Elizabeth Hardwick

Kids on YouTube Patricia G Lange, 2016-09-17 The mall is so old school—these days kids are hanging out on YouTube, and depending on whom you ask, they're either forging the digital frontier or frittering away their childhoods in anti-intellectual solipsism. *Kids on YouTube* cuts through the hype, going behind the scenes to understand kids' everyday engagement with new media. Debunking the stereotype of the self-taught computer whiz, new media scholar and filmmaker Patricia G. Lange describes the collaborative social networks kids use to negotiate identity and develop digital literacy on the 'Tube. Her long-term ethnographic studies also cover peer-based and family-driven video-making dynamics, girl geeks, civic engagement, and representational ethics. This book makes key contributions to new media studies, communication, science and technology studies, digital anthropology, and informal education.

Fawkes Nadine Brandes, 2018-07-10 Guy Fawkes's son must join his father's plot to kill the king in this magical retelling of the Gunpowder Plot that will sweep you back in time to a divided England where plagues turn victims to stone. In 17th-century London two forces rule the people: the color powers and the Stone Plague. Brown masks can manipulate wood. Black masks control the night. And red masks . . . Well, red is the color of blood. Thomas Fawkes's Color Test is upon him, and he is sure his father, the infamous Guy Fawkes, will present him with a mask and Thomas will finally bond with a color. He desperately hopes for a gray mask so he can remove the stone that has invaded his body and will ultimately take his life. But when Guy refuses to give Thomas his mask or even his presence, Thomas has no place in school or society. His only hope is to track down his father and demand a mask to regain what he's lost. But his father has other plans: to kill the king. Thomas must join forces with his father if he wants to save his own life. When his errands for the cause bring him time and again to Emma Areben, a former classmate, Thomas is exposed to a whole new brand of magic. And Emma doesn't control just one color—she controls them all. Emma wants to show Thomas the full power of color magic, but it goes against everything his father is fighting for. If Thomas sides with his

father, he could save his own life—which would destroy Emma and her family. To save one, he must sacrifice the other. No matter Thomas's choice, one thing is clear: once the decision is made and the color masks have been put on, there's no turning back. Tube Ritual Brian G. Johnson, 2018-10-02 A successful YouTuber shares his strategic system for growing a channel—and going from zero to thousands of subscribers. You have to start with no videos, views, or subscribers. Furthermore, more than four hundred minutes of content is uploaded to YouTube each minute. To say that it's challenging to grow a channel is an understatement! In fact, less than three percent of YouTube channels ever gain more than ten thousand subscribers. Yet, in a one-year period, Brian G. Johnson gained 10,623 subscribers and drove over half a million video views. Truly beginning from zero, Brian had no previous YouTube success to draw from and had to learn the nuances of camera settings, editing options, and technical details that often become roadblocks. Furthermore, he did it in a small and competitive niche, the YouTube video marketing niche. How, you ask? By researching, testing, and tweaking various video growth methods over a one-year period in order to identify why the YouTube algorithm promotes one video over another. Ultimately, this led to the creation of a video ritual

based on his findings—a series of actions according to a prescribed order. More than a mere guide, Tube Ritual is a one-year case study with the goal of driving more views and converting more viewers into subscribers. For those already creating videos or who want to in the future, Tube Ritual contains detailed, step-by-step information that plain works. Covering topics from branding to thumbnails, video structure, YouTube SEO, video calls to action, playlist strategies, channel strategies, and more, Tube Ritual leaves no stone unturned.

Swimming Home Deborah Levy, 2012-09-14 Short-listed for the 2012 Man Booker Prize. Readers will have to resist the temptation to hurry up in order to find out what happens . . . Our reward is the enjoyable, if unsettling, experience of being pitched into the deep waters of Levy's wry, accomplished novel.--Francine Prose, New York Times Book Review As he arrives with his family at the villa in the hills above Nice, Joe sees a body in the swimming pool. But the girl is very much alive. She is Kitty Finch: a self-proclaimed botanist with green-painted fingernails, walking naked out of the water and into the heart of their holiday. Why is she there? What does she want from them all? And why does Joe's enigmatic wife allow her to remain? A subversively brilliant study of love, *Swimming Home* reveals how the most devastating secrets are the ones we keep from ourselves.

Wacky Waving Inflatable Tube Guy Conor

Riordan, 2018-10-02 The very first of its kind, this miniature Wacky Waving Inflatable Tube Guy is the perfect desktop companion, tiny marketing tool, or hilarious gift! Finally, the joyous dancing tube man -- who's been featured everywhere from Ricky Martin's stage to *Broad City* -- is available in a tiny, desk-friendly size. This box includes: An 18-inch waving tube man with fan in base to make him dance, wiggle, and shake just like the real thing (batteries not included) A 32-page mini book exploring the larger than life (and utterly surprising!) origins of everyone's favorite flailing arm man PLEASE NOTE: This product can be powered by a 9-volt battery or by a specific AC adapter. (Battery nor AC adapter included with purchase.) Please read and follow the instructions included in the box to ensure optimal performance. If using a battery: A rechargeable Ni-MH battery is recommended for best performance and is a more cost-effective alternative to a common Alkaline (single-use) battery. If using an

Alkaline battery, it must be NEW and preferably a PREMIUM brand. DO NOT use a Carbon-Zinc battery (often labeled Heavy-Duty). This type of battery cannot produce enough power to operate the motor. To get the most life out of the battery, use in intervals no greater than 5 to 10 minutes. Operating in this manner will yield approximately 45 minutes of use. If your tube guy begins to get stuck in a downward position, it is time to replace the battery or recharge if using a rechargeable battery. If using an AC adapter, it must follow the below specifications: Input: AC 100-240V (50-60 Hz) Output: DC 9V (1A or 2A)

Central Asia in the Era of Sovereignty Daniel L.

Burghart, Theresa Sabonis-Helf, 2018-03-16 After twenty-five years of independence, there is little doubt that the five Central Asian states will persist as sovereign, independent states. They increasingly differ from each other, and are making their way in global politics. No longer connected only to Russia, they are now connected in important ways to Afghanistan, South Asia, China, Iran, and each other. This volume covers a wide range of issues and presents the work of emerging scholars authors well-known for their expertise in the region. The first part addresses social issues. Covering a wide range from HIV/AIDs to social media, the rebirth of Islam, outmigration, and problematic borders, this section follows two main currents: political development in the region and states' responses to transboundary challenges. The second part, addressing economics and security, provides analyses of new infrastructure, informal economies (from bazaars to criminal networks), energy development, the role of enclaves in the Ferghana Valley, and the development of the states' military structures. This section illuminates the interactions between economic developments and security, and the forces that could undermine both. The final part, comprised of five case studies, offers a "deeper dive" into a specific factor that matters in the development of each Central Asian state. These cases include Kazakhstan's foreign policy identity, Kyrgyzstan's domestic

politics, Tajikistan's pursuit of hydropower, foreign direct investment in Turkmenistan, and the perception of everyday corruption in Uzbekistan.
