Dark Transit Michael DiMercurio, 2021-12-14

Lieutenant Anthony Pacino reports aboard the “project boat” USS Vermont two years after having survived the catastrophic sinking of the Piranha. Pacino quickly learns that Vermont’s missions are all ultra-secret with the boat reporting only to the Sub Force commander, the National Security Advisor and the President: Vermont does the dirty deeds that need doing in deadly silence and obscurity. After Vermont misses the mark on an easy mission, there are questions asked about her ability to conduct the next mission, one that is vital to the security of the United States and the future of the submarine force. Vermont is tasked with stealing a revolutionary submarine that the Russians are testing with an Iranian crew because it’s too risky to use Russian sailors. It’s a high-stakes gamble for all involved, with the losers vanishing if things go wrong, the winners validating a world-changing technology. Pacino is part of the mission to steal the submarine, but the toughest obstacle is a wolf-pack of Russians coming to the defense of the Iranian submarine. Getting it back to the United States for evaluation becomes secondary to surviving an exchange of missiles and torpedoes in an underwater battle that threatens to let the final genie out of the bottle. *** “DiMercurio has used the last decade to refine his writing and produce the best naval thriller in decades. I couldn’t put it down.” Joseph Courtemanche, author of *Assault on Saint Agnes*.

Criminal Insurgents in Mexico and Latin America

Robert Bunker & John Sullivan, Editors, 2015-03-05
The 4th Small Wars Journal—El Centro anthology comes at a pivotal time, roughly a third of the way through the term, for the Enrique Peña Nieto administration in Mexico. The mass kidnapping and execution of 43 rural student teachers in Iguala, Guerrero in late September 2014 has only served to further highlight the corruptive effects of organized crime on the public institutions in that country. In addition, many other states in Latin America are now suffering at the hands of criminal insurgents who are threatening their citizens and challenging their sovereign rights. Dave Dilegge, SWJ Editor-in-Chief

Forensic Accounting and Fraud Examination Mary-Jo Kranacher, Richard Riley, 2023-12-19 The gold standard in textbooks on forensic accounting, fraud detection, and deterrence In the newly revised third edition of *Forensic Accounting and Fraud Examination*, a team of renowned educators provides students and professionals alike with a comprehensive introduction to forensic accounting, fraud detection, and deterrence. Adhering to the model curriculum for education in fraud and forensic accounting funded by the US National Institute of Justice, this leading textbook offers real-world practicality supported by effective learning pedagogies and engaging case studies that bring technical concepts to life. Covering every key step of the investigative process, *Forensic Accounting and Fraud Examination* contains 32 integrated IDEA and Tableau software cases that introduce students to the practical tools accounting professionals use to maximize auditing

and analytic capabilities, detect fraud, and comply with documentation requirements. Numerous case summaries, “The Fraudster’s Perspective” boxes, and detailed discussions of a wide range of accounting issues provide students and practitioners with the tools they’ll need to successfully investigate, prosecute, research, and resolve forensic accounting issues and financial fraud. The perfect resource for students of forensic accounting and fraud examination, as well as practitioners in the field, *Forensic Accounting and Fraud Examination, Third Edition*, will also prove invaluable for academics and researchers with an interest in the subject.

Sub Culture John Medhurst, 2022-08-29 A deep dive into the significance of submarines, across everything from warfare and politics to literature and film. *Sub Culture* explores the crucial role of the submarine in modern history, its contribution to scientific progress and maritime exploration, and how it has been portrayed in art, literature, fantasy, and film. Ranging from the American Civil War to the destruction of the Russian submarine *Kursk* in 2000, the book examines the submarine’s activities in the First and Second World Wars, the Cold War, and in covert operations and marine exploration to the present day. Citing the submarine, particularly the nuclear submarine, as both ultimate deterrent and doomsday weapon, *Sub Culture* examines how its portrayal in popular culture has reinforced, and occasionally undermined, the military and political agendas of the nation-states that deploy it.

