 1891 and London is still reeling from the horror of the unsolved Ripper murders when Inspector Lestrade (that ‘ferret-like’ anti-hero so often out-detected by the legendary Sherlock Holmes) is sent to the Isle of Wight to investigate a strange corpse found walled up in Shanklin Chine. But this is only the start of the nightmare. It is merely the beginning of a series of killings so brutal, so bizarre and, apparently, so random, that only a warped genius – and a master of disguise – could be responsible. Even when Lestrade pieces together the extraordinary pattern behind the crimes from the anonymous poems sent after each murder, he is no closer to knowing the identity of the sinister, self-styled ‘Agrippa’, the ‘great, long, red-legg’d scissor-man’. It becomes a very personal battle and Lestrade’s desperate race to avert the next death in the sequence takes him all over the country, from London to the Pennines and back, resulting in a portfolio of suspects which covers the entire range of late-Victorian society.

The Wah-Wah Diaries Richard E. Grant,2016-07-28

The Resident Patient Arthur Conan Doyle,2020-09-28 Doctor Persy Trevelyan gets himself into a strange business arrangement with a man, named Blessington. Blessington is a rich businessman who is willing to invest his money in the doctor’s practice if he gets three-fourths of the total Trevelyan earns per day. Everything seems to go as planned but suddenly Blessington starts acting more and more weird with every passing day. He gets even to the point of accusing two of the doctor’s patients of breaking into his room. Trevelyan reaches out for Holmes’ help. What will the detective find out? Is there actually a good reason for the paranoid outbursts of the rich Blessington? *The Resident Patient* is a part of *The Memoirs of Sherlock Holmes*. Sir Arthur Conan Doyle (1859-1930) was born in Scotland and studied medicine at the University of Edinburgh. After his studies, he worked as a ship’s surgeon on various boats. During the Second Boer War, he was an army doctor in South Africa. When he came back to the United Kingdom, he opened his own practice and started writing crime books. He is best known for his thrilling stories about the adventures of Sherlock Holmes. He published four novels and more than 50 short-stories starring the detective and Dr Watson, and they play an important role in the history of crime fiction. Other than the Sherlock Holmes series, Doyle wrote around thirty more books, in genres such as science-fiction, fantasy, historical novels, but also poetry, plays, and non-fiction.

The Sherlock Files Guy Adams,2013-07-16 The Ultimate and Official Guide to Seasons 1 and 2 of the Hit Series *Sherlock*—A Must-Have for all Sherlock Fans. *Sherlock: The*

Casebook offers a multidimensional companion to the PBS hit show Sherlock. Covering the first two seasons in vivid detail, each case is richly captured on the page and re-examined through Dr. Watson's blog, Inspector Lestrade's police reports, and newspaper articles about the crimes. Sherlock's detective notes and any surviving clues from the cases are also included. Interspersed among the evidence are exclusive interviews with the stars of the show, Benedict Cumberbatch, Martin Freeman, and Rupert Graves; writers and co-creators Mark Gatiss and Steven Moffat; and the production team on everything from writing the scripts and bringing the characters to life on-screen to how the new Sherlock both reinvents and pays homage to Arthur Conan Doyle's iconic detective.

Elementary: The Ghost Line Adam Christopher, 2015-02-24 summons to a bullet-riddled body in a Hell's Kitchen apartment marks the start of a new case for consulting detectives Sherlock Holmes and Joan Watson. The victim is a subway train driver with a hidden stash of money and a strange Colombian connection, but why would someone kill him and leave a fortune behind? The search for the truth will lead the sleuths deep into the hidden underground tunnels beneath New York City, where answers—and more bodies—may well await them...
