Gangs and the Military Carter F. Smith, 2019-09-20 Gangs are expanding, evolving, and posing an increasing threat to communities nationwide. This could be due in part to the increased number of gang members with military training. This book explores how military veterans are becoming increasingly involved in street gangs, outlaw motorcycle gangs, and domestic extremist groups.

Soldiers Once Catherine Whitney, 2009-05-12 Catherine Whitney's brother, Vietnam veteran Jim Schuler, died at just fifty-three years old, while living in a flophouse. It had been sixteen years since, in one of his drunken rages, he had last seen his family. He was one of countless veterans who never recovered from the trauma of war and the stress of returning to live in a country that didn't care about his pain. The story of what happened to Whitney's brother resonates with humanity and has a clear relevance to current national concerns. *Soldiers Once* puts a very human face on veterans' policies, finding in Whitney's personal drama a broader significance. It is both an investigation into her brother's loss and a meditation on the lost dreams of our military brotherhood.

Knights of the Skull Wayne Vansant, 2017-03-28 Tales of the Waffen SS and award winning comic writer and artist Wayne Vansant provides the stories of the German Panzer troops during World War II. This edition collects for the first time Wayne's previous tales that were released as individual comics or as short tales. Included here is the acclaimed Battle Group Peiper and how the infamous German commander during the Battle of the Bulge committed one of the greatest atrocities against American soldiers. Also three short tales of young German tank soldiers that experience the horrors of war and this is capped off by the the story of the Witches' Cauldron, the incredible saga of the Cherkassy Pocket battle between retreating German forces and the Soviet army on the Eastern front.

Biker Gangs and Transnational Organized Crime Thomas Barker, 2014-10-17 *Biker Gangs and Transnational Organized Crime*, Second Edition, describes and analyzes a rapidly expanding global problem: criminal acts committed by motorcycle gangs. Thomas Barker, one of the world's top experts on outlaw biker gangs, offers fascinating details about the Bandidos, the Vagos, the Mongols, and other one percenters (criminal biker gangs, as opposed to the vast majority of motorcycle enthusiasts). He combines this data with a strengthened conceptual framework that makes sense of this complicated picture. U.S.-based motorcycle gangs like the Hells Angels have proliferated, especially in Canada and Europe, to the point where these gangs have more members in other countries than in the United States. Increasingly more often in recent years their crimes are not limited to rumbles or drug use—these gangs challenge the dominance of organized crime,

leading to violent conflicts between the rivals. Germany, Scandinavia, the UK, the Netherlands, and Canada are particularly hard-hit by this rising violence. One of Barker's unique contributions is his Criminal Organization Continuum, building on the groundbreaking network approach to organized crime proposed by Klaus von Lampe. Introduced in the first edition, Barker elaborates his continuum tool and makes it more multi-dimensional to help refine the definition of adult criminal gangs. The product of years of research, this book lays the groundwork for further study by offering students, police, and researchers the most thorough account available of outlaw motorcycle gangs.

Braddock Heights Harold J. Barend, 2012-06 You will laugh, cry, and wonder how it was possible. Braddock Heights is a compilation of stories and emotions. The author experienced life as a child and teen unlike most. When he was eight years old, his only friends were hobos and prostitutes. He battled the Catholic school system as a youth and learned on-the-job training in sex education. As a teen, he defied authority, walked the thin line between right and wrong, and challenged nature. Above it all, he loved life. While serving with the U.S. Army in Germany, he won two championships playing basketball, assisted in promoting German-American relations, traveled throughout Europe writing stories for U.S. military newspapers, and befriended a young penniless Mormon who was hitchhiking across Europe. Continuing his love for the game, Barend, at the age of seventy-three, still competes in basketball in state, national, and international tournaments. In 2006, 2007, 2010, and 2011, he was a member of a New York team that won the gold in the New York Empire Games. He is a cancer survivor.

Gangs and Organized Crime George W. Knox, Gregg Etter, Carter F. Smith, 2018-07-04 In *Gangs and Organized Crime*, George W. Knox, Gregg W. Etter, and Carter F. Smith offer an informed and carefully investigated examination of gangs and organized crime groups, covering street gangs, prison gangs, outlaw motorcycle gangs, and organized crime groups from every continent. The authors have spent decades investigating gangs as well as researching their history and activities, and this dual professional-academic perspective informs their analysis of gangs and crime groups. They take a multidisciplinary approach that combines criminal justice, public policy and administration, law, organizational behavior, sociology, psychology, and urban planning perspectives to provide insight into the actions and interactions of a variety of groups and their members. This textbook is ideal for criminal justice and sociology courses on gangs as well as related course topics like gang behavior, gang crime and the inner city, organized crime families, and transnational criminal groups. *Gangs and Organized Crime* is also an excellent addition to the professional's reference library or primer for the general reader. Treasures Found: Devotion Dell Anne Hines Afzal, 2013-05-23 The time is 1991, and the family has moved their matriarch from her treasured home of over five decades to small-town living USA. Two of the family's daughters have recovered lost items from their grandmother's attic lost for decades. The discovery leads the author on a journey to uncover their beginning—that of family. The treasures recovered that day will begin a journey back into time and offer a glimpse of a simpler and sweeter time and place. Travel back in time to meet two youngsters straight from the rural North Central Florida backwoods and witness their growth to adulthood, straight into a full and wonderful life of love, laughter, and devotion. The characters of these stories are true living characters of my own family and are much loved and respected. Witness a treasured letter from a successful businessman and much revered relative that contains a heartfelt thanks to a mentor. This letter would open the author's heart, mind, and soul to discover her beginnings. The stories contained herein are lessons for those descendants left and hope they will know from whence they came.

Silent Knights Alan E. Diehl, 2007

Sturgis Stories, 2002

Zodiac Knights 2000 Featuring Creatures of the Knights Potter Jr A., Isaac, Samuel J.

Potter, 2003-05-16 AURORA is a reality-based, fiction title that takes place in the late 1960's into the early '80's. The story follows Meggie, a head strong Jewish woman set in Maryland and Washington, D. C., in the shadow of the Viet Nam War through the conflicts in Central America. Meggie and her circle of friends, family and acquaintances, portray the tensions, social mores and activities familiar to all who were molded by the headlines, pressures and conflicts of the day. Meggie is sixteen years old, has long wavy blonde hair, aquamarine eyes, stands 5'6 tall, and weighs about 115 pounds. Her dad is a republican banker and her mom, a resentful ex-concert pianist. Not only did the teens of the era have the pressure of their peers to deal with they lived with the cloud of the Vietnam War, the nuclear bomb, and the vivid image of the assassination of their president. As if this weren't enough to bear at such a vulnerable age, this young woman also had the albatross of death to carry. This is a story of how love, friendships, relationships, history and events shaped and molded her life. It is the tale of a young woman who is determined, stubborn and strong-willed trying desperately to grow up. Anyone who grew up through the counter culture of the '60's will undoubtedly relate to this book as transitions are introduced through historic headlines, right up to the Central American conflict in the '80's. All who have a propensity for history will watch it in the making and witness it through the eyes of an innocent, though determined, young woman as they laugh and cry alternately. Nearly anyone who enjoys reading a good book, who has the desire to learn and understand will find AURORA difficult to put down once they have begun to read.

Nam Knights Introduction

In the digital age, access to information has become easier than ever before. The ability to download Nam Knights has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Nam Knights has opened up a world of possibilities. Downloading Nam Knights provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Nam Knights has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Nam Knights. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific

websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Nam Knights. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Nam Knights, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Nam Knights has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.