Hearing on National Defense Authorization Act

Maritime Security Michael McNicholas, 2016-03-19
Maritime Security, 2e, provides practical, experience-based, and proven knowledge - and a how-to-guide - on maritime security. McNicholas explains in clear language how commercial seaports and vessels function; what threats currently exist; what security policies, procedures, systems, and measures must be implemented to mitigate these threats; and how to conduct ship and port security assessments and plans. Whether the problem is weapons of mass destruction or cargo theft, Maritime Security provides invaluable guidance for the professionals who protect our shipping and ports. New chapters focus on whole government maritime security, UN legal conventions and frameworks, transnational crime, and migration. Updates throughout will provide the latest information in increasingly important field. Provides an excellent introduction to issues facing this critical transportation channel
Three all-new chapters, and updated throughout to reflect changes in maritime security
Increased coverage of migration issues and transnational crime
New contributors bring legal security and cybersecurity issues to the fore

The Latin American Drug Trade Peter Chalk, 2011-05-04
Transnational crime remains a particularly serious problem in Latin America, with most issues connected to the drug trade.

There are several relevant roles that the U.S. Air Force can and should play in boosting Mexico's capacity to counter drug production and trafficking, as well as further honing and adjusting its wider counternarcotics effort in Latin America.

Pure Narco Jesse Fink, Luis Navia, 2021-11-11 For a quarter century, Luis Antonio Navia worked as a high-level cocaine transporter for all of the major Colombian and Mexican drug cartels, including Pablo Escobar's Medellín Cartel, and flooded the United States and Europe with cocaine before his dramatic arrest in Venezuela in 2000 during the 12-nation Operation Journey. The story of Navia's rise, fall, takedown, imprisonment, and redemption is expertly researched and told by acclaimed biographer Jesse Fink, who has gathered interviews with Navia, Navia's family, and a dozen law-enforcement agents in the United States and Great Britain from agencies such as the DEA, ICE and Her Majesty's Customs and Excise (now Her Majesty's Revenue and Customs). Told in vivid detail, this true crime story will captivate the reader from start to finish.

World Submarines H. Sutton, 2017-11-05 The essential guide to the world's submarines, this Covert Shores recognition guide has over 80 full color profiles profile drawings of the submarines in service with the world's navies. These include many submarines which are not widely known of, let alone covered in other books.* Original color illustrations* Silhouettes with Recognition notes* Specifications* History and descriptions* Large format, full color This book is ideal for serious

submarine enthusiasts and casual readers alike. If you, or those around you, have served aboard submarines then *World Submarines* will prove an invaluable reference book.

Militants, Criminals, and Warlords Vanda Felbab-Brown, Harold Trinkunas, Shadi Hamid, 2017-11-28

Conventional political theory holds that the sovereign state is the legitimate source of order and provider of public services in any society, whether democratic or not. But Hezbollah and ISIS in the Middle East, pirate clans in Africa, criminal gangs in South America, and militias in Southeast Asia are examples of nonstate actors that control local territory and render public services that the nation-state cannot or will not provide. This fascinating book takes the reader around the world to areas where national governance has broken down—or never really existed. In these places, the vacuum has been filled by local gangs, militias, and warlords, some with ideological or political agendas and others focused primarily on economic gain. Many of these actors have substantial popularity and support among local populations and have developed their own enduring institutions, often undermining the legitimacy of the national state. The authors show that the rest of the world has more than a passing interest in these situations, in part because transborder crime and terrorism often emerge but also because failed states threaten

international interests from trade to security. This book also poses, and offers answers for, the question: How should the international community respond to local orders dominated by armed nonstate actors? In many cases outsiders have taken the short-term route—accepting unsavory local actors out of expediency—but at the price of long-term instability or damage to human rights and other considerations. From Africa and the Middle East to Asia and Latin America, the local situations highlighted in this book are, and will remain, high on today's international agenda. The book makes a unique contribution to global understanding of how those situations developed and what can be done about them. This title is part of the Geopolitics in the 21st Century series.

Routledge Handbook of Maritime Security

Ruxandra-Laura Boşilcă, Susana Ferreira, Barry J. Ryan, 2022-07-25 This handbook offers a critical and substantial analysis of maritime security and documents the most pressing strategic, economic, socio-cultural and legal questions surrounding it. Written by leading international experts, this comprehensive volume presents a wide variety of theoretical positions on maritime security, detailing its achievements and outlining outstanding issues faced by those in the field. The book includes studies which cover the entire spectrum of activity along which maritime security is developing, including, piracy, cyber security, energy security, terrorism, narco-sub and illegal fishing. Demonstrating the transformative character and potential of the topic, the book is

divided into two parts. The first part exhibits a range of perspectives and new approaches to maritime security, and the second explores emerging developments in the practice of security at sea, as well as regional studies written by local maritime security experts. Taken together, these contributions provide a compelling account of the evolving maritime security environment, casting fresh light on theoretical and empirical aspects. The book will be of much interest to practitioners and students of maritime security, naval studies, security studies, maritime history, and International Relations in general.

