The Complete Poems of Christina Rossetti Christina Rossetti,1986-02-01 Born in 1830, Christina Rossetti began composing verse at the age of eleven and continued to write for the remaining fifty-three years of her life. Her brother Dante Gabriel Rossetti, himself a poet and painter, soon recognized her genius and urged her to publish her poems. By the time of her death in 1894, Christina had written more than eleven hundred poems and had published over nine hundred of them. Although she is regarded as the greatest woman poet of the Victorian period, there has not been until now an authoritative edition of her poetry. In this second volume of the three-volume *The Complete Poems of Christina Rossetti*, R.W. Crump continues the editorial standards she established in Volume I, published in 1979. She gives the reader a comprehensive text with notes revealing Christina's process of composition and revision and her painstaking concern for the technical details of her work. The variant readings in the notes are taken from extant manuscripts, individual poems as published or privately printed before being incorporated into her published collections, and all the English and American editions of her poems through William Michael Rossetti's *The Poetical Works of Christina Georgina Rossetti* (1904). A special feature of both Volumes I and II is a complete list of holographs and their locations. Volume II contains *Sing-Song: A Nursery Rhyme Book* (1872), *A Pageant and Other Poems* (1881), and *Verses* (1893), as well as the poems added to these volumes after their original publication. Volume III contains poems Christina published but did not include in any of her collections as well as poems that have not

previously appeared in print.

On Be(come)ing a Woman of Wisdom Patricia Spinoza,2023-11-29 Volume 2 of this memoir picks up where Volume 1 left off with the author on her way to the Krishnamurti Educational Center in Alresford, England, about 60 miles southwest of London, to live and study in this spiritual community. As she turns from the external journey of her youth and young adulthood to an inward psychic journey, devastating and sublime in its revelations, we witness the author's continued quest to explode her natural sexual Shakti Energy into an influential and artful feminine wisdom. From mid-life to cronehood, we wonder at the unfolding of a relationship of chaos and love, at her embracing of celibacy, join her in the darkness of unknowingness, and journey into the hidden influence of the patriarchy. We cheer as she meets the challenges of attaining her bona fides as a Process Work therapist and delight in witnessing her heart opening during three months volunteering at an orphanage in India. Further, we follow the author's growing psychological and emotional maturity through sorceric maneuvers and psychedelic medicine work. Her journey culminates in an unexpected relationship with a tantric partner that, through their united body energies, leads to a vast, formidable, and sustained opening to sublime joy and connection with the very fabric of life. In this and the previously published volume, the author unashamedly exemplifies a pathway through conventional, societal, and familial limits to the hidden spiritual truths behind women's sexuality and truth-telling. These two books are nothing less than a call for women in every walk of life to dare to embrace their personal stories, family lineage, intimate relationships, motherhood, and sexual energies with wonder and curiosity and courageously tell their stories. The author proposes that this vital ownership and declaration by women of their full feminine wisdom and power is the key to reshaping our society and sustaining the beauty and plentitude of planet Earth so she can sustain us.

The Forbidden J.L. Miller,2010-05-18 Life is simple, right? You are born, you live, and you die. Or at least that is the way it is supposed to happen. But what if what if you get a second chance, to live a life that was taken from you, the life that you were supposed to live? The life that you have no memory of, and what if you had known love, real love? Would you give it a second chance, or would you consider loyalty for family over true love. Being a teenager isn't supposed to be complicated, right? But when Abigail Watson's mother marries a stranger and moves her across country into the manor, a place that would be fitting for Dracula, Abby soon starts to have nightmares. Abby then meets a mysterious boy, who seems to know all about Abby and the family that she has been inducted into. From the moment she meets Ethan she feels connected to him, there is something about him, so familiar, so safe. But Ethan has secrets, secrets he doesn't want to share, and he will have to make a choice if he wants to keep history from repeating itself.

Flash Point Christy Warren, 2023-06-20 For twenty-five years, paramedic and firefighter Christy Warren put each tragic, traumatizing call she responded to in a box and closed the lid. One day, however, the box got too full and the lid blew open—and she found herself unable to close it again. Her brain locked her inside a movie theater in which film after film of gut-wrenching scenes from her career played over and over again; she found herself incapable of forgiving herself for what happened at one call in particular. Caught in a loop of shame, anger, irritability, and hypervigilance—classic signs of PTSD—she began to spiral, even to the point of considering suicide, and yet still she was reluctant to seek help. In the end, it took almost losing her marriage to force Christy into action—but once she began to reach out, she found a whole army of folks waiting and ready to help her. The team of people supporting her eventually grew to include an EMDR therapist, a psychiatrist, her peers at a trauma retreat, and a lawyer who made the case for medical retirement and workers compensation. Along the way, Christy learned the vital truths that made it possible to keep going even in her darkest moments—that post-traumatic stress was literally a brain injury; that suicide and alcohol were not the only ways out; that asking for help was a sign of strength, not weakness; and that although it was ultimately up to her to do the work to change the dialogue in her head, she was not alone.
