Name Numerology I.B Opene,2014-01-01 This book is aimed at individuals who want a DIY approach to changing their names by applying the principles of Numerology. It can quickly become expensive to use the professional services of organizations like the Kabalarians to do this. However this manual will more than effectively guide you quickly through the understanding of the principles required to accurately apply the powerful and ancient art of numerology to choosing a balanced name for yourself, child or business entity. This a very important book aimed primarily at enabling you choose wisely when deciding on a new name. This is something not to be taken lightly especially when considering the power inherent in a name. You can even apply the techniques in this book for naming a new-born if you so desire. It is pertinent that you bestow yourself or your business with the name that not only will be suitable from a personality and temperament perspective but also based on what you are looking to achieve in the long term. The question is this; can a name be that powerful? Does it really matter in the grand scheme of things what we are called? Is it just superstition or new age thinking? What is in a name? We will discover in this volume the answers to these important questions and more. The answer is indeed a resounding yes! There is great power in a name! But how can this be? How does my name affect my life? The most important thing to understand about names is that they contain immense power and ability to influence the course of our lives for good or not so good. What you are called every day can determine in the long run the direction of your attitude and propensities. Come with me and we shall explore the magical and amazing power inherent in a name.

Name Numerology Noel Gumphrey,2014-11-21 In Western culture, Pythagoras (a Greek mathematician who lived from 569 BC to 470 BC) is considered to be the father of numerology. However, numerology actually pre-dated him and was not limited to the Greeks. People throughout all ages and in all parts of the world somehow understood that numbers are not just about counting or measuring. They sensed (as we still do today) that numbers have an inherent power in their patterns. Numerology is not magic. It won't give us the power to turn our enemies into frogs, convert base metals into gold, or fly through the air. However, it is a powerful tool that can help us gain a deeper understanding of ourselves and of the world around us. It is study of pattern and order, allowing us to see things with deeper insight. The more we become aware of the forces which influence our lives, the better we can navigate our way through the changing world around us. There are many different schools of numerological thought out there, but this book will focus on what's known as the Pythagorean system. Keep reading to discover how to unlock the potential power of your name, and the pitfalls you need to avoid any misinterpretation. Also, this book will help you measure your compatibility with that special someone, and explain how to avoid or

fix any problems that may arise between you based on your differences. Let's get started!

Numerology for Decoding Behavior Michael Brill,2011-06-23 Using numerology to reveal behavior patterns in order to work through them • Shows how to find anyone's personal challenges and greatest strengths • Presents simple numeric exercises that use the first vowel and first consonant of a name and the birth month and day • Reveals how this method of numerology can be applied by managers, educators, health professionals, sales people, and parents Numbers and letters are the blueprints of our lives. By studying the patterns they create--whether it's a name, an address, or a date--we can learn more about ourselves, others, and how to best interact with those around us. Providing simple numeric exercises that use only the first vowel and first consonant of a person's name and their birth month and day, Michael Brill shows how to identify anyone's reactive and proactive behavior patterns--along with their underlying causes--to prevent and resolve interpersonal issues as well as recognize and change our own negative personal tendencies. Combining numerology with psychology, he explains the connection between the first name and behavior at work, the middle name and social-emotional patterns in relationships, and the last name and family dynamics. Illustrating how this information can be applied by managers, educators, health professionals, sales people, and parents, he reveals how to find anyone's personal challenges and greatest strengths through their Achievement Number as well as how to use this number for a more accurate understanding of an individual's behavior patterns. Offering extensive examples, interpretations, and exercises, he reveals how recognizing these facets of our behavior is the first step to working through our negative patterns and effecting personal transformation.

Numerology Made Easy Michelle Buchanan,2018-09-25 An accessible, authoritative guide to numerology and how it can help you understand yourself and work with the energies each year ahead holds for you. Our date of birth and our name can say a lot about our life's purpose, and even help us make informed decisions for the future. The answers are easy to discover through numerology. Michelle Buchanan began studying numerology 27 years ago after her life was turned around by a reading she received. She now helps others transform their lives through the wisdom of this ancient system. In this book, she explains how numerology can provide insight into who we are, why we are here and where we are going. This book will help readers to: - Uncover their pre-chosen destiny and life purpose - Forecast and plan their future - Discover their strengths, challenges, life lessons, and potential - Choose a suitable career, relationship, and place of residence - Plan important life events such as a marriage, job change, house move or trip This title was previously published within the Hay House Basics series.

Numerology also includes a succinct, but detailed, worksheet for calculating and capturing all of the various personal numbers.

What is Numerology? Sonia Ducie,2016-12-27 Numerology - the science, psychology and philosophy of numbers - enables us to use our mind and intuition to observe, connect with and interpret the cycle of numbers governing all aspects of life (1 to 9). Each of these numbers has its own set of qualities and meanings that can influence us at different levels - physical, emotional, mental and spiritual - in order to really make the most of life. After an insightful introduction about why the subject of Numerology is so worth exploring and the benefits it can bring, each main chapter then addresses key questions such as: Where does Numerology come from and how does it work? What are the benefits of applying Numerology to our lives? Can Numerology give me more insight into my own, or others', character? Can Numerology influence my aspirations and decisions in life? And finally, how can Numerology help me to become more aware of the bigger picture in life and make a wider contribution to society? As such, this book brings readers on an expert but exploratory journey through the world of numerology, reminding us of the power of numbers to cross all barriers (language, social and cultural), reminding us of our common quest to live happier, more fulfilled lives, and providing a fast track to truth and change.

It's All in the Name Sharita Star,2010-12 It's All in the Name explains the concept of Lexigrams and the uncanny magic they can unfold for self-knowledge. The author begins by introducing simple words and taking the reader on a journey that shows how much we can find the truth we are searching for is contained within the words we use every day. After offering a few rules to guide the Lexigram process (and suggesting times to break those rules), she explains the interconnections among Lexigrams, astrology, and numerology. Sharita Star goes on to show how many of the Lexigrams that can be derived from names and titles relate to the very astrological and numerical guidance that governs them, providing historical evidence to show how this dynamic works. To do so, she offers references to zodiacal Sun signs and the Chaldean understanding of numerology. Moreover, Sharita provides numerous case studies of well-know individuals, past and present. It's All in the Name is a valuable tool for exploring the profound inner meanings of names and everyday words and for deepening one's intuitive capacity.

Simply Numerology Anne Christie,2005 This book, following systems that date back to the Greek mathematician Pythagoras and the Hebrew Kabala, explains how to work out your name, life, heart, karmic, and destiny numbers.