Eagle Down Carl Bowen, 2013 Sergeant Edgar Brighton awakens to find an unfamiliar woman staring back at him. As the woman begins to blindfold him, Edgar realizes he's an Eagle Down behind enemy lines.

Official Summary of Security Transactions and Holdings Reported to the Securities and Exchange Commission Under the Securities Exchange Act of 1934 and the Public Utility Holding Company Act of 1935 , 1979

Official Summary of Security Transactions and Holdings Reported to the Securities and Exchange Commission Under the Securities Exchange Act of 1934 and the Public Utility Holding Company Act of 1935 United States. Securities and Exchange Commission, 1970

Chase for Cocaine's High at All Time Low Tommy Khoa Dang Lieu, Law enforcement around the world have put a strangle-hold on the cocaine industry. As a result, drastic changes in the potency and physical properties of the cocaine available in

the eastern Canadian market have occurred over the past 25+ years. Not only have there been changes to the drug itself, but these changes have also resulted in transformation of the behaviour of users and the areas of Toronto (and other major world cities) affected by cocaine trafficking and use. The bottom line? The cocaine available today is measurably less potent and of a far lesser quality than that available in the past. And this deterioration is only going to continue, as global trends suggest that it will be next to impossible to produce cocaine of the same potency as 25 years ago, particularly due to the success and progress of law enforcement across the globe. Tommy Khoa Dang Lieu chronicles his experiences in the cocaine and drug trade, weaving a compelling argument that combines lived experience with hard data to paint a picture of the decline of the once-lucrative cocaine industry.

Tony Scott Larry Taylor, 2019-01-17 Tony Scott got his start as a film director when he joined his brother at the lucrative commercial directing company Ridley Scott Associates. After directing Top Gun--his second film, which changed not only the trajectory of his own life but of the entire action-movie industry--Scott's career would be a roller coaster of blockbuster hits, personal films and confounding failures. With extensive research and original interviews with actors, cinematographers and writers, this book documents Tony Scott's larger-than-life persona from his early days to his untimely death, which left a hole in genre filmmaking yet to be filled.

The Rise of the Narcostate John P.

Sullivan,2018-08-30 This book is our sixth Small Wars Journal–El Centro anthology, covering writings published between 2016 and 2017. The theme of this anthology pertains to the rise of the narcostate (mafia states) as a result of the collusion between criminal organizations and political elites—essentially authoritarian regime members, corrupted plutocrats, and other powerful societal elements. The cover image of the mass demonstration concerning the disappearance of the forty-three Ayotzinapa Teachers’ College students held at Mexico City’s Zócalo Plaza in November 2014 provides an archetype of this anthology’s theme. This anthology includes the following special essays—Preface: “New Wars” and State Transformation by Robert Muggah, Igarapé Institute; Foreword: Crime and State-Making by Vanda Felbab-Brown, The Brookings Institution; Postscript: Crime, Drugs, Terror, and Money: Time for Hybrids by Alain Bauer, CNAM Paris; and Afterword: The Rise of the Oligarchs by Col. Robert Killebrew, US Army (Ret.). Dave Dilegge (SWJ, Editor-in-Chief)

Transnational Crime and Global Security [2 volumes] Philip L. Reichel,Ryan Randa,2018-01-12 This two-volume work offers a comprehensive examination of the distressing topics of transnational crime and the implications for global security. National security is a key concern for individual nations, regions, and the global community, yet globalism has led to the perfusion of transnational crime such that it now poses a serious threat to the national security of governments around the world. Whether attention is

concentrated on a particular type of transnational crime or on broader concerns of transnational crime generally, the security issues related to preventing and combatting transnational crime remain of top-priority concern for many governments. Transnational Crime and Global Security has been carefully curated to provide students, scholars, professionals, and consultants of criminal justice and security studies with comprehensive information about and in-depth analysis of contemporary issues in transnational crime and global security. The first volume covers such core topics as cybercrime, human trafficking, and money laundering and also contains infrequently covered but nevertheless important topics including environmental crime, the weaponization of infectious diseases, and outlaw motorcycle gangs. The second volume is unique in its coverage of security issues related to such topics as the return of foreign terrorist fighters, using big data to reinforce security, and how to focus efforts that encourage security cooperation.

