Learn Spanish Vocabulary with Mnemonics Vince McLeod,2013-03-07 This book uses mnemonics to teach Spanish vocabulary as quickly and efficiently as possible. Some of the mnemonics are weird, some sexy, some cheerfully obscene, but all are memorable. The system offered in this book not only presents 3,000 of the most common words and a mnemonic for each, but also organises them into a hierarchical system for maximum ease of encoding. Using this book to learn the necessary vocabulary to become fluent in Spanish will save you hundreds of hours of time and effort.

Learn Spanish Garcia Ammons, 2016-12-28 Are you ready to learn 1000+ spanish words in the next 60 minutes? You've probably been wasting time studying. If you've been using traditional language learning tools like classes or software to teach you Spanish - I can almost guarantee it. These classes focus on memorization, basic vocabulary, routine phrases and conversations. And, naturally, these are all important. But, here's the thing - Most traditional Spanish classes are missing critical information that could save you hours of time and effort. It's what these courses DON'T teach you that leads to hours of unnecessary time wasted studying. They don't teach you the critical principles that allow you to master the knowledge in minutes - NOT hours. (by the way, if you've had difficulty learning, it's probably because you didn't have the right methods to make it easy). You might not believe this, but: You can significantly improve your Spanish vocabulary, right now. Instead of wasting time studying using traditional methods, you could be using effective techniques to increase your vocabulary TODAY. These methods will show you how you can learn hundreds of new Spanish words in less time than it takes you to eat lunch, AND know them forever, not just for a few

minutes or long enough to take the test. How is this possible? Let me explain. I've found proven strategies for increasing your learning speed - habits, techniques, and tactics that will put the jet fuel in your language learning. These strategies were not easy to find. And guess what? I'm a native bilingual speaker! I personally use these to make connections between large sets of words, and learn new ones without hours of memorization (even in other languages like French and Italian). I can promise you that these high-leverage techniques will save you time and put you on the fast-track towards fluency in Spanish. But know this - This is not a 'How to Learn Spanish from Scratch' book. Not even close. What it is: a condensed guide that shows you the best practices for rapidly increasing your vocabulary and becoming fluent in Spanish. I've kept the book short and easy to understand, so that you can get started using these as soon as possible! (I'm trying to save you time after all, not make you read another 300+ page book). So, I've laid out the overlooked principles, common pitfalls, and language shortcuts in a way that anyone can understand and start using immediately. What's inside Introduction Tip # 1: Latin Is Your Friend Tip # 2: The Dialect Dilemma Tip # 3: The Components of Language Learning Tip # 4: Ditch the Dictionary! Tip # 5: Avoid Programmed Conversations Tip # 6: Practice Conversing with a Conversation Swap Tip # 7: Invest in an App Tip # 8: Word Endings Are Your Friend The 7 simple Language Shortcuts to learn 1000+ words quickly Language Shortcuts The core of this book is the list of what I call

language shortcuts that are consequences of the similarities between English and Spanish. For example: English words that end in -ant stem from a certain group of words that also exist in most other romance languages. In particular, these words also exist in Spanish, but the suffix of the words in Spanish is -ante instead of -ant. So the English word arrogant translates to arrogante in Spanish. The word brilliant translates to brillante, and so on. So, don't waste anymore time. Change your strategy, and take yourself to the next level - get yourself a copy of this book right now.

Spanish Sarah Retter, 2018-05-06 You will find in this book frequent Spanish words that share the same root. Therefore, you will find it is very easy to relate different Spanish words to the common root and remember its meaning. Example: port is a Latin root and it means to move or to carry. The Spanish words that include this root are: transporte, portable, teleportacion, deportar, exportar, soportar, portafolio, importar, importante, portero, reporte. All these words include the meaning of carry or move. You can add thousands of words in Spanish by learning just the 100 most used Greek and Latin roots. Learning word roots from Latin and Greek helps you understand the origins of Spanish grammar and spelling. So, by learning these, the forms and patterns of Spanish will become clearer to you. By studying roots, you're opening your brain up to understand many other languages, not just Spanish. In this book you'll find a great guide to Spanish root words and how to use them. Purchase this book and start learning and understanding more Spanish

than ever!
