We suggest you first work your way through the verbs, adjectives and phrases chapters in part one of the book. This will give you a great base for further studying and already enough vocabulary for basic communication. The Polish dictionaries in part two and three can be used whenever needed to look up words you hear on the street, English words you want to know the Polish translation for or simply to learn some new words. Some final thoughts: Vocabulary books have been around for centuries and as with so many things that have been around for some time, they are not very fashionable and a bit boring, but they usually work very well. Together with the basic Polish dictionary parts, this vocabulary book is a great resource to support you throughout the process of learning Polish and comes in particularly handy at times when there is no internet to look up words and phrases.