Drug Subs: The Worldwide Invasion by the Narco-Submarine Fleet Robert Tucker Spalding, 2010-06-01
The United States and the rest of the world face the most sophisticated underwater threat by drug smugglers and terrorists by covert NARCO submarines and semi-submersibles. What was only the technological domain of the two major superpowers is now available to anyone with money and a desire to operate an export business of drugs or nuclear terror. Signal Mountain, TN (PRWEB) April 21, 2010 -- The newest privately

released book on the US market called, Drug Subs (www.drugsubs.com) will forever change readers' ideas about the safety net of the United States security. www.drugsubs.com According to DrugSubs.com, 30% of all the cocaine in the US worth \$21 billion dollars is smuggled in by fiberglass semi submersible fiberglass submarines manufactured deep in the jungles of Columbia. DrugSubs.com reports, North Korea is also supplying drug cartels in Columbia and rouge nations like Iran with deeper operating submarines for drug smuggling and terrorist's missions. The first terrorist nuclear weapon detonation on United States soil may actually be delivered by a North Korean built submarine or a Columbian built semi-submersible launched by an offshore commercial ship Dr. Robert Spalding, author of Drug Subs. DrugSubs.com informs the reader that the newly discovered secret fleet of narco submarines were for years nicknamed Big Foot by the US NAVY because no one in the military had ever seen one until 1997 when one was captured. The book, Drug Subs, written by Dr Robert Spalding is the first factual book in print that describes the history, the current manufacturing process and the future of the clandestine Narco Fleet that now sails world wide with near impunity. This 37,000 word book is pictorially documented with unique photos of this new underwater threat plaguing not only the United States but Europe, Africa and other countries as well. Drug Subs outlines how the next major terrorist attack may very well be by our less protected coastlines of the United States rather than by air attack. You can only get

Dr Spalding's books through his online store. Go to www.DrugSubs.com to order or request a signed copy of his book and read a chapter in this book as well as see other books written by Dr Spalding.

Right here, we have countless ebook **Narco Sub Hd 12** and collections to check out. We additionally meet the expense of variant types and with type of the books to browse. barrier for many individuals and organizations. Thankfully, there are numerous websites and platforms that allow users to download free PDF files legally. In this article, we will explore some of the best platforms to download free PDFs. One of the most popular platforms to download free PDF files is Project Gutenberg. This online library offers over 60,000 free eBooks that are in the public domain. From classic literature to

historical documents, Project Gutenberg provides a wide range of PDF files that can be downloaded and enjoyed on various devices. The website is user-friendly and allows users to search for specific titles or browse through different categories. Another reliable platform for downloading Narco Sub Hd 12 free PDF files is Open Library. With its vast collection of over 1 million eBooks, Open Library has something for

every reader. The website offers a seamless experience by providing options to borrow or download PDF files. Users simply need to create a free account to access this treasure trove of knowledge. Open Library also allows users to contribute by uploading and sharing their own PDF files, making it a collaborative platform for book enthusiasts. For those interested in academic resources, there are websites

dedicated to providing free PDFs of research papers and scientific articles. One such website is Academia.edu, which allows researchers and scholars to share their work with a global audience. Users can download PDF files of research papers, theses, and dissertations covering a wide range of subjects. Academia.edu also provides a platform for discussions and networking within the academic community. When it comes to downloading

Narco Sub Hd 12 free PDF files of magazines, brochures, and catalogs, Issuu is a popular choice. This digital publishing platform hosts a vast collection of publications from around the world. Users can search for specific titles or explore various categories and genres. Issuu offers a seamless reading experience with its user-friendly interface and allows users to download PDF files for offline reading. Apart from dedicated

platforms, search engines also play a crucial role in finding free PDF files. Google, for instance, has an advanced search feature that allows users to filter results by file type. By specifying the file type as "PDF," users can find websites that offer free PDF downloads on a specific topic. While downloading Narco Sub Hd 12 free PDF files is convenient, it's important to note that copyright laws must be respected. Always ensure that the PDF

files you download are legally available for free. Many authors and publishers voluntarily provide free PDF versions of their work, but its essential to be cautious and verify the authenticity of the source before downloading Narco Sub Hd 12. In conclusion, the internet offers numerous platforms and websites that allow users to download free PDF files legally. Whether its classic literature, research papers, or

magazines, there is something for everyone. The platforms mentioned in this article, such as Project Gutenberg, Open Library, Academia.edu, and Issuu, provide access to a vast collection of PDF files. However, users should always be cautious and verify the legality of the source before downloading Narco Sub Hd 12 any PDF files. With these platforms, the world of PDF downloads is just a click away.
